| NOTE: (1) Electronic Service Order: CLEC should contact its contract negotiator if it prefers the state specific electronic service ordering charges as ordered by the State Commissions. The electronic service ordering charge currently contained in this rate exhibit is the BellSouth regional electronic service ordering charge. CLEC may elect either the state specific Commission ordered rates for the electronic service ordering charges, or CLEC may elect the regional electronic service ordering charge.                                                                                                          |               |                                                                                           |  |   |             |         |       |       |                                  |       |                                             |                                           |                                                                     |                                                                          |                                                                            |                                                                               |                                                                                 |
| NOTE: (2) Any element that can be ordered electronically will be billed according to the SOMEc rate listed in this category. Please refer to BellSouth's Business Rules for Local Ordering (BBR-LO) to determine if a product can be ordered electronically. For those elements that cannot be ordered electronically at present per the BBR-LO, the listed SOMEc rate in this category reflects the charge that would be billed to a CLEC once electronic ordering capabilities come on-line for that element. Otherwise, the manual ordering charge, SOMAN, will be applied to a CLECs bill when it submits an LSR to BellSouth. |               |                                                                                           |  |   |             |         |       |       |                                  |       |                                             |                                           |                                                                     |                                                                          |                                                                            |                                                                               |                                                                                 |

| 1. Cost Based Rates are applied where BellSouth is required by FCC and/or State Commission rule to provide Unbundled Local Switching or Switch Ports.                                                                                                                                              |                                                                                                   |         |      |       |       |           |              |        |                         |                                  |                                      |                                                          |                                                            |                                                               |                                                                 |
| 2. Features shall apply to the Unbundled Port/Loop Combination - Cost Based Rate section in the same manner as they are applied to the Stand-Alone Unbundled Port section of this Rate Exhibit.                                                                                                    |                                                                                                   |         |      |       |       |           |              |        |                         |                                  |                                      |                                                          |                                                            |                                                               |                                                                 |
| 3. End Office and Tandem Switching Usage and Common Transport Usage rates in the Port section of this rate exhibit shall apply to all combinations of loop/port network elements except for UNE Coin Port/Loop Combinations.                                                                       |                                                                                                   |         |      |       |       |           |              |        |                         |                                  |                                      |                                                          |                                                            |                                                               |                                                                 |
| 4. The first and additional Port nonrecurring charges apply to Not Currently Combined Combos. For Currently Combined Combos, the nonrecurring charges shall be those identified in the Nonrecurring - Currently Combined sections. Additional NRCs may apply also and are categorized accordingly. |                                                                                                   |         |      |       |       |           |              |        |                         |                                  |                                      |                                                          |                                                            |                                                               |                                                                 |

| NOTE: (1) Electronic Service Order: CLEC should contact its contract negotiator if it prefers the state specific electronic service ordering charges as ordered by the State Commissions. The electronic service ordering charge currently contained in this rate exhibit is the BellSouth regional electronic service ordering charge. CLEC may elect either the state specific Commission ordered rates for the electronic service ordering charges, or CLEC may elect the regional electronic service ordering charge.                                                                                                          |                                                                                           |         |      |             |       |           |              |       |                         |                                  |                                      |                                                          |                                                            |                                                               |                                                                 |  |
| NOTE: (2) Any element that can be ordered electronically will be billed according to the SOMEc rate listed in this category. Please refer to BellSouth's Business Rules for Local Ordering (BBR-LO) to determine if a product can be ordered electronically. For those elements that cannot be ordered electronically at present per the BBR-LO, the listed SOMEc rate in this category reflects the charge that would be billed to a CLEC once electronic ordering capabilities come on-line for that element. Otherwise, the manual ordering charge, SOMAN, will be applied to a CLECs bill when it submits an LSR to BellSouth. |                                                                                           |         |      |             |       |           |              |       |                         |                                  |                                      |                                                          |                                                            |                                                               |                                                                 |  |
