Re: *Approval of the Amendment to the Interconnection Agreement Negotiated by BellSouth Telecommunications, Inc. and Business Telecom, Inc. Pursuant to Sections 251 and 252 of the Telecommunications Act of 1996.*
Docket No. ~~02-00504~~

02-00926

Dear Chairman Kyle:

Pursuant to Section 252(e) of the Telecommunications Act of 1996, Business Telecom, Inc. and BellSouth Telecommunications, Inc. are hereby submitting to the Tennessee Regulatory Authority the original and thirteen copies of the attached Petition for Approval of the Amendment to the Interconnection Agreement dated February 21, 2000. The Amendment adds new rates in Attachment 1, 2, 5 and 7; replaces Attachment 3 and removes the Volume and Term discount provisions from the Interconnection Agreement.

Thank you for your attention to this matter.

Sincerely yours,

Guy M. Hicks

Enclosure

In re: *Approval of the Amendment to the Interconnection Agreement Negotiated by BellSouth Telecommunications, Inc. and Business Telecom, Inc. Pursuant to Sections 251 and 252 of the Telecommunications Act of 1996*

Docket No. 02-00504

02-00920

PETITION FOR APPROVAL OF THE
AMENDMENT TO THE INTERCONNECTION AGREEMENT
NEGOTIATED BETWEEN BELL SOUTH TELECOMMUNICATIONS, INC.
AND BUSINESS TELECOM, INC.
PURSUANT TO THE TELECOMMUNICATIONS ACT OF 1996

COME NOW, Business Telecom, Inc. ("BTI") and BellSouth Telecommunications, Inc., ("BellSouth"), and file this request for approval of the Amendments to the Interconnection Agreement dated February 21, 2000 (the "Amendments") negotiated between the two companies pursuant to Sections 251 and 252 of the Telecommunications Act of 1996, (the "Act"). In support of their request, BTI and BellSouth state the following:

1. BTI and BellSouth have successfully negotiated an agreement for interconnection of their networks, the unbundling of specific network elements offered by BellSouth and the resale of BellSouth's telecommunications services to BTI. The Interconnection Agreement was approved by the Tennessee Regulatory Authority ("TRA") on August 15, 2000.

2. The parties have recently negotiated an Amendment to the Agreement. The Amendment adds new rates in Attachment 1, 2, 5, and 7; replaces Attachment 3 and removes the Volume and Term discount provisions from the Interconnection Agreement. A copy of the Amendment is attached hereto and incorporated herein by reference.

3. Pursuant to Section 252(e) of the Telecommunications Act of 1996, BTI and BellSouth are submitting their Amendment to the TRA for its consideration and approval. The

Amendment provides that either or both of the parties is authorized to submit these Amendments to the TRA for approval.

4. In accordance with Section 252(e) of the Act, the TRA is charged with approving or rejecting the negotiated Amendment between BellSouth and BTI within 90 days of its submission. The Act provides that the TRA may only reject such an agreement if it finds that the agreement or any portion of the agreement discriminates against a telecommunications carrier not a party to the agreement or the implementation of the agreement or any portion of the agreement is not consistent with the public interest, convenience and necessity.

5. BTI and BellSouth aver that the Amendment is consistent with the standards for approval.

6. Pursuant to Section 252(i) of the Act, BellSouth shall make the Agreement available upon the same terms and conditions contained therein.

BTI and BellSouth respectfully request that the TRA approve the Amendment negotiated between the parties.

This 27th day of August, 2002.

Respectfully submitted,

BELLSOUTH TELECOMMUNICATIONS, INC.

**AMENDMENT TO
INTERCONNECTION AGREEMENT BETWEEN
BELLSOUTH TELECOMMUNICATIONS, INC.**

**AND
BUSINESS TELECOM, INC.
DATED FEBRUARY 21, 2000**

This Amendment (the "Amendment") is made and entered into between BellSouth Telecommunications, Inc. ("BellSouth") a Georgia corporation, and Business Telecom, Inc. ("BTI, Inc."), a North Carolina corporation, Business Telecom, Inc. ("BTI"), a North Carolina corporation, Business Telecom, Inc. d/b/a BTI, a North Carolina corporation and BTI Telecommunications, Inc. ("BTI"), a North Carolina corporation, all hereinafter referred to as ("BTI").

