RE: Docket # 02-00023 – Petition of On-Site Systems, Inc. to amend its Certificate of Convenience and Necessity – Bolton Landing

Dear Mr. Waddell:

The above-referenced petition was filed on January 7, 2002. We have since received the enclosed letter as regards the position of H.B. & T.S. Utility District as regards their position on providing sewer service to the area. I would appreciate it if you would attach the enclosed letter to the petition. Thank you for your help in this matter.

Sincerely,

RE: Sewer Service

Dear Mr. Pickney:

H.B. & T.S. Utility District only has water service in it's charter. The District did petition the Williamson County Executive, Clint Callicott, and the Williamson County Water and Wastewater Treatment Authority on September 13, 2001 for sewer to be added to it's services.

Public hearings were held on September 14, 2001 and September 28, 2001. At the conclusion of the hearing on September 28, 2001 the County Executive announced that he would render a decision in 30 days.

The District notified the County Executive January 28, 2002 that the District would withdraw it's petition by February 11, 2002 if it had received no positive response.

We have received no positive response.

Sincerely,

Henry W. Hall, Jr.
