DOCKET NO. 02-01312

**ORDER APPROVING
PAGING INTERCONNECTION AGREEMENT**

This matter came before Chairman Sara Kyle, Director Pat Miller, and Director Ron Jones of the Tennessee Regulatory Authority (the "Authority" or "TRA"), the voting panel assigned to this docket, at a regularly scheduled Authority Conference held on February 18, 2003 to consider, pursuant to 47 U.S.C. § 252, the Petition for approval of a paging interconnection agreement for cellular and commercial mobile radio services negotiated between BellSouth Telecommunications, Inc. and Action Communications, filed on December 20, 2002.

Based upon a review of the agreement, the record in this matter, and the standards for review set forth in 47 U.S.C. § 252, the Directors unanimously granted the Petition and made the following findings and conclusions:

- 1) The Authority has jurisdiction over public utilities pursuant to Tenn. Code Ann. § 65-4-104.

2) The agreement is in the public interest as it provides consumers with alternative sources of telecommunications services within the BellSouth Telecommunications, Inc. service area.

3) The agreement is not discriminatory to telecommunications service providers that are not parties thereto.

4) 47 U.S.C. § 252(e)(2)(A) provides that a state commission may reject a negotiated agreement only if it “discriminates against a telecommunications carrier not a party to the agreement” or if the implementation of the agreement “is not consistent with the public interest, convenience or necessity.” Unlike arbitrated agreements, a state commission may not reject a negotiated agreement on the grounds that the agreement fails to meet the requirements of 47 U.S.C. §§ 251 or 252(d).¹ Thus, although the Authority finds that neither ground for rejection of a negotiated agreement exists, this finding should not be construed to mean that the agreement is consistent with §§ 251 or 252(d) or, for that matter, previous Authority decisions.

5) This is an agreement for the provision of cellular and commercial mobile radio services and is not an agreement between competing carriers.

6) By approving this agreement, the Authority does not make a determination that the provision of wireless service to both business and residential customers within the BellSouth Telecommunications, Inc. service area rises to the level of facilities-based competition under 47 U.S.C. § 271(c)(1)(A).

7) No person or entity has sought to intervene in this docket.

¹ See 47 U.S.C. § 252(e)(2)(B).

8) The agreement is reviewable by the Authority pursuant to 47 U.S.C. § 252 and Tenn. Code Ann. § 65-4-104.

IT IS THEREFORE ORDERED THAT:

The Petition is granted, and the paging interconnection agreement for cellular and commercial mobile radio services negotiated between BellSouth Telecommunications, Inc. and Action Communications is approved and is subject to the review of the Authority as provided herein.

Sara Kyle, Chairman

Pat Miller, Director

Ron Jones, Director