WHEREAS, The Parties desire to amend that certain Interconnection Agreement (Agreement) between BellSouth and BTI dated February 21, 2000 (the "Interconnection Agreement"), in part, to incorporate the UNE rates ordered by the Florida Public Service Commission in Docket No. 990649-TP, the UNE rates ordered by the Mississippi Public Service Commission in Docket No. 00-UA-999, the UNE rates ordered by the Louisiana Public Service Commission in Docket no. U-24714; the UNE rates ordered by the Kentucky Public Service Commission in Administrative Case No. 382 Order dated 12/18/2001; the UNE rates ordered by the South Carolina Public Service Commission in Docket no. 2001-65-C - Order No. 2001-1089 Order dated 11/30/2001, the UNE rates ordered by the Tennessee Regulatory Agency in Docket no. 97-01262, and the UNE rates ordered by the North Carolina Utilities Commission in Docket no. P100, sub 133d.

WHEREAS, the Parties desire to amend the Agreement to replace Attachment 3 - Local Interconnection compensation rates, and

WHEREAS, the Parties desire to amend the Agreement to incorporate new UNE Combinations, CLEC to CLEC conversion, and Unbundled Remote Call Forwarding changes to Attachment 2 - UNEs, and

WHEREAS, the Parties desire to amend the Agreement to remove from the Agreement the Volume and Term Agreement contained in the Amendment dated June 5, 2001 in its entirety,

NOW THEREFORE, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, BellSouth and BTI hereby covenant and agree as follows:

1. The rate elements and corresponding rates for Florida, North Carolina, Mississippi, Louisiana, Kentucky, South Carolina, and Tennessee in Attachments 1, 2, 5 and 7 of the Agreement are hereby deleted and replaced in their entirety with the rate elements and corresponding rates set forth in Exhibit 1 attached hereto and incorporated herein by this reference.

2. Section 6.1 of Attachment 3 of the Agreement is modified to include a new Section 6.1.1.1, as set forth in Exhibit 2 attached hereto and incorporated herein by this reference. Section 6.1.2 of Attachment 3 is hereby deleted in its entirety and replaced with a new 6.1.2.1 and - 6.1.2.2 as set forth in Exhibit 2 attached hereto and incorporated herein by this reference. Additionally, the rate elements and rates in Exhibit A to Attachment 3 of the

Agreement are hereby deleted and replaced in their entirety with the rate elements and rates in Exhibit 2 attached hereto and incorporated herein by this reference. Notwithstanding the effective date of this Amendment, the terms, conditions and rates described in Exhibit 2 hereto shall be deemed effective as of October 23, 2001.

3. Attachment 2-Section 5-Unbundled Network Element Combinations of the Agreement is hereby amended to add a new subsection 5.3.2.1 attached hereto in Exhibit 3 and incorporated herein by this reference.

4. Attachment 2-Exhibit B Rates is amended to replace the Unbundled Network Element Combination rates in Alabama, and Georgia in their entirety and replace with new Unbundled Network Element Combination rates, incorporated herein by reference as Exhibit 3 to this Amendment and incorporated herein by this reference

5. Attachment 2-Section 2.1-Unbundled Loops of the Agreement is hereby amended to include a new Section 2.1.23 CLEC to CLEC Conversions, attached hereto in Exhibit 4 and incorporated herein by this reference.

6. Attachment 2-Exhibit B Rates is amended to add the CLEC to CLEC Conversions rates in Alabama, and Georgia and incorporated herein by reference as Exhibit 4 to this Amendment and incorporated herein by this reference

7. Attachment 2-Section 4.1.3 Local Circuit Switching of the Agreement is hereby amended to include a new Section 4.1.3.9 Remote Call Forwarding, attached hereto in Exhibit 5 and incorporated herein by this reference.

8. Attachment 2-Exhibit B Rates is amended to add Unbundled Remote Call Forwarding Service rates, incorporated herein by reference as Exhibit 5 to this Amendment and incorporated herein by this reference

9. Attachment 1A Volume and Term agreement contained in the Amendment dated June 5, 2001 is removed from the Agreement in it's entirety and terminated pursuant to BTI's letter of January 11, 2002 effective March 2, 2002.

10. The Parties agree that all of the other provisions of the Interconnection Agreement, dated February 21, 2000, shall remain in full force and effect.

