STATE OF TENNESSEE

In the Matter of the Application of
CommuniGroup of Jackson, Inc.

Case No. _____

APPLICATION FOR CERTIFICATE TO PROVIDE COMPETING TELECOMMUNICATIONS SERVICES

CommuniGroup of Jackson, Inc. ("Applicant" or "CommuniGroup"), pursuant to applicable Tennessee Statutes and the Rules and Regulations of the Tennessee Regulatory Authority respectfully submits this Application for Authority to Provide Competing Telecommunications Services.

Applicant seeks Authority to provide competing local telecommunications services and exchange access services throughout the State of Tennessee, with initial service deployment to customers that reside within BellSouth exchanges. Deployment of local service will be provided on a resale and unbundled network element platform (UNE-P) basis. The appropriate and necessary interconnection and resale agreements with the incumbent LEC will be completed in the near future. The interconnection agreements will have the necessary provisions relating to service provisioning through resale and unbundled network element platform (UNE-P) including local switching and local transport. Applicant is willing and able to comply with all applicable rules and regulations in Tennessee pertaining to the provision of competing telecommunications services. Applicant plans to commence offering service within six months of the approval of this Application. Approval of this Application will be beneficial to the public interest by increasing the level of competition in the Tennessee telecommunications

market. Ultimately, competition will compel all telecommunications service providers to operate more efficiently and pass on the resultant cost savings to customers. In addition, as a result of competition, the overall quality of service will improve. In support of its Application, CommuniGroup of Jackson, Inc. submits the following:

1. The full name and address of the Applicant is:

CommuniGroup of Jackson, Inc.
700 South West Street
Jackson, MS 39201
Telephone: 601-353-9118
Facsimile: 601-355-3746

Questions regarding this Application should be directed to:

Terri K. Firestein
Consultant, CCG Consulting, Inc.
6811 Kenilworth Avenue, Suite 300
Riverdale, MD 20737
Telephone: 301-842-1437
Facsimile: 301-842-1439

Contact name and address of the Applicant is:

Mr. James N.C. Moffat, III
Executive Vice President
700 South West Street
Jackson, MS 39201
Telephone: 601-353-9118
Facsimile: 601-355-3746

The Applicant's Registered Agent in the State of Tennessee is:

CT Corporation System
530 Gay Street
Knoxville, TN 37902
Telephone: 601-546-8030

2. Names and addresses of all Corporate Board Members and Officers:

The names and address of the Applicant's Board of Directors and Principal Corporate Officers and other senior managers responsible for Tennessee local operations are listed in Exhibit A of this application.

3. Corporate Information:

CommuniGroup of Jackson, Inc., is a corporation duly authorized under the laws of the State of Mississippi and is a wholly owned subsidiary of CommuniGroup, Inc., which is a wholly owned subsidiary of Telephone Electronics Corporation.

Attached as Exhibit B is a list of Telephone Electronics Corporation's subsidiaries from the Applicant's website.

CommuniGroup of Jackson, Inc.'s Certificate of Incorporation in the State of Mississippi, Articles of Incorporation and a copy of the Certificate of Authorization to transact business in the State of Tennessee from the Secretary of State are provided in Exhibit C.

4. Repair and Maintenance Information:

The Applicant understands the importance of effective customer service for local service consumers. The Applicant's customer service representatives will be available to Customers via the Company's toll free number 800-748-9000. Customers can call the toll-free number to report trouble or other emergency situations affecting service. This toll-free number will be printed on the customers' monthly billing statements. Customers wishing to communicate with a customer service representative in writing may send written correspondence to:

CommuniGroup of Jackson, Inc.
700 South West Street
Jackson, MS 39201

The Applicant's representative that is knowledgeable about the Company's operations is:

Mr. James N.C. Moffat, III
Executive Vice President
700 South West Street
Jackson, MS 39201

5. Status of Applicant in Other States:

Applicant is certified and is providing local exchange telecommunications service in the States of Louisiana and Mississippi. Applicant is currently seeking authorization in the State of Alabama to provide local exchange service.

6. Financial, Managerial and Technical Qualifications:

The Applicant possesses the managerial, technical and financial ability to provide local telecommunications service in the State of Tennessee as demonstrated below.

6.A. Financial Qualifications:

Applicant is financially qualified to render its proposed telecommunications services in Tennessee. Applicant will rely solely on its financials for the provision of telecommunications services. Applicant submits as **Exhibit D**, its financial statements to include balance sheet, income statement and statement of cash flows. Applicant does not have audited financials available.

Applicant submits as **Exhibit E** projected financial statements for three (3) years.

Applicant intends to operate as a reseller of local exchange service as well as utilize the unbundled network element platform (UNE-P) arrangement available from the incumbent LEC to provide local telecommunications services therefore, capital expenditures will be minimal.

The Applicant considers its financial information to be confidential and proprietary information. Financial information is being filed with a Motion for Protective Order and has been submitted for filing in a sealed envelope and marked as confidential.

UNE's anticipated to be purchased by Applicant as part of the UNE platform service solution are included in the UNE Rate Table attached to this application as **Exhibit F**, as per the applicant's interconnection agreement with BellSouth.

The Applicant is not projecting any revenue associated with reciprocal compensation for terminating ISP traffic.

At this time, the Applicant does not believe that TCA §65-4-125 amendment applies to the provision of telecommunications services as the

Applicant will not own or operate facilities or equipment with a value of more than five million (\$5,000,000) in the State of Tennessee.

6.B. Managerial Qualifications:

Applicant's key management staff is highly skilled and has acquired considerable experience in the telecommunications industry. Profiles for key management personnel are contained in **Exhibit G**.

6.C. Technical Qualifications:

Applicant possesses the necessary qualifications to meet or exceed all technical specifications of providing local service. Applicant is aware of the industry standards for quality of service, billing practices and customer care. Applicant does not anticipate any problems and is fully committed to meeting or exceeding all quality of standards and billing practices. Technical qualifications are also shown in the key management personnel contained in **Exhibit G**.

7. Proposed Service Area:

Applicant proposes to offer telecommunications services for the geographic areas that exactly follow the geographic boundaries of the Incumbent Local Exchange Carriers (Incumbent LECs). Applicant will concentrate primarily in the geographic areas of BellSouth Telecommunications, Inc. A list of BellSouth exchanges is attached as **Exhibit H**.

The Applicant does not plan to offer services in areas served by any incumbent local exchange telephone company with fewer than 100,000 total access lines.

8. Types of Local Exchange Services to be provided:

Applicant intends to provide Local Exchange Services on a resale basis and will utilize the unbundled network element platform (UNE-P) arrangement available from the incumbent LEC to provide local exchange service. The UNEs the Applicant proposes to purchase include 2-wire/4-wire voice loops, digital loops, ISDN capable loops, DS0 and DS1 loops, local switching and local transport. Applicant will provide service to business and residence Customers. Services may also be offered to other carriers and value-added resellers.

Applicant anticipates the scope of services will include, but not be limited to:

Local exchange and extended area service, toll restriction, call management features, touch tone, Caller ID services, and any other services available on a resale or unbundled network element basis from the incumbent local exchange carrier or other certificated carriers within Applicant's service area. Applicant is planning to provide high-speed data services as part of its service packages made available to both residence and business Customers.

Through its interconnection arrangements with incumbent local exchange carriers, Applicant will offer 911/E911 Emergency Services, white page directory listing and directory assistance, operator assisted calling, toll-free calling and operator services. Also, through its interconnection arrangements with the incumbent local exchange carriers, Applicant will offer access to the Tennessee Relay Center and provide free blocking for 900/976 type services as required by the Commission.

Consumers within the State of Tennessee will not be required to purchase special customer premise equipment ("CPE") that would not be usable with other local service providers' systems in order to utilize Applicant's services.

9. Small and Minority Owned Business Participation Plan:

Applicant will comply with the rules and regulations of the Tennessee Regulatory Authority regarding small and minority owned businesses. Applicant's Small and Minority Owned Business Participation Plan is attached to this Application as **Exhibit I**.

10. TRA Rules for Local Telecommunications Providers:

The Applicant has served notice of its application on the eighteen (18) incumbent local exchange telephone companies in Tennessee with a statement regarding the company's intention of operating geographically. Attached as **Exhibit J**, is the Certificate of Service as required by the Tennessee Regulatory Authority.

11. Toll Dialing Parity:

Attached, as **Exhibit K**, is the Applicant's plan for Toll Dialing Parity as required by the Tennessee Regulatory Authority pertaining to providers of voice grade services.

12. Numbering Issues:

The Applicant will provide services utilizing a resale or UNE-P provisioning solution only. Therefore, acquisition of Applicant specific NXXs will not be required. Applicant's Customers will continue to utilize their existing telephone numbers.

In the future should the Applicant have the need to acquire NXXs, it intends to fully comply with all rules and regulations regarding number assignment policies mandated by the FCC and NANPA. Additionally, should the Tennessee Regulatory Authority mandate number assignment policies as a result of number pooling administration decisions, it fully expects to adhere to the rule(s).

The Applicant will take measures to conserve Tennessee numbering resources. More specifically, the need for number acquisition will be minimal and Applicant will not acquire codes in excess of anticipated growth. If Applicant has a need to acquire new NXXs for growth purposes it will make a request when the numbers of an existing NXX are 75% depleted.

13. Tennessee Specific Operation Issues:

The Applicant will utilize the Terminating Point Master (TPM) to identify calls being placed within county boundaries. This data will allow the Applicant to identify this type of traffic and bill it in accordance with Orders, laws, rules and regulations of the State of Tennessee.

The Applicant is aware of the Tennessee County-Wide Calling database maintained by BellSouth. Prior to the provision of service, Applicant intends to become familiar with the procedures and requirements for entering telephone numbers into the database so that it may comply with TRA requirements as necessary.

The Applicant is aware of the local calling areas provided by the incumbent LECs and intends to mirror the local calling areas outlined in the Tariffs of the incumbent LEC with whom they have a negotiated an interconnection agreement.

The Applicant will implement procedures to assure that Customers will not be billed long distance charges for calls within the metro calling areas. Mirroring the incumbent LEC's Local Calling Scopes, EAS and metro calling areas found in the incumbent LEC's Tariffs will also prevent calls, being made within metro calling areas, to be billed as long distance calls.

The contact person at the Company who will be responsible to work with the TRA on resolving customer complaints will be:

James N.C. Moffat, III
Executive Vice President
700 South West Street
Jackson, MS 39201

Applicant intends to telemarket its business services in the State of Tennessee.

The Applicant and its representatives are aware of and intend to comply with the telemarketing statutes and regulations found in TCA §65-4-401 *et seq.* and Chapter 1220-4-11 and any future amendments thereto.

14. Miscellaneous:

Pre-filed Testimony

The Applicant has attached hereto as **Exhibit L**, sworn pre-filed testimony of James N.C. Moffat, III, Executive Vice President, which describes the

Applicant's technical, managerial, and financial abilities to provide the services with an affirmation that all information submitted is true and correct.

Local Service Tariff:

Included with this Application is the Applicant's local service Tariff. It should be noted that the Tariff is illustrative in nature and a final Tariff will be filed with the Tennessee Regulatory Authority prior to the commencement of service as required. The illustrative Tariff is entered as **Exhibit M.**

As outlined in the illustrative Tariff, customer deposits will not be required. If at such time deposits are required, the Applicant will obtain a bond for an amount sufficient to cover such deposits and will amend its Tariff.

Complaints:

The Applicant has no record and is not aware of any complaints filed against it with any State or Federal regulatory authority.

15. Statement of Compliance:

The Applicant is aware of the obligations and responsibilities placed upon it for the provision of telecommunications to the public in the State of Tennessee. Applicant agrees to abide by all statutes and all Orders, laws, rules and regulations applicable to telecommunications service providers within the State of Tennessee. More specifically, the Applicant intends to comply with TCA §65-4-201. Upon approval by the TRA, the Applicant also agrees to submit on a monthly basis, a Wireline Activity Report so that the TRA has information to assist them in determining local telephone competition in Tennessee.

CommuniGroup of Jackson, Inc. respectfully requests that the TRA enter an order granting it a Certificate of Public Convenience and Necessity to operate as a competing telecommunications service provider throughout the State of Tennessee in the service area of BellSouth Telecommunications, Inc.

For the reasons stated above, CommuniGroup of Jackson, Inc.'s provision of these services would promote the public interest by providing high-quality service at competitive prices and by creating greater economic incentives for the development and improvement for all competing providers.

Respectfully submitted this 4th day of March, 2003.

Respectfully Submitted,

A handwritten signature in cursive script, reading "Terri K. Firestein". To the right of the signature is a circular stamp containing the letters "pm".

of

COMMUNIGROUP OF JACKSON, INC.

The undersigned, as Secretary of State of the State of Mississippi, hereby certifies that duplicate originals of Articles of Incorporation for the above named corporation duly signed and verified pursuant to the provisions of the Mississippi Business Corporation Act, have been received in this office and are found to conform to law.

ACCORDINGLY the undersigned, as such Secretary of State, and by virtue of the authority vested in him by law, hereby issues this CERTIFICATE OF INCORPORATION, and attaches hereto a duplicate original of the Articles of Incorporation.

Given under my hand and Seal of Office,

this the 30th day of April,

19 84.

Dine Magnus
SECRETARY OF STATE.

ARTICLES OF INCORPORATION
OF
COMMUNIGROUP OF JACKSON, INC.

We, the undersigned natural persons of the age of twenty-one years or more, acting as incorporators of a corporation under the Mississippi Business Corporation Act, adopt the following Articles of Incorporation for such corporation:

FIRST: The name of the corporation is - COMMUNIGROUP OF JACKSON, INC.

SECOND: The period of it's duration is ninety-nine years.

THIRD: The specific purpose or purposes for which the corporation is organized stated in general terms are: (a) To provide basic and enhanced intrastate and interstate telecommunications service to its customers through the transfer, by sale, resale or otherwise, of communication signals, including, but not limited to provisions of Foreign Exchange (FX) service, and Measured Toll Service (MTS), and Wide Area Telephone Service (WATS) circuits obtained from a combination of telephone companies, specialized common carriers, and any and all other sources, all for profit; (b) To engage in all business necessary for the full enjoyment of said stated business, as well as any and all businesses incidental or complimentary thereto; (c) To be included in the exercise of rights and powers by this corporation, in addition to the foregoing, are those conferred by the Mississippi Business Corporation Act, and Amendments thereto, and any authority granted by any other laws of the State of Mississippi.

