REQUEST: Indicate if the UNE has been included in a cost study submitted as part of TRA Docket Number 97-01262, *In Re: Petition of BellSouth Telecommunications Inc. To Convene A Contested Case To Establish "Permanent Prices" For Interconnection And Unbundled Network Elements.*

RESPONSE: The only Cost Elements BellSouth intended to file in this proceeding were those for which cost studies were not filed in TRA Docket 97-01262. Unfortunately, as stated in BST's Supplemental Filing, JH-1 (filed August 18, 2000) inadvertently reflects rates for 2-Wire ISDN Digital Grade Loop that are duplicative of rates addressed in Docket 97-01262. BellSouth has noted this element in Attachment 1, Item No. 1 hereto and respectfully requests that the Authority withdraw this element from consideration in this proceeding.

In addition, BellSouth realized that for certain other elements on JH-1, BellSouth inadvertently placed the recurring rate on the heading line as opposed to on the line with the element. Thus, BellSouth hereby files a revised page one of JH-1, as Attachment 1 to Item No. 2 hereto.