11. The Parties further agree that either or both of the Parties is authorized to submit this Amendment to the appropriate regulatory bodies having jurisdiction over the subject matter of this Amendment, for approval subject to Section 252(e) of the federal Telecommunications Act of 1996.

Except as otherwise noted herein, this Amendment shall be deemed effective thirty (30) calendar days following the date of the last signature of both Parties ("Effective Date").

IN WITNESS WHEREOF, the parties hereto have caused this Amendment to be executed by their respective duly authorized representatives on the data indicated below.

The "Zone" shown in the sections for stand-alone loops or loops as part of a combination refers to Geographically Deaveraged UNE Zones. To view Geographically Deaveraged UNE Zone Designations by Central Office, refer to Internet Website: http://www.interconnection.bellsouth.com/become_a_deaf/interconnection.htm													
OPERATIONAL SUPPORT SYSTEMS													
NOTE: (1) Electronic Service Order: CLEC should contact its contract negotiator if it prefers the state specific electronic service ordering charges as ordered by the State Commissions. The electronic service ordering charge currently contained in this rate exhibit is the BellSouth regional electronic service ordering charge. CLEC may elect either the state specific Commission ordered rates for the electronic service ordering charges, or CLEC may elect the regional electronic service ordering charge.													
NOTE: (2) Any element that can be ordered electronically will be billed according to the SOMECC rate listed in this category. Please refer to BellSouth's Business Rules for Local Ordering (BBR-LO) to determine if a product can be ordered electronically. For those elements that cannot be ordered electronically at present per the BBR-LO, the listed SOMECC rate in this category reflects the charge that would be billed to a CLEC once electronic ordering capabilities come on-line for that element. Otherwise, the manual ordering charge, SOMAN, will be applied to a CLEC's bill when it submits an LSR to BellSouth.

	Common Transport - Facilities Termination Per MOU					0.0004372										
	UNBUNDLED PORT/LOOP COMBINATIONS - COST BASED RATES															
	Cost Based Rates are applied where BellSouth is required by FCC and/or State Commission rule to provide Unbundled Local Switching or Switch Ports.															
	Features shall apply to the Unbundled Port/Loop Combination - Cost Based Rate section in the same manner as they are applied to all combinations of loop/port network elements except for UNE Coin Port/Loop Combinations.															
	End Office and Tandem Switching Usage and Common Transport Usage rates in the Port section of this rate exhibit shall apply to all combinations of loop/port network elements except for UNE Coin Port/Loop Combinations.															
	For Georgia, Kentucky, Louisiana, Mississippi, South Carolina and Tennessee, the recurring UNE Port and Loop charges listed apply to Currently Combined Combs. The first and additional Port nonrecurring charges apply to Not Currently Combined Combs for all states. In GA, KY, LA, MS, SC and TN these nonrecurring charges are Commission ordered cost based rates and in AL, FL, and NC these nonrecurring charges are Market Rates and are also listed in the Market Rate section.															
	For Currently Combined Combs in all other states, the nonrecurring charges shall be those identified in the Nonrecurring - Currently Combined sections.

	UNBUNDLED PORT LOOP COMBINATIONS - MARKET RATES									
	Market Rates shall apply where BellSouth is not required to provide unbundled local switching or switch ports per FCC and/or State Commission rules.									
	These scenarios include:									
	1. Unbundled port/loop combinations that are Not Currently Combined in Alabama, Florida and North Carolina.									
	2. Unbundled port/loop combinations that are Currently Combined or Not Currently Combined in Zone 1 of the Top 8 MSAs in BellSouth's region for end users with 4 or more DSO equivalent lines.									
	The Top 8 MSAs in BellSouth's region are: FL (Orlando, Ft. Lauderdale, Miami); GA (Atlanta); LA (New Orleans); NC (Greensboro-Winston Salem-Highpoint-Charlotte-Gastonia-Rock Hill); TN (Nashville).									
	BellSouth currently is developing the billing capability to mechanically bill the recurring and non-recurring Market Rates in this section except for nonrecurring charges for not currently combined in AL, FL and NC. In the interim where BellSouth cannot bill									
	Market Rates, BellSouth shall bill the rates in the Cost-based section preceding in lieu of the Market Rates and reserves the right to true-up the billing difference.									
	The Market Rate for unbundled ports includes all available features in all states.									
	End Office and Tandem Switching Usage and Common Transport Usage rates in the Port section of this rate exhibit shall apply to all combinations of loop/port network elements except for UNE Coin Port/Loop Combinations which have a flat rate usage charge									
	(USOC: UNEPCU).									
	For Not Currently Combined scenarios where Market Rates apply, the Nonrecurring charges are listed in the First and Additional NRC columns for each Port USOC. For Currently Combined scenarios, the Nonrecurring charges are listed in the NRC - Currently									
	Combined section. Additional NRCs may apply also and are categorized accordingly.

