**Re: Docket 01-00090**

Dear Ms Dillon,

Since receiving our certificate, Dixie-Net has not been able to place equipment and market to customers in southern Tennessee as previously planned. Although we are having good success in Mississippi, we believe that it would be in our best interest to request that you cancel our certification in the State of Tennessee. At this time, we have no customers in Tennessee and have changed our short term focus to concentrate on North Mississippi. Thank you for your hospitality and professionalism in granting and hosting our certificate for the past few years. It has been a pleasure working with your staff as the regulatory environment has changed through the TRA and other law changing events.

Sincerely,

Jerry Windham  
President,  
Dixie-Net Communications
