Docket No. ~~01-00075~~ 01-00666

PETITION FOR APPROVAL OF THE
AMENDMENTS TO THE INTERCONNECTION AGREEMENT
NEGOTIATED BETWEEN BELL SOUTH TELECOMMUNICATIONS, INC.
AND ACCESS INTEGRATED NETWORKS, INC.
PURSUANT TO THE TELECOMMUNICATIONS ACT OF 1996

COME NOW, ACCESS Integrated Networks, Inc. ("ACCESS Integrated") and BellSouth Telecommunications, Inc., ("BellSouth"), and file this request for approval of the Amendments to the Interconnection Agreement dated February 17, 2000 (the "Amendments") negotiated between the two companies pursuant to Sections 251 and 252 of the Telecommunications Act of 1996, (the "Act"). In support of their request, ACCESS Integrated and BellSouth state the following:

1. ACCESS Integrated and BellSouth have successfully negotiated an agreement for interconnection of their networks, the unbundling of specific network elements offered by BellSouth and the resale of BellSouth's telecommunications services to ACCESS Integrated. The Interconnection Agreement was approved by the Tennessee Regulatory Authority ("TRA") on August 15, 2000.

2. The parties have negotiated Amendments to the Agreement. The first Amendment incorporates the Tennessee permanent rates ordered by the TRA; the second Amendment adds Unbundled Coin Port/Loop Combinations; the third Amendment adds 4-wire DS1 Loops; the fourth Amendment adds rates for Directory Assistance Access

Service Calls and the fifth Amendment adds LATAwide Local Calling. A copy of the Amendments is attached hereto and incorporated herein by reference.

3. Pursuant to Section 252(e) of the Telecommunications Act of 1996, ACCESS Integrated and BellSouth are submitting their Amendment to the TRA for its consideration and approval. The Amendments provide that either or both of the parties are authorized to submit the Amendments to the TRA for approval.

4. In accordance with Section 252(e) of the Act, the TRA is charged with approving or rejecting the negotiated Amendments between BellSouth and ACCESS Integrated within 90 days of its submission. The Act provides that the TRA may only reject such an agreement if it finds that the agreement or any portion of the agreement discriminates against a telecommunications carrier not a party to the agreement or the implementation of the agreement or any portion of the agreement is not consistent with the public interest, convenience and necessity.

5. ACCESS Integrated and BellSouth aver that the Amendments are consistent with the standards for approval.

6. Pursuant to Section 252(i) of the Act, BellSouth shall make the Agreement available upon the same terms and conditions contained therein.

ACCESS Integrated and BellSouth respectfully request that the TRA approve the Amendments negotiated between the parties.

This _____ day of _____, 2001.

Respectfully submitted,

BELLSOUTH TELECOMMUNICATIONS, INC.

**AMENDMENT
TO THE
INTERCONNECTION AGREEMENT BETWEEN
ACCESS INTEGRATED NETWORKS, INC.
AND
BELLSOUTH TELECOMMUNICATIONS, INC.
DATED FEBRUARY 17, 2000**

Pursuant to this Amendment, (the "Amendment"), ACCESS Integrated Networks, Inc. ("ACCESS Integrated") and BellSouth Telecommunications, Inc. ("BellSouth") hereinafter referred to collectively as the "Parties," hereby amend that certain Interconnection Agreement between the Parties dated February 17, 2000 (the "Interconnection Agreement").

WHEREAS, the Parties entered into an Interconnection Agreement on February 17, 2000; and;

WHEREAS, the Parties desire to amend that Interconnection Agreement.

NOW, THEREFORE, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby covenant and agree as follows:

1. Section 3.1.3 of Local Circuit Switching Capability, including Tandem Switching Capability in Attachment 2 of the Interconnection Agreement is hereby amended to incorporate terms and conditions for LATAwide Local Calling as follows:
 - 3.1.3.1 Unbundled Local Switching, together with Common Transport and, if necessary, Tandem Switching, provides to ACCESS Integrated local subscribers local calling and the ability to presubscribe to a primary carrier for intraLATA toll service and a primary carrier for interLATA toll service.
 - 3.1.3.2 Provided that ACCESS Integrated purchases unbundled local switching from BellSouth and uses the BellSouth CIC for its end users' LPIC or if a BellSouth local end user selects BellSouth as its LPIC, then the Parties will consider as local any calls originated by an ACCESS Integrated local end user, or originated by a BellSouth local end user and terminated to an ACCESS Integrated local end user, where such calls originate and terminate in the same LATA, except for those calls originated and terminated through switched access arrangements (i.e., calls that are transported by a party other than BellSouth). For such calls, BellSouth will charge ACCESS Integrated the UNE elements for the BellSouth facilities utilized. Neither Party shall bill the other originating or terminating switched access charges for such calls. Intercarrier compensation for local calls between BellSouth and ACCESS Integrated shall be as described in BellSouth's UNE Local Call Flows set forth on BellSouth's web site.
 - 3.1.3.3 Where ACCESS Integrated purchases unbundled local switching from BellSouth but does not use the BellSouth CIC for its end users' LPIC, BellSouth will consider as local those direct dialed telephone calls that originate from an ACCESS Integrated end user and terminate within the basic local calling area or within the extended local calling areas and that are dialed using 7 or 10 digits as defined and specified in Section A3 of BellSouth's General Subscriber Services Tariffs. For such local calls, BellSouth will charge ACCESS Integrated the UNE elements for the BellSouth facilities utilized. Intercarrier compensation for local calls between BellSouth and ACCESS Integrated shall be as described in BellSouth's UNE Local Call Flows set forth on BellSouth's web site.