	Line Side Inward Only Channelized PBX Trunk Port without DID																
	2-Wire Trunk Side Unbundled Channelized DID Trunk Port																
	Feature Activations - Unbundled Loop Concentration																
	Feature (Service) Activation for each Line Side Port Terminated in D4 Bank																
	Feature (Service) Activation for each Trunk Side Port Terminated in D4 Bank																
	Telephone Number Group Establishment Charges for DID Service																
	DID Trunk Termination (1 per Port)																
	Establish Trk Gap and Provide 1st 20 DID Nos. (FL, GA, NC, & SC)																
	DID Numbers - groups of 20 - Valid all States																
	Non-Consecutive DID Numbers - per number																
	Reserve Non-Consecutive DID Numbers																
	Reserve DID Numbers																
	Local Number Portability																
	Local Number Portability - 1 per port																
	FEATURES - Vertical and Optional																
	Local Switching Features Offered with Line Side Ports Only																
	All Features Available																
UNBUNDLED CENTREX PORT/LOOP COMBINATIONS - COST BASED RATES																	
1. Cost Based Rates are applied where BellSouth is required by FCC and/or State Commission rule to provide Unbundled Local Switching or Switch Ports.																	
2. Features shall apply to the Unbundled Port/Loop Combination - Cost Based Rate section in the same manner as they are applied to the Stand-Alone Unbundled Port section of this Rate Exhibit.																	
3. End Office and Tandem Switching Usage and Common Transport Usage rates in the Port section of this rate exhibit shall apply to all combinations of loop/port network elements except for UNE Coin Port/Loop Combinations. For Georgia, Kentucky, Louisiana, Mississippi and Tennessee, the recurring UNE Port and Loop charges listed apply to Currently Combined and Not Currently Combined Combs. The first and additional Port nonrecurring charges apply to Not Currently Combined Combs for all states. In GA, KY, LA, MS and TN these nonrecurring charges are commission ordered cost based rates and in AL, FL, NC and SC these nonrecurring charges are Market Rates and are listed in the Market Rate section. For Currently Combined Combs in all other states, the nonrecurring charges shall be those identified in the Nonrecurring - Currently Combined sections.																	
5. Market Rates for Unbundled Centrex Port/Loop Combination will be negotiated on an individual Case Basis, until further notice.

The "Zone" shown in the sections for stand-alone loops or loops as part of a combination refers to Geographically Deaveraged UNE Zones. To view Geographically Deaveraged UNE Zone Designations by Central Office, refer to Internet Website: http://www.interconnection.bellsouth.com/bcs_a_cleclink/interconnection.htm													
OPERATIONAL SUPPORT SYSTEMS													
NOTE: (1) Electronic Service Order: CLEC should contact its contract negotiator if it prefers the state specific electronic service ordering charges as ordered by the State Commissions. The electronic service ordering charge currently contained in this rate exhibit is the BellSouth regional electronic service ordering charge. CLEC may elect either the state specific Commission ordered rates for the electronic service ordering charges, or CLEC may elect the regional electronic service ordering charge.													
NOTE: (2) Any element that can be ordered electronically will be billed according to the SOMECS rate listed in this category. Please refer to BellSouth's Business Rules for Local Ordering (BBLR-LO) to determine if a product can be ordered electronically. For those elements that cannot be ordered electronically at present per the BBLR-LO, the listed SOMECS rate in this category reflects the charge that would be billed to a CLEC once electronic ordering capabilities come on-line for that element. Otherwise, the manual ordering charge, SOMAN, will be applied to a CLEC's bill when it submits an LSR to BellSouth.													
	Manual Service Order Charge, per LSR, submitted via BST's OSS			SOMAN			0.89						
	Electronic OSS Charge, per LSR, submitted via BST's OSS			SOMECS		3.50							
	Interactive Interfaces (Regional)												
	UNE Service Data Advancement Charge (a.k.a.) UNE Expedite Charge												
	NOTE: The Expedite charge will be maintained commensurate with BellSouth's FCC No. 1 Tariff, Section 5 as applicable.												
	Per Circuit or Line Assignable USOC, Per Day			SDASP		200.00