FOURTH: The aggregate number of shares which the corporation shall have authority to issue is Ten Thousand (10,000) shares of common stock having a par value of One Dollar (\$1.00), each. The preferences, limitations and relative rights in respect to shares and the holders thereof shall be as promulgated by the shareholders from time to time conformity with the provisions of it's corporate bylaws.

This page conforms with the duplicate
original filed with Secretary of State.

Dino M. ...

FIFTH: The corporation will not commence business until consideration of the value of at least One Thousand Dollars (\$1,000.00) has been received for the issuance of shares.

SIXTH: Provisions granting to shareholders the pre-emptive right to acquire additional or treasury shares of the corporation are: Shareholders will have the pre-emptive right to purchase additional or treasury shares of the corporation in that proportion equal to such shareholder's percentage of ownership of existing outstanding shares.

SEVENTH: The street address of the initial registered office of the corporation is: Second Street, Bay Springs, Mississippi 39422. The post office address of the corporation's initial registered office is: P. O. Box 925, Bay Springs, Mississippi 39422. The name of the corporation's initial registered agent at such address is: JOSEPH D. FAIL.

EIGHTH: The number of Directors constituting the initial Board of Directors of the corporation is three (3), and the names and addresses of the persons who are to serve as Directors until the first annual meeting of shareholders or until their successors are elected and shall qualify are:

	UNBUNDLED PORT LOOP COMBINATIONS - MARKET RATES															
	Market Rates shall apply where BellSouth is not required to provide unbundled local switching or switch ports per FCC and/or State Commission rules.															
	This includes:															
	Unbundled port/loop combinations that are Currently Combined or Not Currently Combined in Zone 1 of the Top 8 MSAs in BellSouth's region for end users with 4 or more DS0 equivalent lines.															
	The Top 8 MSAs in BellSouth's region are: FL (Orlando, Ft. Lauderdale, Miami); GA (Atlanta); LA (New Orleans); NC (Greensboro-Winston Salem-Highpoint/Charlotte-Gastonia-Rock Hill); TN (Nashville).															
	BellSouth currently is developing the billing capability to mechanically bill the recurring and non-recurring Market Rates in this section except for nonrecurring charges for not currently combined in FL and NC. In the interim where BellSouth cannot bill Market Rates, BellSouth shall bill the rates in the Cost-Based section preceding in lieu of the Market Rates and reserves the right to true-up the billing difference.															
	The Market Rate for unbundled ports includes all available features in all states.															
	(USOC: URECU).															
	For Not Currently Combined scenarios the Nonrecurring charges are listed in the First and Additional NRC columns for each Port USOC. For Currently Combined scenarios, the Nonrecurring charges are listed in the NRC - Currently Combined section. Additional NRCs may apply also and are categorized accordingly.

MANAGERIAL AND TECHNICAL BIOGRAPHIES

President and Chief Executive Officer

Christopher B. Chelette joined CommuniGroup in April 1999. He began his career as a separation consultant with Communications Consultants, Inc. a Monroe Louisiana based consulting firm, specializing in telecommunications rate cases, cost studies, and traffic studies for the independent telephone industry. He later joined Long Distance Savers, Inc. (LDS). LDS was a regional long distance company operating in Louisiana, Texas, Oklahoma and Arkansas. In his 13 years with LDS he held various management positions including President and Chief Operating Officer. In 1998 LDS was sold to Intermedia Communications, Inc. a Tampa Florida based CLEC. From March 1998 to April 1999 he was the Vice-President of Operations for Intermedia.

Mr. Chelette's education includes a BA in Accounting from Northeast Louisiana University, and he has been a CPA since 1983.

Executive Vice-President

James N. C. Moffat, III joined CommuniGroup in January 1994. He currently oversees all administrative operations of the company. He has been responsible for assistance in the design and implementation of new products, marketing plans, sales compensation strategy, etc. In addition to overseeing the financial operations of the company, Mr. Moffat has also been involved in the design and implementation of methods and procedures, including enhanced automation procedures for the Company's Customer Care departments.

From 1989 until 1993, Mr. Moffat served as President and Chief Executive Officer of Eastover Bank for Savings, a \$500,000,000 statewide thrift institution headquartered in Jackson, MS. Prior to that Mr. Moffat held Executive Vice-President positions with the Eastover Group of companies, Unifirst Federal Savings & Loan Association and the H. C. Bailey Companies, all of Jackson, MS.

Mr. Moffat is a 1966 graduate of Mississippi College with a BS in Accounting. He has been a Certified Public Accountant since 1968.

Vice-President and Director

Joseph D. Fail currently serves as Vice-President of the Company, and has been a Director since its inception. He is President and Chairman of the Board of Telephone Electronics Corporation, the parent company of CommuniGroup, Inc. Mr. Fail has been active all of his life in his family owned telephone businesses, having begun his career in 1961. Mr. Fail has been active in the independent telephone industry as well as in the

electrical engineering profession. He has served as Director and President of Alabama-Mississippi Independent Telephone Association, member of the U. S. Independent Telephone Association Plant Committee, and others. He is currently a member of the Nation Society of Professional Engineers, Mississippi Engineering Society, Association of Communication Engineers, and the Independent Telephone Pioneer Association. Mr. Fail was selected to serve on the Governor's Telecommunications Task Force for the State of Mississippi.

Mr. Fail is a graduate of Louisiana State University with a Bachelor of Science Degree in Electrical Engineering. He holds a Professional Engineering License in the States of Louisiana, Mississippi, Oklahoma and Texas

Vice-President and Director

Walter J. Frank, Jr. joined Telephone Electronics Corporation in 1982. He currently serves as its Executive Vice-President and is an integral part of all aspects of that company's operations. Mr. Frank has over 35 years of telephone experience. From 1961 to 1971, he was an active partner in Frank & Hoover Company. From 1971 to 1982, he served as Executive Vice-President of Century Telephone Company, and played a key role in the initial public offering and subsequent public offerings of that company. Mr. Frank holds various degrees, including a M. B. A. from Louisiana State University

Vice-President

Robert J. Healea has been employed by Telephone Electronics Corporation since January 1994. Prior to joining TEC, Mr. Healea was a partner in Whitaker, Lipp & Healea, a CPA firm specializing in telecommunications auditing. Mr. Healea has over 25 years experience in public accounting, and has been a CPA since 1970. Mr. Healea received a BA in accounting from Washington State University.

SMALL AND MINORITY OWNED BUSINESS PARTICIPATION PLAN

SMALL AND MINORITY-OWNED TELECOMMUNICATIONS BUSINESS PARTICIPATION PLAN

Pursuant to T.C.A. §65-5-212, as amended, CommuniGroup of Jackson, Inc. ("CommuniGroup") submits this Small and Minority-owned Telecommunications Business Participation Plan (the "Plan") along with its Application for a Certificate of Public Convenience and Necessity to provide competing intrastate and local exchange services in Tennessee.

I. PURPOSE

The purpose of §65-5-212 is to provide opportunities for small and minority-owned businesses to provide goods and services to Telecommunications service providers. CommuniGroup is committed to the goals of §65-5-212 and to taking steps to support the participation of small and minority-owned Telecommunications businesses in the Telecommunications industry. CommuniGroup will endeavor to provide opportunities for small and minority-owned Telecommunications businesses to compete for contracts and subcontracts for goods and services. As part of its procurement process, CommuniGroup will make efforts to identify and inform minority-owned and small businesses that are qualified and capable of providing goods and services to CommuniGroup of such opportunities. CommuniGroup's representatives will contact the Department of Economic and Community Development, the administrator of the small and minority-owned Telecommunications assistance program, to obtain a list of qualified vendors. Moreover, CommuniGroup will seek to increase awareness of such opportunities so that companies not otherwise identified will have sufficient information to participate in the procurement process.

II. DEFINITIONS

As defined in §65-5-212.

Minority-Owned Business. Minority-owned business shall mean a business which is solely owned, or at least fifty-one percent (51%) of the assets or outstanding stock of which is owned, by an individual who personally manages and controls daily operations of such business, and who is impeded from normal entry into the economic mainstream because of race, religion, sex or national origin and such business has annual gross receipts of less than four million dollars (\$4,000,000).

Small Business. Small Business shall mean a business with annual gross receipts of less than four million dollars (\$4,000,000).

III. ADMINISTRATION

CommuniGroup's Plan will be overseen and administered by the following individuals named below, hereinafter referred to as the Administrator, who will be responsible for carrying out and promoting CommuniGroup's full efforts to provide equal opportunities for small and minority-owned businesses. The Administrators of the Plan will be:

Christopher B. Chelette
President and CEO
CommuniGroup
700 South West Street
Jackson, MS 39201

and/or

James N.C. Moffat, III
Executive Vice President
CommuniGroup
700 South West Street
Jackson, MS 39201

Telephone: 601-353-9118
Facsimile: 601-355-3746

The Administrator's responsibilities will include:

- (1) Maintaining an updated Plan in full compliance with §65-5-212 and the rules and orders of the Tennessee Regulatory Authority.
- (2) Establishing and developing policies and procedures necessary for the successful implementation of the Plan.
- (3) Preparing and submitting such forms as may be required by the Tennessee Regulatory Authority, including the filing of required annual updates.
- (4) Serving as the primary liaison to and cooperate with the Tennessee Regulatory Authority, other agencies of the State of Tennessee, and small and minority-owned businesses to locate and use qualified small and minority-owned businesses as defined in §65-5-212.
- (5) Searching for and developing opportunities to use small and minority-owned businesses and encouraging such businesses to participate in and bid on contracts and subcontracts.
- (6) Providing records and reports and cooperate in any authorized surveys as required by the Tennessee Regulatory Authority.

- (7) Establishing a record-keeping system to track qualified small and minority-owned businesses and efforts to use such businesses.
- (8) Providing information and educational activities to persons within CommuniGroup and training such persons to seek out, encourage, and promote the use of small and minority-owned businesses.

In performance of these duties, the Administrator will utilize a number of resources, including:

Chambers of Commerce

The Tennessee Department of Economic and Community Development

The United States Department of Commerce

Small Business Administration

Office of Minority Business

The National Minority Supplier Development Counsel

The National Association of Women Business Owners

The National Association of Minority Contractors

Historically Black Colleges, Universities, and Minority Institutions

The efforts to promote and ensure equal opportunities for small and minority-owned businesses are primarily spelled out in the Administrator's duties above. Additional efforts to provide opportunities to small and minority-owned businesses will include offering, where appropriate and feasible, small and minority-owned businesses assistance with technical, insurance, bonding, licensing, production, and deadline requirements.

IV. RECORDS AND COMPLIANCE REPORTS

CommuniGroup will maintain records of qualified small and minority-owned business and efforts to use the goods and services of such businesses. In addition, CommuniGroup will maintain records of educational and training activities conducted or attended and of the internal procurement procedures adopted to support this plan.

CommuniGroup will submit records and reports required by the Tennessee Regulatory Authority concerning the Plan. Moreover, CommuniGroup will cooperate fully with any surveys and studies required by the Tennessee Regulatory Authority.

EXHIBIT J

CERTIFICATE OF SERVICE

CERTIFICATE OF SERVICE

I, Terri K. Firestein, hereby certify that on the 3rd day of March, 2003, notice was served that CommuniGroup of Jackson, Inc., filed an application with the Tennessee Regulatory Authority for a Certificate to Provide Competing Facilities-Based and Resold Local Exchange Telecommunications Services. This notice was served by First Class, Certified mail on the Incumbent Local Exchange Service Providers Certificated in the State of Tennessee listed below.

CommuniGroup of Jackson, Inc.

IntraLATA Equal Access Implementation Plan

CommuniGroup of Jackson, Inc. ("CommuniGroup" or "the Company") hereby provides an IntraLATA Equal Access Plan in response to the Federal Communication Commission's (the "FCC") Order of March 23, 1999.

I. OBJECTIVE/PURPOSE

In compliance with the FCC's Order and 47 C.F.R. 51.213, CommuniGroup files the Company's plan for implementing intraLATA Equal Access ("the Plan") in the areas of the State in which the company will be certified to provide local exchange service.

The intent of the Plan is to permit voice service customers to route intraLATA toll calls automatically, without the use of access codes, to any interexchange carrier ("IXC") of the customer's choice that has established itself as an access customer under CommuniGroup's Access Services Tariff.

II. IMPLEMENTATION SCHEDULE

Simultaneously, with CommuniGroup's initial offer of voice services, CommuniGroup will offer dialing parity for intraLATA toll calls. At that time, CommuniGroup's retail customers will be able to choose any IXC that has established itself as an access customer under CommuniGroup's Access Tariff.

III. CARRIER SELECTION PROCEDURES

When voice services are offered, CommuniGroup will implement the full 2-PIC carrier selection methodology as required by the TRA. With the full 2-PIC methodology, customers will be able to presubscribe to one telecommunications carrier for interLATA toll calls and to presubscribe to the same or a different participating telecommunications carrier for intraLATA toll calls.

Processes will be established to provide new customers with an opportunity to choose their intraLATA toll carrier. When voice services are offered, Company employees who communicate with the public, accept orders and serve in customer service capacities will be trained to explain to customers the availability of 2-PIC equal access, and to assist customers in making an initial PIC choice or in changing a PIC choice for intraLATA and interLATA toll calls.

IV. NEW CUSTOMERS

If requested by a voice service customer, CommuniGroup will provide a list of telecommunication carriers that are access customers and are maintaining a relationship with CommuniGroup pursuant to the provisions of the Company's Access Services Tariff. The list of intraLATA toll carriers will be presented in a competitively neutral manner. New voice customers who do not make a choice for an intraLATA toll carrier will be identified within CommuniGroup's system as "no-PIC" and will not be automatically defaulted to a carrier. New voice customers identified as "no-PIC" within CommuniGroup's system will be required to dial the access code of a different carrier to place intraLATA toll calls until they make an affirmative choice for an intraLATA toll carrier.