- 3.1.3.4 For any calls that originate and terminate through switched access arrangements (i.e., calls that are transported by a party other than BellSouth), BellSouth shall bill ACCESS Integrated the UNE elements for the BellSouth facilities utilized. Each Party may bill the toll provider originating or terminating switched access charges, as appropriate.
- 3.1.3.5 Reverse billed toll calls, such as intraLATA 800 calls, calling card calls and third party billed calls, where BellSouth is the carrier shall also be considered as local calls and ACCESS Integrated shall not bill BellSouth originating or terminating switched access for such calls.
- 3.1.3.6 BellSouth shall assess retroactive charges for UNE transport and switching associated with using the BellSouth LPIC if a CLEC has been able to previously select BellSouth as the end user LPIC prior to the option allowing the selection of a BellSouth provided LATA-wide local calling area being offered.

2. This Amendment shall be effective as of the date of the last signature of both Parties.

3. All of the other provisions of the Agreement, dated February 17, 2000 shall remain in full force and effect.

4. Either or both of the Parties shall submit this Amendment to the appropriate Commission for approval subject to Section 252(e) of the Federal Telecommunications Act of 1996.

IN WITNESS WHEREOF, the Parties hereto have caused this Amendment to the Interconnection Agreement to be executed by their respective duly authorized representatives on the date indicated below.

9. The UNE Coin Port rate within this section includes all available features in GA, KY and TN.										
10. Rates within this section apply for "Currently Combined" (and "Not Currently Combined" as noted in GA) UNE Coin Port/Loop Combinations ordered by the CLEC within all MSAs of the states listed to serve end users with less than four (4) DSO equivalent lines; and for all MSAs of the states listed, except Orlando, Ft. Lauderdale, Miami, Atlanta, Greensboro-Winston Salem-Highpoint / Charlotte-Gastonia-Rock Hill, Nashville and New Orleans, to serve end users with four (4) or more DSO equivalent lines.										
11. As clarification, the term Dialing Parity refers to the BellSouth local calling plans that BellSouth must provide to comply with local dialing parity. The CLEC may request such a local calling scope with its UNE port/loop combination by selecting the appropriate USOC.										
12. There is not a unique UNE Coin Port/Loop Combination USOC. The service is ordered by submitting the UNE Coin Port USOC.										
13. Subsequent Activity is charged for service order activity after the line has been established as a UNE Combination. This charge is in addition to other applicable NRCs, such as OSS charges and installation charges.										
14. This Amendment contains Deaveraged Loop Rates by Zone. Until approximately December 31, 2000 or until such time that BellSouth billing systems have been developed to handle the new zone rate structure, BellSouth will bill at the Zone 1 Deaveraged Loop rate level only. After December 31, 2000 or such time that the billing systems have been developed to handle the new zone rate structure, BellSouth will begin billing pursuant to CLEC-1's interconnection agreement.										
15. In Georgia the UNE Coin Port Recurring Rates within this section will apply for "Currently Combined" as well as "Not Currently Combined" Port/Loop Combinations except for the Atlanta MSA if the CLEC is serving an end user with four or more DSO equivalent lines.										
16. The nonrecurring charges in this category apply to "Not Currently Combined" UNE Coin Port/Loop Combinations in GA only, except for the Atlanta MSA if the CLEC is serving an end user with four or more DSO equivalent lines.

17. The USOCs listed within this category will appear on the CLEC's bill with the charges listed but are not required on the Local Service Request (LSR) when ordering.
18. Rates within this section apply (1) if the CLEC is ordering a UNE Coin Port/loop Combination that is "Currently Combined" or "Not Currently Combined" to serve an end user with four or more DS0 equivalent lines in the Orlando, Ft. Lauderdale, Miami, Atlanta, Greensboro-Winston Salem-Highpoint / Charlotte-Gastonia-Rock Hill, Nashville or New Orleans MSAs or (2) if the CLEC is ordering a UNE Coin Port/loop Combination that is "Not Currently Combined" to serve an end user in any MSA in AL, FL, KY, LA, MS, NC, SC or TN.
19. The UNE Coin Port rate within this section includes all available features.
20. BellSouth currently is developing the billing capability to bill unbundled recurring port rates for this section 2.1.1. In the interim, BellSouth shall bill the recurring unbundled port rates listed in 1.1.1 of this Exhibit 1 and shall true-up the billing differences once the billing capability is developed.

Geographically Deaveraged UNE Zones and applicable rates have been established for certain services, as shown in this Agreement. Where Geographically Deaveraged UNE Zones and applicable rates are established, Statewide rates are obsolete. Further, BellSouth is in the process of enhancing its billing systems in order to accommodate this Geographically Deaveraged UNE Zone Rate Structure. Until these enhancements are accomplished, the UNE Zone 1 rate will be billed for all services residing in Zones 1, 2, 3 & 4, i.e., once billing enhancements are complete, all applicable UNE Zone rates reflected in this Agreement will be billed.
