Re: *Implementation of the Federal Communications Commission's
Triennial Review Order (9 Month Proceeding) - Loop and Transport
Docket No. 03-00527*

Dear Mr. Hicks:

Enclosed are the Supplemental Responses of Sprint Communications Company L.P. to BellSouth's First Set of Interrogatories issued in the above proceedings. Please note that certain of the information is confidential and is subject to the protective order issued in this case.

Should you have any questions, please contact me.

Sincerely,

James B. Wright

NASHVILLE, TENNESSEE**

In Re: FCC's Triennial Review Order (Nine Month
Proceeding) Loop and Transport

Docket No. 03-00527

**SPRINT COMMUNICATIONS COMPANY L.P.'S
SUPPLEMENTAL RESPONSES TO BELL SOUTH TELECOMMUNICATIONS INC.
FIRST SET OF INTERROGATORIES**

COMES NOW Sprint Communications Company L.P. ("Sprint") and hereby files the following supplemental responses to the First Set of Interrogatories issued by BellSouth Telecommunications, Inc. ("BellSouth") in the above-styled docket. Sprint hereby incorporates by reference the General and Specific Objections set forth in its original response dated November 25, 2003.

SPRINT SUPPLEMENTAL RESPONSE TO BST INTERROGATORY NO. 1

Q1. Affirm or deny that you have self-provided high capacity transport facilities that you own (i.e., any DS3 or greater facilities, including dark fiber) that provide transport along a route between a pair of ILEC central offices or wire centers in each/any of the nine Southeastern states for use in your own operations. The facilities must terminate to an active physical or virtual collocation (includes all types of collocation, not just those qualifying under section 251 (c)(6) at each end of the transport route) associated with each central office of the pair and be operationally ready to provide transport into or out of each office of the pair. Answer this question in the affirmative if you are self-providing such facilities. For purposes of this question, you "own" transport facilities if (i) you have legal title to the facility; or (ii) if you have obtained dark fiber under a long term (10 or more years) IRU and have attached your own optronics to light the facility. Facilities obtained through any other means, including but not limited to special access, unbundled network elements or other services or facilities obtained from third parties, should not be included in this response.

A1. See General Objection No. 1. Sprint answers the questions herein in the name of Sprint Communications Company L.P, which is an affiliate certificated in Tennessee and other BellSouth states to provide both competitive local exchange and intrastate interexchange services.

Sprint supplements its response to state that it owns legal title to certain fiber transport facilities in Orlando, Florida. Sprint would describe its third-party dark fiber contracts for its Atlanta, Georgia and Miami, Florida fiber transport rings as long term dark fiber leases without determining whether they may or may not meet the definition of IRU as used in the TRO.

Response to Question 1									
	AL	FL	GA	KY	LA	MS	NC	SC	TN
Affirm		x							
Deny	x		x	x	x	x	x	x	x

SPRINT SUPPLEMENTAL RESPONSE TO BST INTERROGATORY NO. 4

Q4. For each state in Question 1 that you answered in the affirmative (that you have deployed or self-provide high capacity transport for use in your own operations), provide a list of all the paired ILEC CO to ILEC CO routes on which you have deployed such facilities identifying:

- a. The CLLI codes of the paired ILEC CO locations that make up each and every route. In each case show the "low alpha" (alphabetically first) CLLI code as Wire Center A and the "high alpha" CLLI code as Wire Center Z. (Provide the full 11 character CLLI.)
- b. Whether your self-provided transport facilities are terminated to collocations (includes all types of collocation, not just those qualifying under section 251 (c)(6) at each end of the transport route). Provide the customer name of record for the collocation arrangement and 11-character ACTL CLLI code for the collocation arrangement.
- c. Whether your self-provided transport facilities are provisioned entirely on facilities you own (as defined in Question 1).
- d. If any of your self-provided transport facilities include facilities obtained through third parties (Yes, No); if your response is yes, indicate the vendor name.
- e. Indicate whether the facility is provided over dark fiber you have obtained from BellSouth on an IRU basis. (Yes, No)
- f. Whether you are able to immediately provide transport along the particular route.
- g. The capacity deployed and the capacity active on the route as of September 30, 2003.