	Common Transport																
	Common Transport - Per Mile, Per MOU																
	Common Transport - Facilities Termination Per MOU																
	UNBUNDLED PORT/LOOP COMBINATIONS - COST BASED RATES																
	Cost Based Rates are applied where BellSouth is required by FCC and/or State Commission rule to provide Unbundled Local Switching or Switch Ports.																
	Features shall apply to the Unbundled Port/Loop Combination - Cost Based Rate section in the same manner as they are applied to the Stand-Alone Unbundled Port section of this Rate Exhibit.																
	Features shall apply to the Unbundled Port/Loop Combination - Cost Based Rate section in the same manner as they are applied to the Stand-Alone Unbundled Port section of this Rate Exhibit.																
	End Office and Tandem Switching Usage and Common Transport Usage rates in the Port section of this rate exhibit shall apply to all combinations of loop/port network elements except for UNE Coin Port/Loop Combinations.																
	For Georgia, Kentucky, Louisiana, Mississippi, Tennessee, the recurring UNE Port and Loop charges listed apply to currently combined and Not Currently Combined Combs. The first and additional Port nonrecurring charges apply to Not Currently Combined Combs for all states. In GA, KY, LA, MS, SC and TN these nonrecurring charges are commission ordered cost based rates and in AL, FL and NC these nonrecurring charges are Market Rates and are also listed in the Market Rate section.																
	For Currently Combined Combs in all other states, the nonrecurring charges shall be those identified in the Nonrecurring - Currently Combined sections.

	Market Rates shall apply where BellSouth is not required to provide unbundled local switching or switch ports per FCC and/or State Commission rules.												
	Market Rates shall apply where BellSouth is not required to provide unbundled local switching or switch ports per FCC and/or State Commission rules.												
	These scenarios include:												
	1. Unbundled port/loop combinations that are Not Currently Combined in Alabama, Florida and North Carolina.												
	2. Unbundled port/loop combinations that are Currently Combined or Not Currently Combined in Zone 1 of the Top 8 MSAs in BellSouth's region for end users with 4 or more DS0 equivalent lines.												
	The Top 8 MSAs in BellSouth's region are: FL (Orlando, Ft. Lauderdale, Miami); GA (Atlanta); LA (New Orleans); NC (Greensboro-Winston Salem-Highpoint/Charlotte-Gastonia-Rock Hill); TN (Nashville).												
	BellSouth currently is developing the billing capability to mechanically bill the recurring and non-recurring Market Rates in this section except for nonrecurring charges for not currently combined in AL, FL and NC. In the interim where BellSouth cannot bill												
	Market Rates, BellSouth shall bill the rates in the Cost-Based section preceding in lieu of the Market Rates and reserves the right to true-up the billing difference.												
	The Market Rate for unbundled ports includes all available features in all states.												
	End Office and Tandem Switching Usage and Common Transport Usage rates in the Port section of this rate exhibit shall apply to all combinations of loop/port network elements except for UNE Coin Port/Loop Combinations which have a flat rate usage charge												
	(USOC: URECU).												
	For Not Currently Combined scenarios where Market Rates apply, the Nonrecurring charges are listed in the First and Additional NRC columns for each Port USOC. For Currently Combined scenarios, the Nonrecurring charges are listed in the NRC - Currently												
	Combined section. Additional NRCs may apply also and are categorized accordingly.												
	Non-Recurring Charges (NRC) Associated with 4-Wire DS1 Loop with Channelization with Port - Conversion Charge Based on a System												
	A Minimum System configuration is One (1) DS1, One (1) D4 Channel Bank, and Up To 24 DS0 Ports with Feature Activations.												
	Multiples of this configuration functioning as one are considered Add'l after the minimum system configuration is counted.												
	UNBUNDLED CENTREX PORT/LOOP COMBINATIONS - COST BASED RATES

