Hey, Lisa. Looking forward to working with you.

I had our Wholesale team look into this, and, **yes**, we are still providing services to Bullseye as we have not received an executed transaction change of ownership from Longo, which I understand has purchased Bullseye.

Please let me know if you have any additional questions or would like to discuss further.

Gary

Subject: 03-00126 Bullseye Telecom, Inc. / CLEC Cancellation Request

Good Morning Mr. Volluz,

We received an email from Kathy Sager in late August that you would be the new regulatory contact for BellSouth/AT&T Tennessee beginning in early September. I look forward to working with you on regulatory matters.

Attached you will see a request for cancellation of the CCN of Bullseye Telecom, Inc., which has been operating as a CLEC in Tennessee since 2003. Before we cancel their CCN, we always verify with BellSouth/AT&T Tennessee that the company requesting cancellation is not being provided any resold lines or facilities-based services by BellSouth/AT&T Tennessee.

Can you please verify that BellSouth/AT&T Tennessee is not providing any resold or facilities-based services to Bullseye Telecom, Inc. at this time?

I'm hoping to put this cancellation request on our next Commission Conference Agenda which will be held in early November. If you can provide verification that no services are being provided to this company, it would be greatly appreciated.

From what I understood from Kathy Sager, she always checked with the Interconnection Team for this information, if that is helpful for you to know.

Thank You,

Lisa Foust