A4. Sprint supplements its response by providing the information for Florida contained in the attached Self-Provided Transport Information Spreadsheet for Question 4 and 6.

SPRINT SUPPLEMENTAL RESPONSE TO BST INTERROGATORY NO. 6

Q6. For each state in Question 3 that you answered in the affirmative (that you have acquired on a wholesale basis DS1, DS3 or higher, or dark fiber transport), provide the following in electronic format using the worksheet related to both self-provided (the Question 4 spreadsheet) and wholesale facilities (the Question 5 spreadsheet):

- a. The CLLI codes of the ILEC wire centers or COs of the starting and ending points of the transport routes;
- b. The name of the carrier or company from whom you received or purchased the transport;
- c. Whether you are operationally ready to provide transport using these facilities; and
- d. The capacity deployed and the capacity active on the route as of September 30, 2003.

A6. See General Objection No. 1, 5 and No. 9. Sprint responded in the affirmative to Question 3 regarding Tennessee, Alabama, Florida, Georgia, and North Carolina, but provided spreadsheet information only for Tennessee, Alabama and Georgia. Sprint has obtained lit and dark fiber transport from third-party providers in these states. Sprint's contracts with its suppliers of fiber facilities contain confidentiality provisions which forbid disclosure of the requested information. Therefore, Sprint is precluded from disclosing such information about third parties in this docket.

Sprint supplements its response by providing the additional information contained in the attached Self-Provided Transport Information Spreadsheets for Question 6.

SPRINT SUPPLEMENTAL RESPONSE TO BST INTERROGATORY NO. 10

Q10. Affirm or deny that you have obtained from a third party (other than the ILEC or a CLEC that is a party to this proceeding), high capacity loops or dark fiber loops for the provisioning of retail services to your customers, to one or more customer locations in each/any of the nine Southeastern states. Self-provided facilities that you “own” as defined in 8 above should not be included in this response.

A10. See General Objection No. 1. Sprint answers the questions herein in the name of Sprint Communications Company L.P, which is an affiliate certificated in Tennessee and other BellSouth states to provide both competitive local exchange and intrastate interexchange services.

Sprint supplements its initial response in order to amend its Florida answer from “affirm” to “deny”.

Response - Question 10: 3 rd Party facilities leased for providing retail service									
	AL	FL	GA	KY	LA	MS	NC	SC	TN
Affirm									
Deny	x	x	x	x	x	x	x	x	x

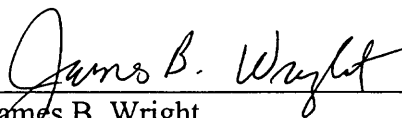

SPRINT SUPPLEMENTAL RESPONSE TO BST INTERROGATORY NO. 12

Q12. For each state in Question 8 and 10 that you answered in the affirmative (that you have self-provided or obtained from a third party other than the ILEC or a CLEC that is a party to this proceeding high capacity loops or dark fiber for use in your own operations in providing retail service to your customers) provide a list of the customer locations to which you have deployed such loops, (in electronic format using the attached spreadsheets) identifying:

- a. The RSAG valid address of each customer location.
- b. The CLLI code of the CLEC switch, wire center, collocation, point of interconnection, etc., from which the loop is extended to the customer location. (Provide the full 11-character CLLI.)
- c. Indicate whether the facility is wholly owned by you (Yes, No); if no, provide the name of the vendor from whom you have purchased all or a portion of the facilities.
- d. Indicate whether the facility is provided over dark fiber you have obtained from BellSouth on an IRU basis (Yes, No).
- e. Indicate whether or not you have the unrestricted ability to serve all customers at that location if it is a multi-tenant location. (Yes, No, NA). This includes access to all units in the building, access to all buildings in a campus environment and equivalent access to the same minimum point of entry (MPOE), common space, house and riser and other intra building wire as the ILEC. If no, explain in detail any restrictions on your ability to serve customers and explain any and all actions you have taken to address such restrictions.
- f. The capacity deployed and capacity activated to the specific location as of September 30, 2003.

A12. Sprint supplements its response by providing the information for Florida contained in the attached Self-Provided Retail Loop Information Spreadsheet.

Respectfully submitted this 22nd day of January, 2004.