V. EXISTING CUSTOMERS

CommuniGroup is not yet a certified carrier in Tennessee and, thus, has no existing customers.

VI. INITIAL PIC REQUEST

A voice customer's initial PIC request will be made at no charge. After the initial PIC, CommuniGroup will bill a customer a PIC change charge at a rate no greater than the rate for the selection of an interLATA PIC.

VII. CARRIER NOTIFICATION

Interexchange carriers that desire to become access customers shall notify CommuniGroup via letter or telephone call of their desire to obtain exchange access service information. CommuniGroup will send each requesting carrier an information package describing CommuniGroup's service, processes and applicable tariffs. Once CommuniGroup receives and processes an IXC's Access Service Request, that carrier will be added to the list of participating carriers made available to a requesting customer trying to choose a PIC. CommuniGroup will provide notice of those switches available for exchange access service to IXCs by identifying those switches in CommuniGroup's federal tariffs, *e.g.* NECA Tariff No. 4. In addition, CommuniGroup will include a list of available switches in its information package provided to each IXC in response to an inquiry.

VIII. ANTI-SLAMMING PROCEDURES

CommuniGroup will enforce the FCC slamming rules currently in place from the December 23, 1998 Second Report and Order, CC Docket No. 94-129 pertaining to PIC Verifications and Preferred Carrier Freezes. CommuniGroup will enforce the FCC slamming liability rules as well.

IX. ACCESS to OPERATOR SERVICES and DIRECTORY ASSISTANCE

Access to Operator Services and Directory Assistance will continue to be available through the voice service customer's local exchange service provider or interLATA toll service provider. No industry standard has been established for access to Operator Services and Directory Assistance unique to the intraLATA toll service provider. For Operator Services, voice service customers will dial "0" to reach their local exchange operator and "00" to reach their interLATA PIC operator. For Directory Assistance, customers dial "1-411" in CommuniGroup's service territory for accessing the local exchange Directory Assistance and customers dial "1-NPA-555-1212" for accessing their interLATA PIC Directory Assistance.

The local and interLATA Operator Services and Directory Assistance may be branded by the local and interLATA service providers, as appropriate, based on the dialing pattern of the customer. Since no unique intraLATA dialing pattern currently exist in the industry, CommuniGroup is not capable of identifying intraLATA calls to CommuniGroup's or the interLATA PIC operators or directory assistance representatives. As such, this procedure is considered in compliance with FCC Order No. 96-333, Rule 51-217(d).

X. NON-DISCRIMINATORY ACCESS to TELEPHONE NUMBERS and DIRECTORY LISTINGS

CommuniGroup will provide non-discriminatory access to telephone numbers and directory listings at the time its begins to provide voice services.

PRE-FILED TESTIMONY

**BEFORE THE
TENNESSEE REGULATORY AUTHORITY**

Docket No.

IN RE: COMMUNIGROUP OF JACKSON, INC.

Application for a Certificate to Provide Competing Local Exchange Telecommunications
Services

PRE-FILED TESTIMONY

OF

JAMES N.C. MOFFAT, III, EXECUTIVE VICE PRESIDENT

ON BEHALF OF

COMMUNIGROUP OF JACKSON, INC.

Q: Please state your name and business address.

A: My name is James N.C. Moffat, III. My business address is 700 South West Street, Jackson, MS 39201.

Q: By whom are you employed and in what capacity:

A: I am employed by CommuniGroup of Jackson, Inc., ("CommuniGroup") as its Executive Vice President.

Q: Please briefly describe your background and qualifications.

A: I joined CommuniGroup in 1994. I am a 1966 graduate of Mississippi College with a BS in Accounting. I have been a Certified Public Accountant since 1968. I currently oversee all administrative and financial operations of CommuniGroup and have been responsible for assistance in the design and implementation of new products, marketing plans and sales compensation strategy. In addition to overseeing the administrative and financial operations of CommuniGroup, I have been involved in the design and implementation of methods and procedures, including enhanced automation procedures for the company's customer care departments.

Q: For whom are you testifying in this matter?

A: I am testifying on behalf of CommuniGroup of Jackson, Inc.

Q: Please provide a description of your company?

A: Based in Jackson, Mississippi, CommuniGroup of Jackson, Inc. is a local service provider currently providing service in the States of Louisiana and Mississippi.

CommuniGroup of Jackson, Inc., is a subsidiary of CommuniGroup, Inc. The officers and directors of CommuniGroup of Jackson, Inc., are also officers and directors of the parent company, CommuniGroup, Inc., as well as the holding company, Telephone Electronics Corporation.

Q: What is the purpose of your testimony?

A: The purpose of my testimony is to support the authorization of a Certificate of Public Convenience and Necessity to CommuniGroup of Jackson, Inc. to provide local service on a resale and unbundled network element platform (UNE-P) basis within the State of Tennessee. Additionally, to illustrate to the TRA that CommuniGroup of Jackson, Inc. is well qualified financially, technically and managerially to provide the services for which it seeks authority within the State of Tennessee.

Q: Are you familiar with the Application submitted by CommuniGroup of Jackson, Inc. to this Commission?

A: Yes, I am familiar with the application submitted to the Commission by CommuniGroup of Jackson, Inc.

Q: Do you ratify and confirm the statements made therein?

A: Yes, I ratify and confirm the statements made therein.

Q: What type of service does CommuniGroup of Jackson, Inc. propose to provide within the State of Tennessee?

A: CommuniGroup of Jackson, Inc. seeks Authority to provide competing local telecommunications services and exchange access services throughout the State of Tennessee, with initial service deployment to residence and business customers that reside within BellSouth exchanges. CommuniGroup of Jackson, Inc.'s services will be available on a full-time basis, twenty-four (24) hours a day, seven (7) days a week. CommuniGroup of Jackson, Inc. intends to offer consumers in the State of Tennessee, value-added options by not only being in a position to specify telecommunications enhancements which embrace emerging technologies, but to actively implement them for consumers.

CommuniGroup of Jackson, Inc., anticipates the scope of services will include, but not be limited to: Local exchange and extended area service, toll restriction, call management features, touch tone, Caller ID services, and any other services available on a resale or unbundled network element basis from the incumbent local exchange carrier or other certificated carriers within Applicant's service area. Applicant is planning to provide high-speed data services as part of its service packages made available to both residence and business Customers.

Through its interconnection arrangements with incumbent local exchange carriers, CommuniGroup of Jackson, Inc., will offer 911/E911 Emergency Services, white page directory listing and directory assistance, operator assisted calling, toll-free

calling and operator services. Also, through its interconnection arrangements with the incumbent local exchange carriers, CommuniGroup of Jackson, Inc., will offer access to the Tennessee Relay Center, provide free blocking for 900/976 type services as required by the Commission.

Q: How will CommuniGroup of Jackson, Inc., provide its services in Tennessee?

A: CommuniGroup of Jackson, Inc. intends to deploy service by reselling the services of as well as utilize the unbundled network element platform (UNE-P) arrangement available from the incumbent LEC.

Q: In what areas of the State does CommuniGroup of Jackson, Inc., propose to provide service?

A: While CommuniGroup of Jackson, Inc. seeks authority to provide local services throughout the State of Tennessee, its primary markets will be the BellSouth exchanges. It will not offer services in areas served by any incumbent local exchange telephone company with fewer than 100,000 total access lines.

Q: Is CommuniGroup of Jackson, Inc. currently providing service in any other state?

A: Yes, CommuniGroup of Jackson, Inc., is currently providing service in the States of Louisiana and Mississippi and currently has an application for a Certificate of Public Convenience and Necessity before the Alabama Public Service Commission to provide local exchange services in that State.

Q: Does CommuniGroup of Jackson, Inc., have adequate access to capital necessary to provide the Tennessee intrastate services it proposes to offer?

A: Yes, CommuniGroup of Jackson, Inc., possesses the financial qualifications required of applicants for a license to provide basic local exchange service in the State of Tennessee. Financial information is attached to the Application as Exhibit D. Applicant intends to operate as a reseller of local exchange service as well as utilize the unbundled network element platform (UNE-P) arrangement available from the incumbent LEC to provide local telecommunications services therefore, capital expenditures will be minimal.

Q: Will CommuniGroup of Jackson, Inc., provide its own billing services?

A: Yes, CommuniGroup of Jackson, Inc., will bill for services internally utilizing a PC based billing system utilizing Highland Lakes telecommunications billing software. The invoices will be prepared at the corporate headquarters in Jackson, Mississippi with sufficient detail so that customers can understand what they have purchased and for what rate. Customers will not be billed long distance rates for County-Wide calls as required by §6-21-114.

Q: What procedures has CommuniGroup of Jackson, Inc. put in place to ensure that new customers have affirmatively selected its services?

A: CommuniGroup of Jackson, Inc., has procedures in place to ensure that new customers have affirmatively selected its services. Pursuant to Commission rule 1220-4-2-.56, all new customer orders will require a written Letter of

Authorization (LOA), which will conform to Commission regulations, and must be signed by an authorized party or by verbal authorization which will be verified by a third party verifier as required by this rule. Training is provided to personnel in sales and order entry to ensure that no customer is ever obtained through any means that is questionable.

Q: Does CommuniGroup of Jackson, Inc., have a toll-free customer service number:

A: Yes, CommuniGroup of Jackson, Inc.'s toll free number is 800-748-9000. Customers can call the toll-free number 24 hours a day, seven days a week for prompt and courteous service. CommuniGroup of Jackson, Inc.'s customer service representatives are prepared to respond to a broad range of service matters; including the types of services offered, billing questions, concerns pertaining to the customer's current service and general telecommunications matters.

Q: Who is the Commission's point of contact for customer service issues?

A: I will be the Commission's point of contact for customer service issues. I will be available Monday through Friday during normal business hours. My contact information is as follows:

James N.C. Moffat, III
Executive Vice President
700 South West Street
Jackson, MS 39201

Telephone: 601-353-9118
Facsimile: 601-355-3746
e-mail: RMoffat@communigroup.com

Q: How will CommuniGroup of Jackson, Inc., handle customer complaints?

A: Customers with complaints will have a customer service representative as their first point of contact. Customer service representatives have been trained to respond to usual and customary complaints. They are trained to understand complexity of complaints and will direct calls to appropriate people within the company. They are also familiar with TRA rules and regulations pertaining to customer complaints. The customer service representative tracks whether or not the customer has been satisfied with the complaint resolution. At all times, CommuniGroup of Jackson, Inc.'s policy is to treat customers with respect and understanding. If a complaint cannot be resolved, a customer will be given the address and phone number of the Tennessee Regulatory Authority with whom they can file a complaint. As required by Commission rules, upon receiving a complaint forwarded to the Company by the Commission, CommuniGroup of Jackson, Inc., will file a written response with the Commission within 10 days.

Q: Has any state ever denied CommuniGroup of Jackson, Inc., authority to provide service for any reason?

A: No. CommuniGroup of Jackson, Inc., has never been denied authority to provide telecommunications services in any State or jurisdiction for any reason nor has it had any authority revoked.

Q: Will CommuniGroup of Jackson, Inc., abide by all applicable Commission rules and regulations?

A: Yes, CommuniGroup of Jackson, Inc., will abide by all Tennessee order, laws, rules and regulations applicable to telephone companies that are currently in place or adopted in the future.

Q: How will the public interest be served by approving this Application?

A: The objective of the Federal Telecommunications Act of 1996 is to foster the development of competition for the ongoing benefit of consumers. The telecommunications industry is growing and changing at an impressive pace. CommuniGroup of Jackson, Inc.'s entry into the local market will enhance competition and therefore, benefit both business and residence customers. The demands of a competitive market provide for affordability of services and an assurance of quality service. Service providers who offer competitive pricing, innovative products, and excellent customer service will thrive within the market place. Consumers will have choices of what service provider best meets their needs. Companies that do not provide service that meets the customer expectations can expect to lose market share and ultimately, be eliminated from the industry. In addition, CommuniGroup of Jackson, Inc. proposes to serve both

residence and business customers so that all classes of customers can benefit from the evolving competitive market. Competing service providers will be required to be innovative, improving the efficiencies of operation, thereby reducing costs that can be passed on to consumers.

Q: Does this conclude your testimony?

A: Yes, this concludes my testimony. I will be happy to provide any additional information the Commission may require. Thank you.

EXHIBIT M
ILLUSTRATIVE TARIFF

CommuniGroup of Jackson, Inc.

TARIFF FOR LOCAL TELECOMMUNICATION SERVICES

WITHIN THE STATE OF TENNESSEE

This Tariff describes generally the regulations and rates applicable to the provision of Local Telecommunications Services between points within the State of Tennessee. It is governed and interpreted according to Tennessee law. Service is provided by CommuniGroup of Jackson, Inc., with principal offices at 700 South West St., Jackson, MS 39201, Telephone 800-748-9000. This Tariff is on file with the Tennessee Regulatory Authority and copies may be inspected during normal hours at the Company's principal place of business.

SECTION 3 - DEFINITIONS OF TERMS

ACCESS LINE

A central office circuit or channel, which provides access to the telephone network for local and long distance telephone services.

AIR LINE MEASUREMENT

The shortest distance between two points. A measurement for computation of mileage charges between termination points.

ANCILLARY DEVICES

All terminal equipment except telephone instruments, PBX-PABX systems, key systems and data services.

ANSWERING EQUIPMENT

Equipment that will automatically answer incoming calls and make an announcement. It may also be equipped to record messages.

APPLICANT

Any person, partnership, corporation, or any combination thereof requesting service or action from the Company.

AUTHORIZED PROTECTIVE CONNECTING MODULE

A protective unit approved by the Company which is manufactured in accordance with the design set forth in Part 68 of the Federal Communications Commission's Rules and Regulations.

AUTHORIZED USER

A person, firm or corporation (other than the customer) who has been authorized by the Company to communicate over a private line or channel according to the terms of the Tariff and (1) on whose premise a station of the private line service is located or (2) who receives from or sends to the Customer over such private line or channel communications relating solely to the business of the Customer

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 3 - DEFINITIONS OF TERMS, (Cont'd.)

