NOTICE OF ADMINISTRATIVE CLOSURE

DOCKET: 00-00523

IN RE: *Universal Service for Rural Areas - The Generic Docket*

DATE: June 13, 2012

On May 16, 2012, the Authority issued a notice requesting that interested parties file comments in this docket no later than June 1, 2012, regarding the potential closure of this docket. The notice states that upon review of the docket, it appears that after the majority of the panel's clarification of its September 1, 2004 Order at the October 11, 2004 Authority Conference, there are no further issues in this docket to resolve. In this docket, the majority decided that the interim rate for wireless transit traffic would be subject to a true-up once the rate for wireless traffic was determined in Docket No. 03-00585, *Petition for Arbitration of Cellco Partnership d/b/a Verizon Wireless*. Therefore, it would seem that any subsequent activity on these issues will occur in Docket No. 03-00585.

AT&T Tennessee filed comments on May 31, 2012 stating that it had no objection to this docket being closed. No other comments have been filed to date. Therefore, this docket is administratively closed.