	The "Zone" shown in the sections for stand-alone loops or loops as part of a combination refers to Geographically Deaveraged UNE Zones. To view Geographically Deaveraged UNE Zones, refer to Internet Website.							First	Add'l				
	http://www.interconnection.bellsouth.com/become_a_client/interconnection.htm												
	OPERATIONAL SUPPORT SYSTEMS												
	NOTE: (1) Electronic Service Order: CLEC should contact its contract negotiator if it prefers the state specific electronic service ordering charges as ordered by the State Commissions. The electronic service ordering charge currently contained in this rate exhibit is the BellSouth regional electronic service ordering charge. CLEC may elect either the state specific Commission ordered rates for the electronic service ordering charges, or CLEC may elect the regional electronic service ordering charge.												
	NOTE: (2) Any element that can be ordered electronically will be billed according to the SOMEC rate listed in this category. Please refer to BellSouth's Business Rules for Local Ordering (BBR-LO) to determine if a product can be ordered electronically. For those elements that cannot be ordered electronically at present per the BBR-LO, the listed SOMEC rate in this category reflects the charge that would be billed to a CLEC once electronic ordering capabilities come on-line for that element. Otherwise, the manual ordering charge, SOMAN, will be applied to a CLEC's bill when it submits an LSR to BellSouth.												
	Electronic OSS Charge, per LSR, submitted via BSI's OSS												
	Interactive Interfaces (Regional)												
	UNE Service Date Advancement Charge (a.k.a.) UNE Expedite Charge												
	NOTE: The Expedite charge will be maintained commensurate with BellSouth's FCC No.1 Tariff, Section 5 as applicable.

UNBUNDLED PORT/LOOP COMBINATIONS - COST BASED RATES																		
Cost Based Rates are applied where BellSouth is required by FCC and/or State Commission rule to provide Unbundled Local Switching or Switch Ports.																		
Features shall apply to the Unbundled Port/Loop Combination - Cost Based Rate section in the same manner as they are applied to the Stand-Alone Unbundled Port section of this Rate Exhibit.																		
End Office and Tandem Switching Usage and Common Transport Usage rates in the Port section of this rate exhibit shall apply to all combinations of loop/port network elements except for UNE Coin Port/Loop Combinations.																		

CATEGORY	RATE ELEMENTS	Interim	Zone	BCS	USOC	RATES(\$)				Attachment: 2		Exhibit: B	
						Nonrecurring	First	Add'l	Nonrecurring Disconnect	Svc Order Submitted Elec per LSR	Svc Order Submitted Manually per LSR	Incremental Charge - Manual Svc Order vs. Electronic- Disc 1st	Incremental Charge - Manual Svc Order vs. Electronic- Disc Add'l
	For Georgia, Kentucky, Louisiana, Mississippi, South Carolina and Tennessee, the recurring UNE Port and Loop charges listed apply to Currently Combined and Not Currently Combined Combs. The first and additional Port nonrecurring charges apply to Not Currently Combined Combs in all other states, the nonrecurring charges shall be those identified in the Nonrecurring - Currently Combined sections.

	UNBUNDLED PORT LOOP COMBINATIONS - MARKET RATES															Incremental Charge - Manual Svc Order vs. Electronic-Disc 1st
	Market Rates shall apply where BellSouth is not required to provide unbundled local switching or switch ports per FCC and/or State Commission rules.															Incremental Charge - Manual Svc Order vs. Electronic-Disc 1st
	These scenarios include:															Incremental Charge - Manual Svc Order vs. Electronic-Disc 1st
	1. Unbundled port/loop combinations that are Not Currently Combined in Alabama, Florida and North Carolina.															Incremental Charge - Manual Svc Order vs. Electronic-Disc 1st
	2. Unbundled port/loop combinations that are Currently Combined or Not Currently Combined in Zone 1 of the Top 8 MSAs in BellSouth's region for and users with 4 or more DSO equivalent lines.															Incremental Charge - Manual Svc Order vs. Electronic-Disc 1st
	The Top 8 MSAs in BellSouth's region are: FL (Orlando, Ft. Lauderdale, Miami); GA (Atlanta); LA (New Orleans); NC (Greensboro-Winston-Salem-Highpoint-Charlotte-Gastonia-Rock Hill); TN (Nashville).															Incremental Charge - Manual Svc Order vs. Electronic-Disc 1st
	BellSouth currently is developing the billing capability to mechanically bill the recurring and non-recurring Market Rates in this section except for non-recurring charges for not currently combined in AL, FL and NC. In the interim where BellSouth cannot bill															Incremental Charge - Manual Svc Order vs. Electronic-Disc 1st
	Market Rates, BellSouth shall bill the rates in the Cost-Based section preceding in lieu of the Market Rates and reserves the right to true-up the billing difference.															Incremental Charge - Manual Svc Order vs. Electronic-Disc 1st
	The Market Rate for unbundled ports includes all available features in all states.															Incremental Charge - Manual Svc Order vs. Electronic-Disc 1st

