Re: *Petition of Sprint Communications Company L.P. for Arbitration with  
BellSouth Telecommunications, Inc. Pursuant to Section 252(b) of the  
Telecommunications Act of 1996*  
Docket No. 00-00691

Dear Mr. Waddell:

At the request of the Staff, BellSouth is providing fourteen copies of the attached pages correcting typographical errors in the January 24, 2002 joint filing of the Interconnection Agreement between BellSouth and Sprint Communications:

Attachment 2 – Changed rate sheet labels from Exhibit B to Exhibit C

Attachment 3 – Section 6.6, changed Exhibit C to Exhibit A (see language in bold type)

Attachment 4 – Changed rate sheet labels from Exhibit D to Exhibit C

Copies are being provided to counsel for Sprint.

Very truly yours,

Guy M. Hicks

GMH:ch

## CERTIFICATE OF SERVICE

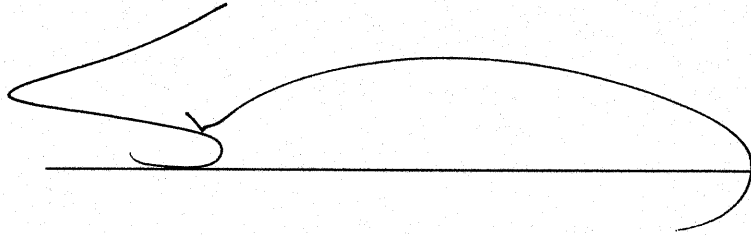

I hereby certify that on January 31, 2002, a copy of the foregoing document was served on the parties of record, via hand delivery or U.S. Mail, postage-prepaid, addressed as follows:

- ☐ Hand
- ☒ Mail
- ☐ Facsimile
- ☐ Overnight

James Wright, Esq.  
Sprint Communications  
14111 Capitol Blvd.  
Wake Forest, NC 27587

| NOTE: (1) Electronic Service Order: CLEC-1 should contact its contract negotiator if it prefers the state specific electronic service ordering charges as ordered by the State Commissions. The electronic service ordering charge currently contained in this rate exhibit is the BellSouth regional electronic service ordering charge. CLEC-1 may elect either the state specific Commission ordered rates for the electronic service ordering charges, or CLEC-1 may elect the regional electronic service ordering charge.                                                                                                    |                                                                           |             |             |        |           |              |       |                       |                                           |                                  |                     |                                                                          |                                                                          |                                                                               |                                                                                 |
| NOTE: (2) Any element that can be ordered electronically will be billed according to the SOMEK rate listed in this category. Please refer to BellSouth's Business Rules for Local Ordering (BBR-LO) to determine if a product can be ordered electronically. For those elements that cannot be ordered electronically at present per the BBR-LO, the listed SOMEK rate in this category reflects the charge that would be billed to a CLEC once electronic ordering capabilities come on-line for that element. Otherwise, the manual ordering charge, SOMAN, will be applied to a CLECs bill when it submits an LSR to BellSouth. |                                                                           |             |             |        |           |              |       |                       |                                           |                                  |                     |                                                                          |                                                                          |                                                                               |                                                                                 |

| Cost Based Rates are applied where BellSouth is required by FCC and/or State Commission rule to provide Unbundled Local Switching or Switch Ports.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |                                                                                                  |         |             |        |            |                          |                                     |       |                                           |                                                          |                                                               |                                                                 |
| Features shall apply to the Unbundled Port/Loop Combination - Cost Based Rate section in the same manner as they are applied to the Stand-Alone Unbundled Port section of this Rate Exhibit.                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |                                                                                                  |         |             |        |            |                          |                                     |       |                                           |                                                          |                                                               |                                                                 |
| End Office and Tandem Switching Usage and Common Transport Usage rates in the Port section of this rate exhibit shall apply to all combinations of loop/port network elements except for UNE Coin Port/Loop Combinations.                                                                                                                                                                                                                                                                                                                                                                                                                                                 |                                                                                                  |         |             |        |            |                          |                                     |       |                                           |                                                          |                                                               |                                                                 |
| For Georgia, Kentucky, Louisiana, Mississippi, South Carolina and Tennessee, the recurring UNE Port and Loop charges listed apply to Currently Combined and Not Currently Combined Combos. The first and additional Port nonrecurring charges apply to Not Currently Combined Combos for all states. In GA, KY, LA, MS, SC and TN these nonrecurring charges are commission ordered cost based rates and in AL, FL and NC these nonrecurring charges are Market Rates and are listed in the Market Rate section. For Currently Combined Combos in all other states, the nonrecurring charges shall be those identified in the Nonrecurring - Currently Combined sections. |                                                                                                  |         |             |        |            |                          |                                     |       |                                           |                                                          |                                                               |                                                                 |
| 2-WIRE VOICE GRADE LOOP WITH 2-WIRE LINE PORT (RES)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                                                                                                  |         |             |        |            |                          |                                     |       |                                           |                                                          |                                                               |                                                                 |

