Lisa – our team has just checked and there is still one working account – telephone number 423 472-5221 174. There are no pending orders.

Of course Momentum can issue a disconnect at any time.

Good Morning Ms. Sager,

Can you check and see if Momentum Telecom has any services from AT&T as of today? The last time we checked was the end of February and they had one customer. I think they are affiliated with ALEC, LLC, the company I inquired about yesterday. According to the filings we have in 98-00599 and 01-00379, ALEC, LLC was providing service to only one customer, which they say was Momentum. Now both companies are trying to cancel. Thank you for your assistance.

Lisa – this account is still live with an active customer. Per our account managers.....

The account, 423 472-5221-174, is still active and working. There are no disconnect orders pending on it right now.

Ms. Sager,

Can you check with your folks and see if this account has been discontinued now? The company is stating it should be gone by now. I'm trying to close out their CCN, but can't as long as they have active customers. Thanks for your help!

Good morning Lisa,

Unfortunately this account is still showing live on AT&T records. Comments from our interconnect team are below.....

The end user 423-472-5221-174 (AMERICAN PRODUCT GROUP) found under the SE AECN 5841 is still showing live.

Do you think you could get the PON order number and where they sent the disconnect request?

Ms. Sager,

I have spoken with Momentum about the one end user remaining as of the date of your letter (attached). As of today, Momentum states the end user is no longer being served. Can you verify that BellSouth/AT&T Tennessee is no longer providing resold or facilities based services to Momentum Telecom? Thank you in advance.
