In re: *Approval of the Amendments to the Interconnection Agreement Negotiated by BellSouth Telecommunications, Inc. and Network Telephone Corporation Pursuant to Sections 251 and 252 of the Telecommunications Act of 1996*

Docket No. ~~01-00696~~ 02-00390

PETITION FOR APPROVAL OF THE
AMENDMENTS TO THE INTERCONNECTION AGREEMENT
NEGOTIATED BETWEEN BELL SOUTH TELECOMMUNICATIONS, INC.
AND NETWORK TELEPHONE CORPORATION
PURSUANT TO THE TELECOMMUNICATIONS ACT OF 1996

COME NOW, Network Telephone Corporation ("Network Telephone") and BellSouth Telecommunications, Inc., ("BellSouth"), and file this request for approval of the Amendments to the Interconnection Agreement dated May 17, 2001 (the "Amendment") negotiated between the two companies pursuant to Sections 251 and 252 of the Telecommunications Act of 1996, (the "Act"). In support of their request, Network Telephone and BellSouth state the following:

1. Network Telephone and BellSouth have successfully negotiated an agreement for interconnection of their networks, the unbundling of specific network elements offered by BellSouth and the resale of BellSouth's telecommunications services to Network Telephone. The Interconnection Agreement was approved by the Tennessee Regulatory Authority ("TRA") on September 25, 2001.

2. The parties have recently negotiated two Amendments to the Agreement. The first Amendment relates to Loop/Port Combinations and the second Amendment relates to CLEC to CLEC conversions for Unbundled Loops. A copy of the Amendments is attached hereto and incorporated herein by reference.

3. Pursuant to Section 252(e) of the Telecommunications Act of 1996, Network Telephone and BellSouth are submitting their Amendments to the TRA for its consideration and approval. The Amendments provide that either or both of the parties are authorized to submit the Amendments to the TRA for approval.

4. In accordance with Section 252(e) of the Act, the TRA is charged with approving or rejecting the negotiated Amendments between BellSouth and Network Telephone within 90 days of its submission. The Act provides that the TRA may only reject such an agreement if it finds that the agreement or any portion of the agreement discriminates against a telecommunications carrier not a party to the agreement or the implementation of the agreement or any portion of the agreement is not consistent with the public interest, convenience and necessity.

5. Network Telephone and BellSouth aver that the Amendments are consistent with the standards for approval.

6. Pursuant to Section 252(i) of the Act, BellSouth shall make the Agreement available upon the same terms and conditions contained therein.

Network Telephone and BellSouth respectfully request that the TRA approve the Amendments negotiated between the parties.

This 4th day of April, 2002.

Respectfully submitted,

BELLSOUTH TELECOMMUNICATIONS, INC.
