Dear Sir/Madam,

After 14 years of reselling long distance, Business Options, Inc. is closing its doors.

Please cancel the Business Options, Inc. certificate to provide interlata, intralata, and intrastate long distance service in your state.

Business Options, Inc. has not acquired new customers in years and no longer has any customers in your state.

This past fall, some assets of Business Options, Inc. were sold including its trade names; however, Business Options, Inc. did not sell its certificates to resell long distance service. Thus, should the name Business Options arise in the future, it will not be due to Business Options, Inc. providing services, billing customers or anything else.

For about 6 years, The Verifications Company has been the independent third party verification company utilized by Business Options, Inc. They verified 100% of Business Options, Inc. customer's orders over that time. Per FCC guidelines, I believe these verifications are kept for at least two years.

Should your agency or a customer desire to receive a copy of the verification, please contact them at:
