Tori,

Can you put this response in Docket 00-00783? It came in April but somehow is not showing up in that docket. She attached our original data request as well, but we need her email in the docket. Access Point, Inc. is requesting cancellation, but we have to get this cleared up with Bell before we can put them on an agenda.

Thanks,
Lisa Foust
Utilities Division

Lisa – we received the attached data request and have confirmed that Access Point still has active accounts on the AT&T network. Details are below....

Access Point is still showing BANs in TN. One BAN of which is Resale and the other LWC.