	FEATURES - Vertical and Optional												
	Local Switching Features Offered with Line Side Ports Only												
	All Features Available												
	Market Rates shall apply where BellSouth is not required to provide unbundled local switching or switch ports per FCC and/or State Commission rules.												
	These scenarios include:												
	1. Unbundled port/loop combinations that are Not Currently Combined in Alabama, Florida and North Carolina.												
	2. Unbundled port/loop combinations that are Currently Combined or Not Currently Combined in Zone 1 of the Top 3 MSAs in BellSouth's region for end users with 4 or more DS0 equivalent lines.												
	The Top 3 MSAs in BellSouth's region are: FL (Orlando, Ft. Lauderdale, Miami); GA (Atlanta); NC (Greensboro-Winston Salem-Highpoint/Charlotte-Gastonia-Rock Hill); TN (Nashville).												
	BellSouth currently is developing the billing capability to mechanically bill the recurring and non-recurring Market Rates in this section except for non-recurring charges for not currently combined in AL, FL and NC. In the interim where BellSouth cannot bill Market Rates, BellSouth shall bill the rates in the Cost-Based section preceding in lieu of the Market Rates and reserves the right to true-up the billing difference.												
	The Market Rates for unbundled ports includes all available features in all states.												
	End Office and Tandem Switching Usage and Common Transport Usage rates in the Port section of this rate exhibit shall apply to all combinations of loop/port network elements except for UNE Coin Port/Loop Combinations which have a flat rate usage charge (USOC - URECI).												
	For Not Currently Combined scenarios where Market Rates apply, the Nonrecurring charges are listed in the First and Additional NRC columns for each Port USOC. For Currently Combined scenarios, the Nonrecurring charges are listed in the NRC - Currently Combined section. Additional NRCs may apply also and are categorized accordingly.												
	ADDITIONAL NRCs												
	UNBUNDLED PORT/LOOP COMBINATIONS - MARKET BASED RATES												
	UNE DS1 Loop												
	Non-Recurring Charges (NRC) Associated with 4-Wire DS1 Loop with Channelization with Port - Conversion Charge Based on a System												
	A Minimum System Configuration is One (1) DS1, One (1) D4 Channel Bank, and Up To 24 DS0 Ports with Feature Activations.												
	Multiple of this configuration functioning as one are considered Adt'l after the minimum system configuration is counted.												
	UNBUNDLED CENTREX PORT/LOOP COMBINATIONS - COST BASED RATES												
	1. Cost Based Rates are applied where BellSouth is required by FCC and/or State Commission rule to provide Unbundled Local Switching or Switch Ports.												
	2. Features shall apply to the Unbundled Port/Loop Combination - Cost Based Rate section in the same manner as they are applied to the Stand-Alone Unbundled Port section of this Rate Exhibit.												
	3. End Office and Tandem Switching Usage and Common Transport Usage rates in the Port section of this rate exhibit shall apply to all combinations of loop/port network elements except for UNE Coin Port/Loop Combinations.												
	For Georgia, Kentucky, Louisiana, Mississippi and Tennessee, the recurring UNE Port and Loop charges listed apply to Currently Combined and Not Currently Combined Combos. The first and additional Port nonrecurring charges apply to Not Currently Combined Combos for all states. In GA, KY, LA, MS and TN these nonrecurring charges are commission ordered cost based rates and in AL, FL, NC and SC these nonrecurring charges are Market Rates and are listed in the Market Rate section. For Currently Combined Combos in all other states, the nonrecurring charges shall be those identified in the Nonrecurring - Currently Combined sections.												
	5. Market Rates for Unbundled Centrex Port/Loop Combination will be negotiated on an individual case basis, until further notice.												
	UNE-P CENTREX - TAESS - (Valid in AL, FL, GA, KY, LA, MS, & TN only)