BUILDING (Same)

A structure under one roof, or two or more structures under separate roofs but connected by passageways, in which the Company's wires or cables can be safely run provided the plant facility requirements are not appreciably greater than would normally be required if all structures were under one roof. In those cases where there are several structures under separate roofs but connected by passageways and the plant facility requirements for furnishing telephone service are appreciably greater than would normally be required if all the structures were under one roof, the term "Same Building" applies individually to each of the separate structures.

BUSINESS SERVICE

Telecommunications service furnished to Customers where the primary or obvious use is of a business, professional, institutional or otherwise occupational nature.

CALL

An attempted communication, whether completed or not.

CALLING AREA

See "Local Service Area."

CANCELLATION CHARGES

A charge applicable under certain conditions when the application for service and/or facilities is canceled in whole or in part prior to the completion of the work involved or before the contract period is completed.

CENTRAL OFFICE

A switching unit in a telecommunications system which provides service to the general public, having the necessary equipment and operating arrangements for the terminating and interconnecting of exchange lines and trunks or trunks only. There may be more than one central office in a building or exchange.

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 3 - DEFINITIONS OF TERMS, (Cont'd.)

CHANNEL

A path, or combination of paths, for communication between two or more stations or Company offices and furnished in such a manner as the Company may elect, whether by wire, radio or a combination thereof and whether or not by means of a single physical facility or route.

CIRCUIT

A channel used for the transmission of energy in the furnishing of telephone and other communication services further described as:

- (a) Two-wire circuit: A circuit using one transmission path, which may be one carrier pair or one pair (two wires) of metallic conductors.
- (b) Four-wire circuit: A circuit using two one-way transmission paths, which may be two carrier paths or two pairs (four wires) of metallic conductors

CLASS OF SERVICE

A description of telecommunications service furnished a Customer which denotes such characteristics such as nature of use (business or Residential) or type of rate (flat or message rate). Classes of service are usually subdivided in grades, such as individual or multi-party line.

COMMISSION

Tennessee Regulatory Authority

COMMUNICATIONS SYSTEMS

Channels and other facilities which are capable, when not connected to exchange telecommunication service, of two-way communication between Customer-provided terminal equipment.

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 3 - DEFINITIONS OF TERMS, (Cont'd.)

COMPANY

CommuniGroup of Jackson, Inc.

COMPLEX SERVICE

The provision of a circuit requiring special treatment, special equipment or special engineering design.

CONDUIT

A tubular runway for cable facilities

CONNECTING COMPANY

A corporation, association, firm or individual owning and operating a toll line or one or more central offices and with whom traffic is interchanged.

CONNECTION

Denotes the establishment of telephone service. A move of existing service to a different premise requires a connection.

CONNECTION CHARGE

See "Service Charges."

CONSTRUCTION CHARGE

A separate initial charge made for construction of pole lines, circuits, facilities, etc., in excess of that contemplated under the rates quoted in the Tariff.

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 3 - DEFINITIONS OF TERMS, (Cont'd.)

CONTINUOUS PROPERTY

The plot of ground, together with any building thereon, occupied by the Customer, which is not divided by public highways or separated by property occupied by others. Where a Customer occupies property on both sides of a street, alley, highway, body of water, railroad right-of-way, etc., and the properties would otherwise be continuous, such properties are treated as continuous property, provided local wire or cable facilities are used and the Customer furnishes all local distribution pole line facilities or underground conduit required in connection therewith.

CONTRACT

The service agreement between a Customer and the Company under which service and facilities for communication between specified locations for designated periods and for the use of the Customer and its specifically named authorized users are furnished in accordance with the provisions of this Tariff.

CONTRACT PERIOD

The length of time for which a Customer is responsible for the charges associated with the services, facilities, and equipment under contract.

COST OR COST BASIS

Cost of equipment and materials provided or used plus the cost of installation including, but not limited to, engineering, labor, supervision, transportation, right-of-way, other items which are chargeable, and the actual expense incurred by the Company relating to the call-out of Company personnel.

CUSTOM CALLING SERVICES

Custom Calling Services provide for call features like Call Waiting and Call Forwarding and is furnished in connection with individual line service (private line).

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 3 - DEFINITIONS OF TERMS, (Cont'd.)

CUSTOM LOCAL AREA SIGNALING SERVICES (CLASS)

Custom Local Area Signaling Services (CLASS) is enhanced services associated with Signal System Seven (SS7) technology. CLASS is furnished in connection with individual line service (private line).

CUSTOMER

Any person, firm, partnership, corporation, municipality, cooperative organization or governmental agency furnished communication service by the Company under the provisions and regulations of this Tariff. The Customer is responsible for compliance with the rules and regulations of the Company, and is responsible for ensuring payment of the charges.

CUSTOMER PREMISES INSIDE WIRE

All wire within a Customer's premise, including connectors, jacks, and miscellaneous materials associated with the wire's installation. Premise inside wire is located on the Customer's side of the Company's premise protector. By definition, Customer premise inside wire excludes house, riser, buried, and aerial cable.

CUSTOMER-PROVIDED TERMINAL EQUIPMENT

Devices or apparatus and their associated wiring provided by a Customer, which may be connected to the communications path of the Company's exchange network either electrically, acoustically or inductively.

CUSTOMER TROUBLE REPORT

Any oral or written report from a Customer received by the Company relating to a physical defect or to difficulty or dissatisfaction with the service provided by the Company's facilities. One report shall be counted for each oral or written report received even though several items are reported by one Customer at the same time, unless the group of troubles so reported is clearly related to a common cause.

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 3 - DEFINITIONS OF TERMS, (Cont'd.)

DEMARCATATION POINT

The point of interconnection between the Company's communications facilities and the terminal equipment, protective apparatus or inside wiring at a Customer's premise. The demarcation point is located on the Customer's side of the Company's protector or equivalent.

DETACHED ACCESS LINE

An additional circuit connected to an access line either directly or through a switching device, which uses Company facilities.

DIRECT BURIAL

The installation of cables or conductors directly in the earth and not in conduit or duct.

DIRECT CONNECTION

Connection of terminal equipment to the Company's exchange facilities by means other than acoustic and/or inductive coupling.

DIRECT ELECTRICAL CONNECTION

The physical connection of electrical conductors in the communications path.

DIRECTORY

A book, which typically lists, each telephone Customer alphabetically, with his/her service location and telephone number.

DIRECTORY ASSISTANCE SERVICE

Directory assistance service is furnished to supplement the information available in the Company directory, and to furnish telephone numbers to users who are not able to find the listing in their directory.

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 3 - DEFINITIONS OF TERMS, (Cont'd.)

DIRECTORY LISTING

The publication of the Company's directory and/or directory assistance records of information relative to a Customer's telephone number, by which telephone users are able to ascertain the telephone number of a desired party.

DISCONNECT NOTICE

The written notice sent to a Customer following billing, notifying the customer that service will be disconnected if charges are not satisfied by the date specified on the notice.

DISCONNECTION OF SERVICE

An arrangement for a permanent interruption of telephone service, made at the request of the Customer, or initiated by the Company for violation of Tariff regulations by the Customer. A "final" bill would be rendered showing moneys owed to the Company net of any amounts to be refunded, such as deposits, as of the date the service was disconnected.

DROP WIRE

Wires used to connect the aerial, buried or underground distribution facilities to the point where connection is made with a Customer's premise.

E911 SERVICE

See Emergency Number Service.

EMERGENCY NUMBER SERVICE

A telephone exchange communication service whereby a public safety answering point designated by the Customer may receive and answer telephone calls placed by dialing the number 911. It includes the services provided by the lines and equipment associated with the service arrangement for answering and dispatching of public emergency telephone calls dialed to 911.

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 3 - DEFINITIONS OF TERMS, (Cont'd.)

ENTRANCE FACILITIES

Facilities extending from the point of entrance on private property to the premise on which service is furnished.

EXCHANGE

The area established by the Company for the administration of telecommunications service for which a separate local rate schedule is provided. The area usually embraces a town, or village and its environs, and consists of one or more central offices, together with associated plant facilities used in furnishing telecommunications services in that area.

EXCHANGE AREA

The area within which the Company furnishes complete telephone service from one specific exchange at the exchange rates applicable within that area.

EXCHANGE SERVICE

Exchange service is a general term describing, as a whole, the facilities for local intercommunications, together with the capability to send and receive a specified or an unlimited number of local messages at charges in accordance with the provisions of the local exchange Tariff.

- (a) Flat rate service: A classification of exchange service furnished a Customer for which a stipulated charge is made regardless of the amount of use.

FACILITIES

All the plant and equipment of the Company and all instrumentalities owned, licensed, used, controlled, furnished, or supplied for or by the Company, including any construction work in progress allowed by the Commission.

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 3 - DEFINITIONS OF TERMS, (Cont'd.)

FLAT RATE SERVICE

A classification of exchange service furnished a customer for which a stipulated charge is made regardless of the amount of use.

GENERAL EXCHANGE SERVICES

Services furnished by the Company connected to or associated with primary local exchange service.

HARM

Electrical hazards to Company personnel, damage to Company equipment, malfunctions of Company billing equipment, and degradation of service to persons other than the user as well as the calling or called party.

HIGH CAPACITY CIRCUIT (HI CAP)

Digital-data transmission service equal to, or in excess of T1 data rates (1.544 Mbits).

HOUSEHOLD

A household comprises all persons who occupy a dwelling unit. A dwelling unit is a house, an apartment or other group of rooms or a room that constitutes separate living quarters. A household includes the related persons (the head of the household and others in the dwelling unit who are related to the head of the household) and also any lodgers or employees who regularly live in the house. A person living alone or a group of unrelated persons sharing the same dwelling unit as partners is counted as a household.

IDENTIFICATION NUMBER

An identifying number of a particular model of "Conforming Device" attested by a manufacturer or supplier to comply with the standards and procedures set forth in the Federal Communications Commission's Part 68.

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 3 - DEFINITIONS OF TERMS, (Cont'd.)

INDIVIDUAL LINE SERVICE

A classification of exchange service furnished under Tariff provisions which provides that only one exchange access line shall be served by the circuit connected.

INITIAL NONRECURRING CHARGE

A nonrecurring charge made for the furnishing of telephone services, which may apply in addition to service connection charges.

INITIAL SERVICE PERIOD

The minimum period of time for which service is provided, which is typically one month unless otherwise specified in the Tariff

INSTALLATION CHARGE

A nonrecurring charge associated with optional service features and may sometimes be called an "initial" charge, and may apply in addition to service connection charges.

INTEREXCHANGE PRIVATE LINE

A communication path between two or more serving areas not connected for exchange telephone service.

INTERFACE

- (a) The junction or point of interconnection between two systems or equipment having different characteristics which may differ with respect to voltage, frequency, speed of operation, type of signal and/or type of information coding including the connection of other than Company-provided facilities to exchange facilities provided by the Company.
- (b) The point of interconnection between Company equipment and communications facilities on the premise of the Customer. Also referred to as demarcation point.

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 3 - DEFINITIONS OF TERMS, (Cont'd.)

INTERFACE EQUIPMENT

Equipment provided by the Company at the interface location to accomplish the direct connection of facilities provided by the Company with facilities provided by other than the Company.

INTERLATA

Long distance message telecommunications service where point locations are in a different local access and transport area (LATA).

INTRALATA

Long distance message telecommunications service where service point locations are within the same local access and transport area (LATA).

INTRAEXCHANGE CHANNEL SERVICE

Channel connecting two or more "primary terminations" in the same exchange.

INTRAEXCHANGE SERVICE

Telecommunications service confined wholly within a single exchange.

JACK

A fixed socket designed to permit the establishment of a connection between the local exchange facilities and terminal equipment equipped with cords ending in plugs.

KEY EQUIPMENT

Switching keys located in the telephone base or other housing arranged to pick up or hold a line, or to communicate with other telephones in the Customer's communications system.

KEY SYSTEM LINE

A circuit connecting key system equipment with a central office.

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 3 - DEFINITIONS OF TERMS, (Cont'd.)

KEY TELEPHONE SET

A telephone set equipped with keys or buttons in the housing.

KEY TELEPHONE SYSTEM

An arrangement of equipment in combination with telephone sets and associated keys, to connect those telephones to any one of a limited number of exchange, PBX, intercom or private lines. Line status indicating, signaling, holding or other features, are or may be incorporated.

LINE

See "Access Line."

LOCAL ACCESS AND TRANSPORT AREA (LATA)

Denotes a geographic area established for the administration of telecommunications service. It encompasses designated local operating Company serving area which are grouped to serve common social, economic, and miscellaneous purposes.

LOCAL CALLING AREA

See "Local Service Area."

LOCAL CHANNEL

Applies to that portion of a channel which connects a station to the interexchange channel or to a channel connecting two or more exchange access lines within an exchange area.

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 3 - DEFINITIONS OF TERMS, (Cont'd.)

LOCAL EXCHANGE SERVICE

Telecommunications service provided within an exchange for the purpose of establishing connections between Customer premise within the exchange, including connections between a Customer premise and a long distance service provider serving the exchange. Local exchange service may also be referred to as local exchange telephone service.

LOCAL MESSAGE

A communication between two or more exchange access lines within the local service area of the calling telephone.

LOCAL MESSAGE CHARGE

The charge that applies for a completed message that is made when the calling exchange access line and the called exchange access line are both within the same local calling area where a local message charge is applicable.

LOCAL SERVICE

The intercommunication (by means of facilities connected with the Company central office or offices and under the provisions of the Company) between exchange access lines located in the same exchange or in different serving area between which no toll rates apply.

LOCAL SERVICE AREA (LOCAL CALLING AREA)

The area within which telephone service is furnished customers under a specific schedule of exchange rates (flat or measured) and without toll charges. A local service area may include one or more exchange areas under an extended area service arrangement.

LOCAL SERVICE CHARGE

The charge for furnishing facilities to enable a Customer to send or receive telecommunications within the local service area. This local service calling area may include one or more exchange areas.

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 3 - DEFINITIONS OF TERMS, (Cont'd.)

LONG DISTANCE MESSAGE TELECOMMUNICATIONS SERVICE

Facilities furnished by means of wire, radio or a combination thereof for telecommunications between service points in different local service areas in accordance with the regulations and system of charges specified by the Company.

