Mr. Roesel,

In regard to the cancellation request received for Bullseye Telecom, Inc., we have received notification from BellSouth that services are still being provided to Bullseye, as they have not received an executed change of ownership from Lingo. This will need to be addressed before we can cancel the authority of Bullseye Telecom, Inc.

Can you follow up with your client and advise as to when Bell has been provided with the change of ownership?

Thank You,  
Lisa Foust