Lauderdale, Miami); GA (Atlanta); LA (New Orleans); NC (Greensboro-Winston Salem-Highpoint/Charlotte-Gastonia-Rock Hill); TN (Nashville).                                                                                                                                                                                                                                          |         |       |       |              |       |                         |       |                                  |                                                          |                                                          |                                                          |                                                          |       |            |       |
|                                          | BellSouth currently is developing the billing capability to mechanically bill the recurring and non-recurring Market Rates in this section except for nonrecurring charges for not currently combined in AL, FL, NC and SC. In the Interim where BellSouth cannot bill Market Rates, BellSouth shall bill the rates in the Cost-Based section preceding in lieu of the Market Rates and reserves the right to true-up the billing difference. |         |       |       |              |       |                         |       |                                  |                                                          |                                                          |                                                          |                                                          |       |            |       |
|                                          | The Market Rate for unbundled ports includes all available features in all states.                                                                                                                                                                                                                                                                                                                                                            |         |       |       |              |       |                         |       |                                  |                                                          |                                                          |                                                          |                                                          |       |            |       |
|                                          | End Office and Tandem Switching Usage and Common Transport Usage rates in the Port section of this rate exhibit shall apply to all combinations of loop/port network elements except for UNE Coin Port/Loop Combinations which have a flat rate usage charge (USOC: URECU).                                                                                                                                                                   |         |       |       |              |       |                         |       |                                  |                                                          |                                                          |                                                          |                                                          |       |            |       |
|                                          | For Not Currently Combined scenarios where Market Rates apply, the Nonrecurring charges are listed in the First and Additional NRC columns for each Port USOC. For Currently Combined scenarios, the Nonrecurring charges are listed in the NRC - Currently Combined section. Additional NRCs may apply also and are categorized accordingly.                                                                                                 |         |       |       |              |       |                         |       |                                  |                                                          |                                                          |                                                          |                                                          |       |            |       |

| <p>End Office and Tandem Switching Usage and Common Transport Usage rates in the Port section of this rate exhibit shall apply to all combinations of loop/port network elements except for UNE Coin Port/Loop Combinations. For Georgia, Kentucky, Louisiana, Mississippi, South Carolina and Tennessee, the recurring UNE Port and Loop charges listed apply to Currently Combined and Not Currently Combined Combos. The first and additional Port nonrecurring charges apply to Currently Combined Combos for all states. In GA, KY, LA, MS, SC and TN these nonrecurring charges are commission ordered cost based rates and in AL, FL and NC these nonrecurring charges are Market Rates and are listed in the Market Rate section. prior to the completion of the audit, and to the usage for the two quarters following the completion of the audit. If, as a result of an audit, either Party is found to have overstated the PLU, PLF and/or PIU by twenty percentage points (20%) or more, that Party shall reimburse the auditing Party for the cost of the audit.

6.6 Rate True-up

**This section applies only to BellSouth and Sprint CLEC for rates that are interim or expressly subject to true-up as marked by an I in Exhibit A of this Attachment.**

6.6.1 The interim prices for Unbundled Network Elements and Other Services and Local Interconnection shall be subject to true-up according to the following procedures:

6.6.2 The interim prices shall be trued-up, either up or down, based on final prices determined either by further agreement between the Parties, or by an effective order of the Commission. The Parties shall implement the true-up by comparing the actual volumes and demand for each item, together with interim prices for each item, with the final prices determined for each item. Each Party shall keep its own records upon which the true-up can be based, and any final payment from one Party to the other shall be in an amount agreed upon by the Parties based on such records. In the event of any disagreement as between the records or the Parties regarding the amount of such true-up, the Parties agree that the body having jurisdiction over the matter shall be called upon to resolve such differences, or the Parties may mutually agree to submit the matter to the Dispute Resolution process in accordance with the provisions of Section 14 of the General Terms and Conditions of this Agreement.

6.6.3 The Parties may continue to negotiate toward final prices, but in the event that no such agreement is reached within ninety (90) days or as mutually agreed to by the Parties, either Party may petition the Commission to resolve such disputes and to determine final prices for each item. Alternatively, upon mutual agreement, the Parties may submit the matter to the Dispute Resolution Process set forth in the General Terms and Conditions of the Agreement, so long as they file the resulting Agreement with the Commission as a "negotiated agreement" under Section 252(e) of the Act.

6.6.4 An effective order of the Commission that forms the basis of a true-up shall be based upon cost studies submitted by either or both Parties to the Commission and shall be binding upon BellSouth and Sprint specifically or upon all carriers generally, such as a generic cost proceeding.

6.7 Wireless Non-Local Traffic Interconnection