MAINTENANCE SERVICE CHARGE

A nonrecurring maintenance charge applied when service difficulty or trouble results from the use of Customer-provided equipment or inside wiring.

MESSAGE

A communication between two or more exchange access lines. Messages may be classified as local or toll.

MILEAGE

The measurement (airline, route, etc.,) upon which a charge for the use of part or all of a circuit furnished by the Company is based.

MINIMUM CONTRACT PERIOD

The minimum length of time for which a Customer is obligated to pay for service, facilities and equipment, whether or not retained by the Customer for such minimum length of time.

NETWORK CONTROL SIGNALING

The transmission of signals used in the telecommunications system which perform functions such as supervision (control, status, and charging signals), address signaling (e.g., dialing), calling and called number identification and audible tone signals (call progress signals indicating reorder or busy conditions, alerting coin denominations, coin collect and coin return tones) to control the operation of switching machines in the telecommunications system.

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 3 - DEFINITIONS OF TERMS, (Cont'd.)

NONPUBLISHED TELEPHONE NUMBER

A telephone number associated with an exchange access line which, at the request of the Customer, is not listed in the telephone directory and is not made available to the general public by the Company.

NONRECURRING CHARGE

A one-time charge associated with certain installations, changes or transfers of services, either in lieu of or in addition to recurring monthly charges.

OFF PREMISE EXTENSION (OPX)

A telephone located in a different office or building from the main phone system.

ONE PARTY SERVICE

Any exchange access line designed for the provision of exchange service to one premise.

PERMANENT DISCONNECT

A discontinuance of service in which the facilities used in the service are immediately made available for use for another service.

PERSON

Includes individuals, partnerships, corporations, governmental bodies, associations and any other such entity.

Issued:
Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 3 - DEFINITIONS OF TERMS, (Cont'd.)

PREMISE

The same premise consists of:

- (a) the building or buildings, together with the surrounding land occupied as, or used in the conduct of one establishment, business, Residential, or a combination thereof, and not intersected by a public road or by property occupied by others.
- (b) the portion of the building occupied by the customer, either in the conduct of his business or residential, or a combination thereof, and not intersected by a public thoroughfare or by space occupied by others.
- (c) the continuous property operated as a single farm whether or not intersected by a public road.

PREMISE WIRING

All wire within a Customer's premise, including connectors, jacks and miscellaneous materials associated with the wire's installation. Premise inside wire is located on the Customer's side of the Company's premise protector. By definition, Customer premise inside wire excludes riser, buried and aerial cable.

PREASSIGNED NUMBER

A telephone number preassigned before service is actually established.

PREWIRING

Any inside wiring done at the location of a residence or business prior to the initial installation of telephone service.

PRIMARY SERVICE

The initial provision of voice grade access between the Customer's premise and the switched telecommunications network. This includes the initial connection to a new Customer, the move of an existing Customer to a new premise, or the change of a telephone number.

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 3 - DEFINITIONS OF TERMS, (Cont'd.)**PRIMARY TERMINATION**

Applies to channels which extend beyond the continuous property of a Customer or the confines of a single building housing the first premises of more than one Customer. "Primary Termination" also denotes the first termination of such a channel at a station or private branch exchange on the continuous property of a customer. When more than one Customer's premise is located within the same building, the first termination of such a channel at that building constitutes a "primary termination." For purpose of this definition, the location of a "primary termination" for channel services associated with "switching system services" is considered to be at the "switching system services" serving central office. When the "switching system services" serving central office is not in the same exchange as the main location, the "mileage service area" center for the main location will be used in lieu of the "switching system services" serving central office.

PRIVATE BRANCH EXCHANGE

An arrangement of equipment situated on a customer's premises consisting of a switching apparatus with an attendant's telephone, telephones connected with the switchboard, and trunks connecting it with a central office. The Private Branch Exchange provides for intercommunications between these telephones, for communication with the general exchange network, and for long distance message telecommunications service.

PRIVATE BRANCH EXCHANGE LINE

A channel connecting the Private Branch Exchange (PBX) station or other terminal equipment with the PBX switching equipment.

PRIVATE BRANCH EXCHANGE TRUNKS

Trunks connecting a private branch exchange system with a central office for communication with the general exchange network and for long distance message telecommunications service.

PRIVATE LINE

A circuit provided to furnish dedicated communication between two or more directly connected locations and not having connection with central office switching equipment.

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 3 - DEFINITIONS OF TERMS, (Cont'd.)

PRIVATE LINE SERVICE

The channels furnished to a Customer for communication between specified locations.

PROTECTIVE CONNECTING ARRANGEMENT

Equipment provided by the Company for electrical protection when facilities provided by other than the Company are connected with facilities provided by the Company.

PUBLIC THOROUGHFARE

A road, street, highway, lane or alley under the control of and kept by the public.

PUBLISHED TELEPHONE NUMBER

A number which appears in the current telephone directory, or is scheduled to appear in a forthcoming telephone directory, and which also appears in the information records for general public information.

RATE CENTER

A specified geographical location within an exchange area from which mileage measurements are determined for the application of rates between exchange areas.

REFERENCE LISTING

The listing of a generally accepted name of a firm or corporation followed by a reference to another listing.

REGISTERED PROTECTIVE CIRCUITRY

Separate, identifiable and discrete electrical circuitry designed to protect the telephone network from harm, which is registered in accordance with part 68 of the Federal Communications Commission's Rules and Regulations.

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 3 - DEFINITIONS OF TERMS, (Cont'd.)

REGISTERED TERMINAL EQUIPMENT

Terminal equipment which is registered in accordance with Part 68 of the Federal Communications Commission's Rules and Regulations.

RESIDENTIAL SERVICE

Telecommunications service furnished to Customers when the actual or obvious use is for domestic purposes.

ROTARY HUNTING SERVICE

A central office service arrangement whereby a called busy line in a specified line group will automatically advance until an idle line or trunk is found.

SERVICE CHARGE

A nonrecurring nonrefundable charge for work required to establish initial service or to make subsequent additions to, moves, or changes in that service.

SERVICE DROP

Facilities used to connect buried, aerial or underground distribution facilities to the point of entrance to the building where connection is made with the inside wires of a Customer's telephone.

SERVING CENTRAL OFFICE

The central office from which a Customer's telephone service is normally provided.

SIGNAL CONDITIONING EQUIPMENT

That equipment connected to a channel to condition signals generated by data terminal equipment.

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 3 - DEFINITIONS OF TERMS, (Cont'd.)

SINGLE CHANNEL (Half Duplex)

A channel with the capability of transmission alternately in either direction, or for transmission in one direction only.

SPECIALIZED CUSTOMER PREMISE EQUIPMENT

Terminal equipment required by persons with impaired hearing, speech, vision or mobility.

STATION EQUIPMENT

Customer-owned or leased equipment connected to a channel to transmit and/or receive voice communications and/or data signals.

SUPERSEDURE OF SERVICE

An Applicant who otherwise qualifies for the immediate establishment of service may supersede the service of a Customer discontinuing that service when the Applicant is to take service on the premise where service is being rendered, and if a notice to that effect from both the Customer and the Applicant is presented to the Company, and if an arrangement, acceptable to the Company, is made to pay outstanding charges against the service. The Company may require such notice to be in writing.

SUPPLEMENTAL CONTRACT

A contract for service, equipment or facilities in addition to that provided for under the original contract.

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 3 - DEFINITIONS OF TERMS, (Cont'd.)

SUSPENSION OF SERVICE

An arrangement made at the request of the Customer, or initiated by the Company, for temporarily interrupting service.

TARIFF

The schedule of the Company containing all rules and regulations, rates, and charges, stated separately by type or kind of service and the Customer class filed with the Commission.

TELECOMMUNICATIONS SERVICES

The various services offered by the Company as specified in this Tariff.

TELEPHONE COMPANY

See "Company."

TELEPHONE NUMBER

A numerical designation assigned to a Customer for convenience in operation and identification. The telephone numbers include the number prefix of a central office, which is termed "central office designation."

TELEPHONE SOLICITATION

An unsolicited telephone call.

TEMPORARY DISCONNECTION

See "Suspension of Service."

TEMPORARY SERVICE

The provision of service definitely known to be required for a short period of time (generally less than twelve consecutive months) such as, but not limited to, service furnished to building contractors, service to a convention, and service for seasonal business including resorts.

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 3 - DEFINITIONS OF TERMS, (Cont'd.)

TERMINATION AGREEMENT

An agreement between the Company and the Customer to provide or furnish certain lines or equipment representing a comparatively high investment or in lieu of a contribution to construction for temporary service whereby the Customer agrees to compensate the Company in case the service is discontinued prior to the date specified in the agreement.

TERMINATION CHARGE

A charge made to liquidate a Customer's obligations for termination of service prior to the expiration of the initial contract period.

TERMINATION OF SERVICE

The discontinuance of service or facilities provided by the Company, either at the request of the Customer or by the Company under its regulations concerning cancellation for cause.

TIE LINE

A circuit connecting two switching systems (e.g., Private Branch Exchange and/or Automatic Call Distribution Systems) for the purpose of intercommunicating between the stations connected.

TOLL MESSAGE

A communication between two exchange access lines, the called access line being outside of the local or service area of the access line from which the message originates.

TOLL RATE

The initial period charge prescribed for a toll message usually based upon a minimum initial period and distance between serving area.

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 3 - DEFINITIONS OF TERMS, (Cont'd.)

TOLL SERVICE

That part of the total telephone service rendered by the Company which is furnished between different local service areas in accordance with the rates and regulations specified in the Long Distance Message Telecommunications Tariff as may be issued or concurred in by the Company.

TRUNK LINE

A telephone communication channel between a central office and a Private Branch Exchange, or a Key System for the common use of all calls or one class between its two terminals.

UNDERGROUND SERVICE CONNECTION

A drop wire or cable which is run underground from a pole line or an underground distributing cable.

VOICE GRADE FACILITY

A communications path typically used in the telecommunications industry for the transmission of voice and associated telephone signals within the frequency bandwidth of approximately 300 to 3000 Hertz between two points comprised of any form or configuration of physical plant capable of transmitting and receiving these frequencies.

WIDE AREA TELECOMMUNICATIONS SERVICE (WATS)

A service designed to meet the needs of Customers who make or receive substantial volumes of long distance telephone calls. This service is only provided on an inward or outward basis.

WIRE CENTER

A central office location where telephone feeder and distribution cables are terminated.

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 4 - GENERAL RULES AND REGULATIONS

4.1 GENERAL APPLICATION

- 4.1.1** The rules and regulations set out in this Tariff apply to the services and associated facilities furnished by the Company within its operating territory.
- 4.1.2** Complete Tariffs containing all rates for Local Exchange Service will be kept at all times in the Company's local business office where they will be available for public inspection during regular business hours. Copies may be obtained at reproduction cost.
- 4.1.3** Failure on the part of any business or residential Customer to observe these rules and regulations of this Tariff gives the Company the right to cancel all contracts and discontinue the furnishing of service.

4.2 ESTABLISHING SERVICE

4.2.1 Availability of Facilities

- A. The rates and charges quoted in this Tariff provide for the furnishing of service and facilities where suitable facilities are available.
- B. The Company shall not be liable for failure to furnish service.
- C. When service and facilities are provided in part by the Company and in part by other connecting companies the regulations of the Company apply to that portion of the service and facilities furnished by the Company.
- D. The Company offers to its Customers, access to the local exchange network, including usage and measured usage within the local service area where equipment and facilities permit.
- E. The Company offers affordable line connection, access to long distance carriers and operator services.
- F. The Company offers access to customer support services, including billing.

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 4 - GENERAL RULES AND REGULATIONS, (Cont'd.)

4.2 ESTABLISHING SERVICE, (Cont'd.)

4.2.2 Application for Service

Applications for service or requests or orders by the business and residential Customers for additional services or facilities may be made orally, or in writing when deemed necessary by the Company, and shall constitute a contract when accepted by authorized employees or agents of the Company, or upon establishment of service.

4.2.3 Cancellation or Change in Application for Service

- A. Where the Customer cancels an application for service prior to the start of installation of service or of special construction no charge applies.
- B. Where installation of service has been started prior to the cancellation, a Cancellation Charge equal to the Minimum Service Charge may apply.
- C. When a Customer requests a change in location of all or a part of the facilities covered by the application for service, or additions, rearrangements, or modifications of existing service prior to completion of the work involved, the Customer is also required to pay the amount of additional costs and expenses incurred by the Company in completing the work as changed.

Issued:
Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 4 - GENERAL RULES AND REGULATIONS, (Cont'd.)

4.2 ESTABLISHING SERVICE, (Cont'd.)

4.2.4 Refusal of Service

A. Grounds for Refusal of Service:

1. The Company may refuse to serve an Applicant for any one of the following reasons:
 - a. In the event of Customer use of equipment in such a manner as to adversely affect the Company's equipment or service to others.
 - b. In the event of tampering with the equipment furnished and owned by the Company.
 - c. For violation of or noncompliance with the Commission's Regulations Governing Telephone Service by Telephone Utilities, or for violation of or non-compliance with the Company's rules on file with the Commission.
 - d. For failure to comply with municipal ordinance or other laws.
 - e. For failure of the Customer to permit the Company reasonable access to its equipment.
 - f. For nonpayment of bill.

B. Applicant's Recourse

In the event the Company refuses to serve an Applicant, the Company will inform the Applicant of the reasons for its refusal.

4.2.5 Transfer, Assignment, or Supersedure of Service

- A. Service previously furnished to one (1) Customer may not be assumed by a new Customer without lapse in the rendition of service. The new Customer must execute a new service agreement subject to the provisions of this Tariff.

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 4 - GENERAL RULES AND REGULATIONS, (Cont'd.)

4.2 ESTABLISHING SERVICE, (Cont'd.)

4.2.6 Minimum Service Periods

Unless otherwise specified elsewhere in this Tariff, the minimum service period for all services offered in this Tariff is one (1) month beginning on and including the day following the establishment of service. The minimum service period relates to each applicable unit of service, either on the initial or subsequent installations. For purposes of administration, each month is considered to have thirty (30) days.

4.2.7 Priority of Establishment of Service

Applications for service in a particular exchange will be completed in the chronological order of their receipt to the extent practical and economical, and depending on the availability of facilities.

4.2.8 Deposits

The Company will not require deposits as a condition for establishment of service.

Issued:
Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 4 - GENERAL RULES AND REGULATIONS, (Cont'd.)

4.3 FURNISHING OF SERVICE

4.3.1 Provision and Ownership of Service and Facilities

Service and facilities furnished by the Company on the premise of a Customer or Authorized User are the property of the Company and are provided upon the condition that such service and facilities, except as expressly provided in this Tariff, must be installed, relocated, and maintained by the Company. Company employees and agents may enter said premise at any reasonable hour to install, to inspect, or to repair any part of the Company's facilities on the Customer's premise, or to remove such facilities which are no longer necessary for the provision of service.

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 4 - GENERAL RULES AND REGULATIONS, (Cont'd.)

4.3 FURNISHING OF SERVICE, (Cont'd.)

4.3.2 Company Facilities at Hazardous or Inaccessible Locations

- A. Where service is to be established or maintained at a location that would involve undue hazards or where accessibility is impracticable to employees of the Company, the Company may refuse to furnish such service and/or the Customer may be required to install and maintain the Company's facilities in a manner satisfactory to the Company. The Customer will reimburse the Company for any unusual costs involved.
- B. The Customer shall indemnify and hold the Company harmless from any and all loss, claims, or damage by reason of the installation and maintenance of such service and/or facilities.

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 4 - GENERAL RULES AND REGULATIONS, (Cont'd.)

4.3 FURNISHING OF SERVICE, (Cont'd.)

4.3.3 Protective Equipment

- A. Protective equipment is required when a hazardous electrical environment is present at a Customer's premise and when the estimated rise in ground potential is sufficient to cause damage to Company facilities or to endanger the safety of the Company's employees or Customers. The Customer must provide the protective equipment subject to Company specifications.
- B. Other special protective equipment and/or neutralizing transformers, isolating transformers, drain coils for use in providing service to Customer's premise where there are high ground potentials, even though not required, may be provided by the Customer, subject to specifications in this Tariff.
- C. All equipment connected to the Company's facilities and the telecommunications network shall meet the provisions of Part 68 of the Federal Communications Commission's Rules and Regulations.

4.3.4 Telephone Numbers

- A. Telephone numbers are the property of the Company and are assigned to the service furnished the Customer. The Company reserves the right to change such numbers and/or the central office name associated with such numbers assigned to the Customer, whenever the Company deems it necessary to do so in the conduct of its business.
- B. The Company shall list each Customer with directory assistance except those numbers not listed at the Customer's request.

Effective:

SECTION 4 - GENERAL RULES AND REGULATIONS, (Cont'd.)

4.3 FURNISHING OF SERVICE, (Cont'd.)

4.3.5 Classifications of Service

A. Basis for Classification

The determination as to whether a Customers service should be classified as business or residential service is based on the character of the use to be made of the service and facilities. This consideration is, in all cases, the basis upon which the rates for any particular service are classified, and any indices of such character of use should be applied with this primary definition in mind.

B. Application of Business Rates

Business rates apply whenever the use of the service is primarily or substantially of a commercial, professional, institutional, or otherwise occupational nature, or where the listing required is such as to indicate business use.

C. Application of Residential Rates

Residential rates apply when the use of the service is of a domestic nature, provided that service is not used substantially for occupational purposes.

Jackson, MS 39201

Effective:

SECTION 4 - GENERAL RULES AND REGULATIONS, (Cont'd.)

4.3 FURNISHING OF SERVICE, (Cont'd.)

4.3.6 Installation, Maintenance, and Repair of Facilities

- A. All ordinary expense of installation, maintenance, and repairs of Company equipment and facilities, unless otherwise specified in this Tariff, is borne by the Company. Where special conditions or requirements of the Customer involve unusual construction or installation costs, the Customer may be required to pay a reasonable proportion of such costs. In case of damage, loss, theft, or destruction of any of the Company's property due to the negligence or willful act of the Customer or other persons authorized to use the service and not due to ordinary wear and tear, the Customer shall be required to pay the actual expense incurred by the Company in connection with replacement of the property or the expense incurred in restoring it to its original condition.
- B. The Customer shall not install, disconnect, rearrange, remove, or attempt to repair any facilities owned and furnished by the Company or permit others to do so, except upon the written consent of the Company or as otherwise specified in the Company's applicable Tariffs. The Company shall have the right to charge the Customer for losses experienced as a result of unauthorized tampering.
- C. The Customer may be billed the applicable Minimum Service Charge for each service call to the Customer's premise where off-hook condition is found.

Jackson, MS 39201

Effective:

SECTION 4 - GENERAL RULES AND REGULATIONS, (Cont'd.)

4.3 FURNISHING OF SERVICE, (Cont'd.)

4.3.7 Work Performed Outside Regular Working Hours

The rates and charges specified in this Tariff contemplate that all work in connection with furnishing or rearranging service will be performed during regular working hours. Whenever a Customer requests that work necessarily required in the furnishing or arranging of his service be performed outside the Company's regular working hours, or that work already started should be interrupted, the Customer may be required to pay the amount of additional costs the Company incurs as a result of the Customer's special requirements, in addition to the other rates and charges specified in this Tariff.

700 South West Street
Jackson, MS 39201

Effective:

SECTION 4 - GENERAL RULES AND REGULATIONS, (Cont'd.)**4.4 USE OF SERVICE AND FACILITIES****4.4.1 Use of Service**

- A. The Company may refuse to install or may terminate a Customer's service if it is located on premise of a public or semi-public nature or in a business establishment, where the public in general or patrons of the Customer may make use of the service.
- B. Services provided by the Company may not be resold by the Customer or used in any manner for which the Customer receives compensation from the user except as provided herein:
 - 1. Access services provided pursuant to Interstate or Intrastate Access Services Tariffs the Company issues or concurs in.
 - 2. Services provided to hotels, motels, hospitals, and cellular and paging Customers when such services are resold to guests, patients, or Customers.
- C. The Customer is responsible for payment of all charges of the Company for all services ordered by the Customer, including those that are shared or resold as provided herein, regardless of whether such charges are associated with the Customer's usage or that of any Authorized Users and regardless of whether such Authorized Users have paid the Customer for their share of the Company's charges.

4.4.2 Accessories Provided by the Customer

No equipment, accessory, apparatus, circuit or device shall be attached to or connected with the Company facilities except as provided in this Tariff. In case any such unauthorized attachment or connection is made, the Company shall have the right to remove or disconnect the same, to suspend service during the continuance of said attachment or connection, or to disconnect service. The Customer shall be held responsible for the cost of correcting any impairment of service caused by the use of such attachments or connections and shall be billed for each service call made to his/her premises because of the use of such attachments or connections.

Effective:

SECTION 4 - GENERAL RULES AND REGULATIONS, (Cont'd.)

4.4 USE OF SERVICE AND FACILITIES, (Cont'd.)

4.4.3 Limit On Communication

The Company reserves the right to limit the length of communications when necessary due to a shortage of facilities caused by emergency conditions.

4.4.4 Unlawful, Abusive, or Fraudulent Use of Service

- A. The service is furnished subject to the condition that it will not be used for any unlawful purpose. Service will be discontinued, after proper written notice, if any law enforcement agency, acting within its apparent jurisdiction, advises in writing that such service is being used in violation of law. The Company will refuse to furnish service when it has reasonable grounds to believe that such service will be used in violation of law. The Company shall in no event be liable for any damage resulting from any action taken or threatened pursuant to this Section.
- B. The Company may suspend or terminate telephone service to any person(s), firm or corporation who: uses or permits the use of foul, abusive, obscene or profane language over the facilities furnished by the Company; or impersonates or permits impersonation of any other individual with fraudulent or malicious intent; or uses or permits their telephone to be used to make calls whether anonymous or otherwise in any manner which could reasonably be expected to frighten, abuse, torment, or harass another; or uses the service in such a manner as to interfere in any way with the service of others.

Effective:

SECTION 4 - GENERAL RULES AND REGULATIONS, (Cont'd.)

4.4 USE OF SERVICE AND FACILITIES, (Cont'd.)

4.4.5 Timing of Calls

- A. Unless otherwise indicated in this Tariff, following the initial sixty (60) seconds, calls are timed in six (6) second increments. "Ring-busy" and "ring-no-answer" calls will not knowingly be charged to the Customer. If charged in error, the Customer will be credited. Timing begins at the "starting event" and ends at the "terminating event," unless otherwise specified. Time between the starting event and the terminating event is the call duration. The minimum call duration for a completed call is sixty (60) seconds, unless otherwise specified.
- B. The starting event occurs when the Company's terminal experiences an "Incoming Signaling Protocol Successful," i.e., upon the seizure of an inbound trunk.
- C. The terminating event occurs when the Company's terminal receives a signal from the Local Exchange Carrier that either the calling party or the called party has hung up.
- D. There shall be no charge for unanswered calls.

SECTION 4 - GENERAL RULES AND REGULATIONS, (Cont'd.)**4.5 DISCONNECTION, TERMINATION OR SUSPENSION OF SERVICE, (Cont'd.)****4.5.1 Discontinuance of Service, (Cont'd.)****B. Discontinuance for Reasons Other than Nonpayment**

Service may be refused or discontinued for any of the reasons listed below. Unless otherwise stated, the Customer shall be allowed a reasonable time in which to comply with the rule before service is discontinued. No service shall be disconnected on the day preceding a day or days on which the Company's business office is closed, except as provided in (a)-(d) below.

- a.) Without notice in the event of a condition on the Customer's premises determined by the Company to be hazardous.
- b.) Without notice in the event of tampering with the equipment furnished and owned by the Company.
- c.) Without notice in the event of Customer use of equipment in such a manner as to adversely affect the Company's equipment or the Company's service to others or use of Customer-provided equipment which is incompatible with the Company's equipment.
- d.) Without notice in the event of unauthorized use.
- e.) For failure of the Customer to permit the Company reasonable access to its equipment for inspection.
- f.) For violation of and/or noncompliance with the Company's rules on file with and approved by the Commission.
- g.) For failure of the Customer to fulfill his contractual obligations for service and/or facilities subject to regulations by the Commission.

Effective:

SECTION 4 - GENERAL RULES AND REGULATIONS, (Cont'd.)

4.5 DISCONNECTION, TERMINATION OR SUSPENSION OF SERVICE, (Cont'd)

4.5.1 Discontinuance of Service, (Cont'd)

C. Insufficient Reasons for Denying Telephone Service

The following, shall not constitute sufficient cause for denying service.

1. Failure to pay for business service at a different location and a different telephone number shall not constitute sufficient cause for refusal of residence service or vice versa.
2. Failure to pay directory advertising charges in dispute.
3. Failure to pay charges in dispute billed for other carriers or information service providers.
4. Failure to pay for non-regulated equipment or services.

4.5.2 Termination of Service

A. Termination of Service by the Company

1. When the service is terminated on the initiative of the Company because of violation of its regulations by the Customer, the regulations stipulated in the paragraph below for termination of service by the Customer apply.
2. Should service be terminated for nonpayment of charges, restoration of service will be made only as prescribed in Section 4.5.3 of this Tariff.

Effective:

SECTION 4 - GENERAL RULES AND REGULATIONS, (Cont'd.)

4.5 DISCONNECTION, TERMINATION OR SUSPENSION OF SERVICE, (Cont'd.)

4.5.3 Restoration of Service

- A. For restoration of a Customer's Telecommunications Service when service has been disconnected the following conditions are applicable.
- B. If the Customer's service has been terminated the Customer must reapply for telephone service as a new applicant before having service restored. Such application will be subject to applicable Service Charges.
- C. At its discretion, the Company may restore or re-establish service, which has been suspended or disconnected for nonpayment of charges prior to payment of all charges due. Such restoration or re-establishment shall not be construed as a waiver by the Company of any rights to suspend or disconnect service for nonpayment of charges due and unpaid, or for the violation of the provisions of this Tariff. Moreover, the Company's failure to suspend or disconnect service for nonpayment of any past due account or accounts shall not operate as a waiver or estoppel to suspend or disconnect service for nonpayment of such account or of any other past due account.

SECTION 4 - GENERAL RULES AND REGULATIONS, (Cont'd.)

4.6 CUSTOMER RELATIONS

4.6.1 General

- A. The Company will maintain a current set of maps showing the physical locations of its facilities and telephone exchange locations. Each central location will have available up-to-date maps or records of its immediate area, with such other information as may be necessary to enable the Company to advise applicants and others entitled to the information, as to the facilities available for serving that locality.
- B. Upon request for service by an Applicant or upon request for transfer of service by a Customer, the Company shall inform the applicant or Customer of the Company's lowest priced alternatives available at the Customer's location. The Company shall provide this information beginning with the lowest priced alternative and giving full consideration to applicable service or equipment options and Installation Charges.

SECTION 4 - GENERAL RULES AND REGULATIONS, (Cont'd.)

4.6 CUSTOMER RELATIONS, (Cont'd)

4.6.1 General, (Cont'd)

- C. The Company will post a notice in a conspicuous place in each business office of the Company where applications for service are received informing the public that copies of the rate schedules and rules relating to the services of the Company, as filed with the Commission, are available for inspection.
- D. The Company will provide to all new telephone utility Customers, at the time service is initiated, a pamphlet or information packet advising the Applicant of his or her rights as a Customer. This information shall inform the Customers concerning their right to request information relating to rates and services; bill payment policies; regulations in regard to termination of service; billing disputes; information about alternative payment plans; reconnection of service after involuntary termination; Customer complaints, supervisory review by the Company and registering a complaint with the Commission; Company business office hours, addresses and telephone numbers; statement of nondiscrimination; and availability of any special services such as readers or notices in Braille, as well as the telephone number of the teletypewriter for the deaf at the Commission.

4.6.2 Customer Complaints

- A. The Company will make a full and prompt investigation of all types of complaints made by its Customers, either directly to it or through the Commission.
- B. The Company will within ten (10) working days, after receipt of a complaint forwarded by the Commission, file a written reply, with the Commission.
- C. In the event the complainant is dissatisfied with the Company's report, the Company will advise the complainant of the Commission complaint process, and inform the complainant that they may contact the Division at the Commission which is responsible for handling complaints.

4.6.2 Customer Complaints, (Cont'd.)

- D. The Company shall keep a record of all complaints which shall show the name and address of the complainant, the date and nature of the complaint, and the adjustment or disposition thereof, for a period of two years subsequent to the final settlement of the complaint. Complaints with reference to rates or charges, which require no further action by the Company, will not be recorded.

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 4 - GENERAL RULES AND REGULATIONS, (Cont'd.)**4.6 CUSTOMER RELATIONS, (Cont'd)****4.6.3 Payment for Service**

A Customer shall be responsible for the payment of all charges for services and equipment furnished the Customer, including charges for services originated and/or charges accepted at the Customer telephone. Failure to receive a bill or disconnect notice does not relieve the Customer of the responsibility for payment provided the Company has followed procedures for proper Customer notification. The services or facilities furnished by the Company may be suspended for failure of the Customer to pay any sum due as set forth under Sections concerning discontinuance of service.

A. Billing Period and Charges

1. Bills for telephone service will normally be rendered monthly. Bills may be rendered more frequently, however, when it is considered necessary or advisable by the Company.

B. Bills shall show the following:

- a.) Sufficient detail and explanation to allow a Customer to understand the charges purpose and origin. The charge at a minimum will describe the service, the date the service was provided to the Customer, the name of the Company and a toll free number of the Company.
- b.) The toll-free number of the Company listed on the bill will be answered weekdays from 8:00 a.m. to 5:00 p.m. local time.
- c.) Upon request by a Customer, the Company will provide the name of the authorized individual who approved the charge and the date of the approval. Failure of the Company to supply this information to the Customer within three (3) business days from the initial request shall be sufficient grounds to waive disputed charges.
- d.) A statement indicating that non-payment of third party charges will not result in disconnection of local service.
- e.) The billing date, which shall be the first day of the billing cycle;
- f.) The due date, which shall be the date the payment is due to the Company;
- g.) The delinquent date, which shall be 20 days after the billing date;

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

- h.) The delinquent charge;

SECTION 4 - GENERAL RULES AND REGULATIONS, (Cont'd.)

4.6 CUSTOMER RELATIONS, (Cont'd.)

4.6.3 Payment for Service, (Cont'd.)

- C. Charges for local services and facilities are payable monthly in advance.
- D. Provision for Certain Local Taxes and Fees

In the event a municipality imposes, collects, or receives from the Company any license, occupational, franchise, privilege, inspection or other similar tax or fee, or otherwise, whether in a lump sum, or at a flat rate, or based on receipts, or based on poles, wires, conduits or other facilities, or otherwise, so much of the aggregate amount of such tax or fee will be billed, insofar as practical, pro rata to the Customers receiving exchange service within such municipality, and will be itemized on the Customer's bill.

Issued:
Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 4 - GENERAL RULES AND REGULATIONS, (Cont'd.)**4.6 CUSTOMER RELATIONS, (Cont'd.)****4.6.3 Payment for Service, (Cont'd.)****E. Pro Rating of Charges**

Charges for service normally furnished on a monthly basis (except those involving a minimum billing period) billed for periods in excess of, or less than, a billing month will be pro rated.

F. Late Charges

A bill is not considered past due until 20 days after the billing date. A maximum of 5% penalty will be charged on the unpaid balance not to include any previously unpaid late fee charged.

G. Suspended or Disconnected Service

1. Should service be suspended for nonpayment of charges, it will be restored only as provided in Section 4.5.3 of this Tariff.
2. When service has been disconnected for nonpayment, the service agreement is considered to have been terminated. Re-establishment of service may be made only upon the execution of a new service agreement which is subject to the provisions of this Tariff.

H. Payment Arrangements

The Company may agree to a payment arrangement, whereby an outstanding bill will be paid after the due date of the bill but before the due date of the next bill if a Customer so requests. If the Customer does not fulfill the terms of such payment arrangements the Company shall have the right to disconnect service. A disconnect notice must be issued prior to termination of service, if one had not been issued before the payment arrangement was executed.

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 4 - GENERAL RULES AND REGULATIONS, (Cont'd.)

4.6 CUSTOMER RELATIONS, (Cont'd.)

4.6.4 Allowance for Interruptions

- A. The Company will make all reasonable efforts to prevent interruptions of service. Arrangements shall be made to receive Customer trouble reports twenty-four (24) hours daily and to clear troubles of an emergency nature at night and weekends, as well as during regular working hours, consistent with bona fide needs of the Customer and personal safety of Company personnel.
- B. The Company will maintain an accurate record of trouble reports made by its Customers. This record shall include appropriate identification of the Customer, of service affected, the time, date and nature of the report, and action taken to clear trouble or satisfy the complaint and the date and time of trouble clearance or other disposition. This record shall be available to the Commission or its authorized representatives upon request, and shall be retained for a minimum of twelve (12) months.
- C. All repair service commitments to Customers shall be kept, unless Customers are timely notified of unavoidable delays. If unusual repairs are required, or other factors preclude clearing of reported trouble promptly, reasonable efforts shall be made to notify affected Customers.
- D. The service objective shall be to clear ninety (90) percent of out-of-service (no service) troubles, not requiring unusual repair, within twenty-four (24) hours of the report received by the telephone utility, unless the Customer specifically requests a later time (except Sundays and holidays).
- E. Planned interruptions of service shall be made at a time that will not cause unreasonable inconvenience to Customers and shall be preceded, if feasible, by at least a two (2) day notice to those who will be affected.

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 4 - GENERAL RULES AND REGULATIONS, (Cont'd.)**4.6 CUSTOMER RELATIONS, (Cont'd.)****4.6.4 Allowance for Interruptions, (Cont'd.)**

- F. In the event service is interrupted due to malfunction of Company equipment and not by the negligence or willful act of the Customer and it remains out of order for more than 48 consecutive hours after being reported or found to be out of order and access is made available for repairs, appropriate pro rata adjustments shall be made to the Customer upon request. The refund to the Customer shall be the pro-rata part of the month's flat rate charges for the period of days and that portion of the service facilities rendered useless or inoperative. The refund is calculated as follows:

$$\text{Amount of Refund} = \frac{\text{Total number of Days Interrupted}}{\text{Total Number of Days in Billing Period}} \times \text{Monthly Rate}$$

4.6.5 Adjustment of Charges for Overbilling and Underbilling

- A. If billings for Telecommunications Service are found to differ from the Company's lawful rates for the services being purchased by the Customer, or if the Company fails to bill the Customer for such services, a billing adjustment shall be calculated by the Company.
- B. Any undercharge in Customer billing as a result of the Company's error shall not be back-billed in excess of thirty-six (36) months. No back-billing shall be allowed without immediate written notification by the Company to the Customer at the time of discovery by the Company including notice that the Customer shall be given the option of repayment of amounts due in monthly installments equal to the period of said underbilling.
- C. Where any overcharge in billing of a Customer is the result of the Company's error, such Customer shall be due a refund of such excess billing for up to thirty-six (36) months from the date an objection is filed by the Customer.

4.6.6 Disputed Bills

In the event of a dispute between the Customer and the Company respecting any bill, the Company may require the Customer to pay the undisputed portion of the bill to avoid discontinuance of service for nonpayment. The Company shall make such investigation as may be appropriate to the particular case and report the result thereof to the Customer. In the event the dispute is not reconciled, either party may make application to the Commission for review and disposition of the matter.

700 South West Street
Jackson, MS 39201

Effective:

SECTION 4 - GENERAL RULES AND REGULATIONS, (Cont'd.)

4.7 LIABILITY OF THE COMPANY

4.7.1 Service Irregularities

The liability of the Company for damages arising out of mistakes, omissions, interruptions, delays, errors, or defects in transmission, or failure or defects in facilities furnished by the Company, occurring in the course of furnishing service or other facilities and not caused by the negligence of the Company in failing to exercise reasonable supervision or to maintain proper standards of maintenance and operation, shall in no event exceed an amount equivalent to the proportionate Local Service Charge to the Customer for the period of service during which such service irregularities occur and continue.

However any such mistakes, omissions, interruptions, delays, errors, or defects in transmission or failure or defects in facilities furnished by the Company which are caused or contributed to by the negligence or willful act of the Customer, Authorized User, or Joint User or which arise from the use of Customer provided premise equipment shall not result in the imposition of any liability whatsoever upon the Company.

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 4 - GENERAL RULES AND REGULATIONS, (Cont'd.)

4.7 LIABILITY OF THE COMPANY, (Cont'd.)

4.7.2 Use of Facilities of Other Connecting Carriers

When suitable arrangements can be made, facilities of other connecting carriers may be used in conjunction with the Company's facilities in establishing connections to points not reached by those facilities. Neither this Company nor any connecting carrier participating in a service shall be liable for any act or omission of any other Company or companies furnishing a portion of such service.

4.7.3 Indemnifying Agreement

The Company shall be indemnified and saved harmless by the Customer against claims for libel, slander, or the infringement of copyright arising directly or indirectly from the material transmitted over Company facilities or the use thereof.

4.7.4 Defacement of Premise

The Company is not liable for any defacement or damage to the premise of a Customer resulting from the furnishing of service or the installation, attachment, or removal of the facilities furnished by the Company on such premise.

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 4 - GENERAL RULES AND REGULATIONS, (Cont'd.)

4.8 INDIVIDUAL CASE BASIS (ICB) ARRANGEMENTS

4.8.1 General

Arrangements will be developed on a case-by-case basis in response to bona-fide request from a Customer or Applicant to develop a competitive bid for a service offered under this Tariff. Rates quoted in response to such competitive request may be different than those specified for the services in this Tariff. ICB rates will be offered to the Customer or Applicant in writing and on a nondiscriminatory basis.

Individual Case Basis Arrangements are subject to Commission review and approval.

4.9 TEMPORARY PROMOTIONAL PROGRAMS

4.9.1 General

The Company may establish temporary promotional programs wherein it may waive or reduce nonrecurring or recurring charges to introduce present or potential Customers to a service not previously received by the Customer(s).

Effective:

SECTION 5 - SERVICE CHARGES

5.1 DEFINITIONS

5.1.1 Account

A Customer's record relating to his/her service or equipment billed to a telephone number. Service may be located on one (1) or more premise as long as it is part of his/her main telephone system and billed to the main telephone number.

5.1.2 Service Charge Elements

A. Service Order Charge

The Company's charge associated with the receipt, recording and processing of information in connection with a Customer's or Applicant's request for service to be provided to the same account, at the same time and on the same premise or continuous property.

B. Customer Premise Visit Charge

The Company's charge associated with a trip to the Customer/Applicant's premise to comply with the Customer/Applicant's request to establish service.

5.2 APPLICATION OF CHARGES

5.2.1 General

- A. Service Charges are in addition to other rates and charges normally applied under this Tariff, and are applicable for all services furnished to the Customer as indicated throughout.
- B. The Service Charges are intended to cover costs incurred by the Company to establish, add to, or to rearrange service as requested by the Customer.
- C. The Service Charges are applicable to work performed during normal working hours, on days of the week other than weekends or holidays. If the Customer requests that work be performed at hours outside of the normal business hours (9:00 a.m. to 5:00 p.m.) or business week (Monday - Friday), or interrupts work once begun, an additional charge applies based on the additional costs incurred by the Company.

SECTION 5 - SERVICE CHARGES, (Cont'd.)

5.2 APPLICATION OF CHARGES, (Cont'd)

5.2.2 Specific Application of Service Charges

A. Service Order Charges

1. Examples of Service Order Charges are:

- a. For requests to establish an account for initial connection of service.
- b. For connection of additional local exchange access lines, private lines or detached access lines to an established service.
- c. For changes and transfers of service involving a change in name and responsibility, except in the case of a surviving spouse who has established service.
- d. For restoration of service disconnected for non-payment of telephone bills.
- e. For subsequent requests for service, for temporary disconnection at the Customer's request, for restoration of service after temporary disconnect at the Customer's request, and for requests for change in class or grade of service.
- f. For service ordered while that Customer has a pending service order and which requests services that cannot be included on the pending service order.
- g. For additions, moves or changes of lines in the same building or in different buildings on the same premise.
- h. For each telephone number changed at the Customer's request, including number changes to provide trunk hunting. No charge is applicable for a number change initiated by the Company.
- i. For changes to a directory listing if a Customer requests this change more than once in a calendar year.
- j. When two (2) or more segments of a local private line or detached access line are bridged in the central office. In this event, a Service Order Charge will apply for each segment of the affected line.

SECTION 6 - LOCAL EXCHANGE SERVICE, (Cont'd.)

6.6 DUAL PARTY RELAY SERVICE OR TELECOMMUNICATIONS RELAY SERVICE

Dual Party Relay Service or Telecommunications Relay Service permits hearing and speech impaired users of Telecommunications Devices for the Deaf (TDD) to communicate with users of ordinary telephones. The Company concurs with the rates, rules and regulations filed with the Commission as they relate to the provision of this service. The Company will apply the required surcharge to Customer bills in accordance with the aforementioned rules.

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 7 - DIRECTORY PUBLICATION AND USE

7.1 DIRECTORY LISTINGS

7.1.1 Provision of Directory Listings

- A. For each Customer of Company provided Local Exchange Service, the Company will arrange for the listing of the Customer's main billing telephone number in the directory(ies) published by the incumbent Local Exchange Company in the area at no additional charge.
- B. At a Customer's option, the Company will arrange for additional listings at the rates specified.
- C. Listings are regularly provided in connection with all classes of exchange service unless the Customer subscribes to Non-Published Number Service.
- D. Directory listings are provided to aid in the use of telephone service through the identification of Customer's telephone numbers.
- E. The contract period for directory listings where the primary or additional listing appears in the directory is the directory period.
- F. Non-published Telephone Number Service is provided by the Company. This is a type of service where the Customer's number is not included in the published directory, but is included in the information records and is provided by the directory assistance operator upon request.

7.1.2 Primary Directory Listings

- A. Number of Listings Provided Without Charge

Except as provided in this Tariff, one (1) primary listing is provided without extra charge for each main service or for the first number in a group, when two (2) or more main station lines are consecutively operated.

Issued:

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 7 - DIRECTORY PUBLICATION AND USE, (Cont'd.)

7.1 DIRECTORY LISTINGS, (Cont'd)

7.1.3 Additional Directory Listings

A. General

1. Charges for additional listings begin on the date the information records are posted and are payable monthly in advance.
2. Additional listing charges are automatically discontinued upon termination of the main service.

7.1.4 Non-Published Telephone Number Service

A. General

1. Non-Published Telephone Number Service provides for the omission or deletion of a Customer's telephone number listing from the directory.
2. In the absence of gross negligence or willful misconduct, the Company assumes no liability for publishing a non-published telephone number. Where such number is published in the directory, the Company's liability shall be limited to a refund of the Company's monthly charges applicable to Non-Published Telephone Number Service.
3. The Customer indemnifies and saves the Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by refusing to disclose a non-published telephone number upon request, or by the publication of a number of a non-published telephone number in the telephone directory, or disclosing of such number to any person.

Issued By: James N. C. Moffat, III, Executive Vice Pres.
700 South West Street
Jackson, MS 39201

Effective:

SECTION 7 - DIRECTORY PUBLICATION AND USE, (Cont'd.)**7.1 DIRECTORY LISTINGS, (Cont'd)****7.1.4 Non-Published Telephone Number Service, (Cont'd.)****A. General, (Cont'd.)**

4. The rate for Non-Published Telephone Number Service does not apply to:
 - a. Additional service furnished to the same Customer who has other service listed in the directory at the same address.
 - b. A Customer living in a hotel, hospital, retirement complex, apartment house, boarding house, or club if the Customer is listed under the telephone number of the Private Branch Exchange, Centrex or Paystation Service furnished to such establishments.
 - c. Service, which is installed for a temporary period.
5. A Customer residing in an E911 Service district forfeits the privacy afforded by Non-Published Telephone Number Service to the extent that the Customer's name, telephone number and the address associated with the service location are furnished to the E911 service administrator, E911 public safety answering point (PSAP) or E911 service database.

7.1.5 Non-listed Telephone Number Service

- A. A non-listed telephone number is one for which no listing appears in the alphabetical section of the directory. The number is listed in the information records and is given out upon request.
- B. A Service Connection Charge applies to the establishment or change of non-listed telephone numbers.

7.1.6 Alternate Listing

- A. An alternate listing may be provided to the subscriber for the purpose of directing calling parties to other telephone numbers usbject to the following conditions:
 - a. Names of individuals are not permitted
 - b. Text may not exceed one line
- B. Rates are applied based on nights, Sundays and Holidays or other.

Effective:

SECTION 7 - DIRECTORY PUBLICATION AND USE, (Cont'd.)

7.1 DIRECTORY LISTINGS, (Cont'd)

7.1.7 Cross Reference Listing

A Cross Reference Listing may be furnished to a business or residence subscriber as a main listing subject to the following:

- an individual subscribing to business service when it is a persona name listing and the person is also known by a nickname
- two individuals subscribing to residence service having the same surname and address, or an individual known by more than one name.

7.1.8 Foreign Listing

- A. A listing in the alphabetical section of Company directories outside the subscriber's local exchange may be furnished. The listing is subject to the rates and regulations applicable to the published directory in which the listing is to appear.
- B. When in the sole judgment of the Company, in the case of stations located in an exchange border area, a foreign listing is needed for better identification, in order, to facilitate the completion of calls, such listing may be provided without charge.

SECTION 7 - DIRECTORY PUBLICATION AND USE, (Cont'd.)

7.1 DIRECTORY LISTINGS, (Cont'd.)

7.1.9 Liability For Directory Listing Service

A. General

1. The Company shall not be liable for any error, omission, or other failure in connection with directory listings furnished without additional charge. The Customer agrees to hold the Company free and harmless of and from any claims, loss, damage, or liability which may result from such error, omissions, or other failures.
2. The liability, if any, of the Company for any error, omission, or other failure in connection with directory listings furnished at an additional charge shall in no event exceed the charge for that listing during the effective life of the directory in which the error or omission is made.
3. In accepting listings as prescribed by Applicants or Customers, the Company will not assume liability for the result of their publication in its directories nor will the Company be a party to controversies arising between Customers or others as a result of listings published in the directory.

SECTION 7 - DIRECTORY PUBLICATION AND USE, (Cont'd.)**7.1 DIRECTORY LISTINGS, (Cont'd.)****7.1.10 Service Charges****A. Service Charges**

1. A Secondary Service Order Charge applies for additions or changes in directory listings. For all orders to establish or change non-published telephone numbers a Service Order and Central Office Line Connection Charge applies.
2. When directory listings are ordered at the same time as the initial installation of local access line service no additional Service Charges will be applied for the directory listing(s).

7.1.11 Rates

	<u>Business</u>	<u>Residence</u>
First Listing	No Charge	No Charge
Additional Listings, each	\$ 2.10	\$ 1.20
Non-published Number, each	N/A	\$ 4.00
Non-Listed	N/A	\$ 3.85
Alternate Listing		
- Nights, Sundays, Holidays, each	\$ 2.10	\$ 1.80
Cross Reference Listing, each	\$ 2.10	\$ 1.20
Foreign Listings, each	\$ 2.10	\$ 1.20

7.2 PROVISION AND OWNERSHIP OF DIRECTORIES

- A. One copy of local directories shall be distributed per access line, without charge. Additional directories including replacement of mutilated or destroyed directories will be furnished at the discretion of the Company at a reasonable rate.
- B. Telephone directories shall be issued approximately every twelve (12) months. The Company issues directories to assist in furnishing prompt and efficient service. The Company does not guarantee to its Customers correct listings therein. Every precaution is taken to prevent errors in, and omissions of, directory listings. The Company's liability for damages arising from errors or omissions in making up or printing of its directories is addressed in Section 7.1.6 of this Tariff.

SECTION 9 - MISCELLANEOUS SERVICE ARRANGEMENTS**9.1 CUSTOM CALLING SERVICES****9.1.1 General**

Custom calling services are optional service arrangements available to all Customers of the Company. Custom calling features are available on a monthly basis within the exchange area of all exchanges served by a central office where facilities and operating conditions permit. Service and installation charges may apply.

9.1.2 Description of Calling Features**1. Call Forwarding Busy Line**

Call Forwarding Busy Line allows calls to be transferred automatically to a pre-designated telephone number when the line is busy.

2. Call Forwarding Don't Answer

Call Forwarding Don't Answer allows calls to be transferred automatically to a pre-designated telephone number when the line is unanswered.

3. Call Forward Ring Control

Allows subscribers real time control over the number of seconds or ring cycles that occur prior to forwarding an unaanswered call to voice mail or other telephone number.

4. Call Forwarding Variable

Call Forwarding Variable enables a Customer to automatically divert all incoming calls to another telephone number.

5. Calling Number Delivery (Caller ID Basic)

Calling Number Delivery will enable the Customer to receive the time, the date and calling number on an incoming call. The number will be delivered to the called party's CPE in the interval between the first and second ring.

6. Call Waiting

Call Waiting provides a burst of tone to inform a station user with a call already in progress that another call is waiting to be answered.

SECTION 9 - MISCELLANEOUS SERVICE ARRANGEMENTS**9.1 CUSTOM CALLING SERVICES, (Cont'd)****9.1.2 Description of Calling Features, (Cont'd)****7. Call Waiting Deluxe**

This service allows a Customer to control the treatment applied to incoming calls while the Customer is off-hook on a call. Call Waiting Deluxe includes the functionality of the Call Waiting feature and provides several additional call disposition options.

The Customer must have a Calling Identification Delivery feature, such as Caller ID-Basic or Caller ID-Deluxe for the identification data of the waiting call to be provided following the Call Waiting Deluxe alerting tone. The Customer must subscribe to a Call Forwarding Don't Answer feature in order to forward a waiting call to another location.

8. Calling Number Delivery Blocking (Call Block)

Calling Number Delivery Blocking will allow the calling party to suppress a directory number such that the called party with Calling Number Delivery does not receive the information. The called party will receive a "private" message instead of the calling party's directory number. Calling Number Delivery Blocking on a per line basis is available for no charge.

9. Call Block (*60)

The Customer specifies a list of numbers from which the Customer does not want to receive calls from.

10. Call Return (*69)

Call Return allows a Customer to have a call set up performed automatically to the calling party of the last incoming call. Call Return is also available on a per call basis.

11. Call Selector (*61)

Call Selector allows a Customer to define a list of calling telephone numbers that will be accepted. Any calling telephone number not on the list will be routed to announcements and rejected.

12. Customer Control of Call Forwarding

Customer Control of Call Forwarding allows the Customer to deactivate Call Forwarding features.

SECTION 9 - MISCELLANEOUS SERVICE ARRANGEMENTS

9.1 CUSTOM CALLING SERVICES, (Cont'd)

9.1.2 Description of Calling Features, (Cont'd)

13. Call Trace (*57)

Call Trace allows the Customer to initiate a trace of the last incoming call. Some legal restrictions may apply.

14. Preferred Call Forwarding

Preferred Call Forwarding allows the Customer to forward calls from a list of up to six (6) telephone numbers. Forwarded calls are limited to just the telephone numbers on the list.

15. Remote Access to Call Forwarding Variable

Remote Access to Call Forwarding Variable allows the capability of activating and deactivating Call Forwarding features from locations other than the base telephone.

16. Remote Call Forwarding

Remote Call Forwarding allows the Customer to establish a local presence in distant areas by forwarding calls to just about anywhere.

17. Repeat Dialing (*66)

Repeat Dialing continues dialing a number where the line is busy or there is no answer. Repeat Dialing is also available on a per use basis.

18. Selective Ringing

Allows a subscriber to have up to three telephone numbers associated with a single line. Customers subscribing to this service will be able to receive calls dialed to two or three separate telephone numbers without having a second or third line. A distinctive ringing pattern will be provided for each of the additional telephone numbers to identify incoming calls. A distinctive Call Waiting tone for each additional telephone number will be provided, where facilities permit, to Customers subscribing to Call Waiting service. Selective Ringing I consists of one additional telephone number associated with a single line and Selective Ringing II consists of two additional telephone numbers associated with a single line.

SECTION 9 - MISCELLANEOUS SERVICE ARRANGEMENTS

9.1 CUSTOM CALLING SERVICES, (Cont'd)

9.1.2 Description of Calling Features, (Cont'd)

19. Speed Calling (8)

Speed Calling 8 enables a Customer to call a list of up to eight (8) preselected telephone numbers by dialing a one (1) or two (2) digit code.

20. Three Way Calling

Three Way Calling allows a Customer to add a third party to an existing call, enabling a simultaneous conference between parties at multiple locations.

9.1.3 Special Calling Residential Features

The following features are included in the cgtotal home Packages when indicated as part of the Package.

Three-way Calling
30 Code Speed Dialing
8 Code Speed Dialing
Call Waiting
Call Selector

SECTION 9 - MISCELLANEOUS SERVICE ARRANGEMENTS

9.2 TOLL RESTRICTION SERVICE

9.2.1 General

- A. Toll Restriction Service is an optional service that prevents the origination of unauthorized toll calls from a Customer's line, by means of blocking at the Company's central office.
- B. This arrangement denies all outgoing calls starting with the digit "1" or "0".
- C. All local calls will be permitted from the Customer's line.
- D. All local calls to directory assistance will be permitted, except those that require 1+ or 0+ dialing.
- E. This service will not block all toll calls a Customer might make or receive, such as collect calls and/or long distance calls placed by dialing digits other than "1" (i.e., 976, if available).
- F. The Customer accepts full responsibility for denial of access to the toll network.
- G. The Customer accepts full responsibility for collect calls and/or long distance calls placed by dialing digits other than "1" or "0".
- H. The Customer holds the Company harmless from any and all liabilities and/or damages which may be alleged or incurred by the use of toll restriction, acceptance of collect calls, and/or long distance calls placed by dialing digits other than "1" or "0".
- I. This service is available only where facilities permit.

9.4 TOUCH TONE CALLING SERVICE

9.4.1 General

1. Touch-Tone Calling Service provides for the origination of telephone calls on lines terminated in instruments equipped for tone-type address signaling.
2. The service is furnished for use with individual, two-party and four-party central office lines. It may be furnished to either one or both subscribers on a two-party line, or to either one or all subscribers on a four-party line.
3. Touch-Tone Calling Service, for individual, two-party and four-party line service, Centrex Type Services and PBX systems requires special central office equipment and will be provided only from central offices where facilities are available.

9.4.2 Rates and Charges

Touch-Tone Calling Service is provided at no charge to all Customers who have the capability to originate calls by means of instruments equipped for tone-type address signaling and where the special central office facilities exist.

SECTION 10 - DIGITAL SUBSCRIBER LINE**10.1 General**

- A. Digital Subscriber Line Service (DSL) is a data communications service that provides for high-speed connectivity using Symmetric Digital Subscriber Line (SDSL) and ISDN Digital Subscriber Line (IDSL) technology. SDSL provides the Customer the ability to transmit data to (upstream rate) and receive data from (downstream rate) a DSL Access Service Connection Point at the same speed using existing copper facilities. A DSL Access Service Connection Point is an interconnection point designated by the Company that aggregates data traffic from and to Company SDSL-equipped serving wire centers. SDSL service may be used for simultaneous voice and data communications.
- B. Fourteen types of DSL service are available based on the synchronous speeds chosen by the Customer. Peak speeds are not guaranteed by the Company due to factors that may effect the actual speeds delivered, including the SDSL Access Service Customer's distance from the Company's serving wire center, condition of the existing copper facilities, and the limitations in the telecommunications service providers network design.

10.2 Regulations

DSL Service will be provided over existing local exchange service facilities as part of the Company's cgtotal home and cgtotal business Packages when indicated.

10.3 Rates

- A. Rates for DSL Service are included in the cgtotal home and business Packages when indicated.
- B. DSL is not offered as a stand-alone service.
