The "Zone" shown in the sections for stand-alone loops or loops as part of a combination refers to Geographically Deaveraged UNE Zones. To view Geographically Deaveraged UNE Zones, refer to Internet Website http://www.interconnection.bellsouth.com/become_a_clec/interconnection.htm														
OPERATIONAL SUPPORT SYSTEMS (OSS) - REGIONAL RATES"														
NOTE (1) CLEC should contact its contract negotiator if it prefers the state specific OSS charges as ordered by the State Commissions. The OSS charges currently contained in this rate exhibit are the BellSouth "regional" service ordering charges. CLEC may elect either the state specific Commission ordered rates for the service ordering charges, or CLEC may elect the regional service ordering charges, however, CLEC can not obtain a mixture of the two regardless if CLEC has a interconnection contract established in each of the 9 states														
NOTE (2) Any element that can be ordered electronically will be billed according to the SOME C rate listed in this category. Please refer to BellSouth's Local Ordering Handbook (LOH) to determine if a product can be ordered electronically. For those elements that cannot be ordered electronically at present per the LOH, the listed SOME C rate in this category reflects the charge that would be billed to a CLEC once electronic ordering capabilities come on-line for that element. Otherwise, the manual ordering charge, SOMEAN, will be applied to a CLEC's bill when it submits an LSR to BellSouth

	The Zone shown in the sections for stand-alone loops or loops as part of a combination refers to Geographically Deaveraged UNE Zones. To view Geographically Deaveraged UNE Zones, refer to Internet Website http://www.interconnection.bellsouth.com/become_a_clec/html/interconnection.htm																
	OPERATIONAL SUPPORT SYSTEMS (OSS) - "REGIONAL RATES"																
	NOTE (1) CLEC should contact its contract negotiator if it prefers the "state specific" OSS charges as ordered by the State Commissions. The OSS charges currently contained in this rate exhibit are the BellSouth "regional" service ordering charges. CLEC may elect either the state specific Commission ordered rates for the service ordering charges, or CLEC may elect the regional service ordering charges, however, CLEC can not obtain a mixture of the two regardless if CLEC has a interconnection contract established in each of the 9 states																
	NOTE (2) Any element that can be ordered electronically will be billed according to the SOME rate listed in this category. Please refer to BellSouth's Local Ordering Handbook (LOH) to determine if a product can be ordered electronically. For those elements that cannot be ordered electronically at present per the LOH, the listed SOME rate in this category reflects the charge that would be billed to a CLEC once electronic ordering capabilities come on-line for that element. Otherwise, the manual ordering charge, SOMAN, will be applied to a CLEC's bill when it submits an LSR to BellSouth																
	OSS - Electronic Service Order Charge Per Local Service Request (LSR) - UNE Only																
	OSS - Manual Service Order Charge Per Local Service Request (LSR) - UNE Only																
	UNE SERVICE DATE ADVANCEMENT CHARGE																
	NOTE: The Expedite charge will be maintained commensurate with BellSouth's FCC No 1 Tariff, Section 5 as applicable

The Zone shown in the sections for stand-alone loops or loops as part of a combination refers to Geographically Deaveraged UNE Zones To view Geographically Deaveraged UNE Zone Designations by Central Office, refer to internet Website http://www.interconnection.bellsouth.com/become_a_clec/html/interconnection.htm																	
OPERATIONAL SUPPORT SYSTEMS (OSS) - REGIONAL RATES																	
NOTE (1) CLEC should contact its contract negotiator if it prefers the "state specific" OSS charges as ordered by the State Commissions. The OSS charges currently contained in this rate exhibit are the BellSouth "regional" service ordering charges. CLEC may elect either the state specific Commission ordered rates for the service ordering charges, or CLEC may elect the regional service ordering charge, however, CLEC can not obtain a mixture of the two regardless if CLEC has a interconnection contract established in each of the 9 states																	
NOTE (2) Any element that can be ordered electronically will be billed according to the SOMECS rate listed in this category. Please refer to BellSouth's Local Ordering Handbook (LOH) to determine if a product can be ordered electronically. For those elements that cannot be ordered electronically at present per the LOH, the listed SOMECS rate in this category reflects the charge that would be billed to a CLEC once electronic ordering capabilities come on-line for that element. Otherwise, the manual ordering charge, SOMAN, will be applied to a CLECs bill when it submits an LSR to BellSouth

OPERATIONAL SUPPORT SYSTEMS (OSS) - "REGIONAL RATES"														
NOTE (1) CLEC should contact its contract negotiator if it prefers the "state specific" OSS charges as ordered by the State Commissions. The OSS charges currently contained in this rate exhibit are the BellSouth "regional" service ordering charges. CLEC may elect either the state specific Commission ordered rates for the service ordering charges, or CLEC may elect the regional service ordering charge, however, CLEC can not obtain a mixture of the two regardless if CLEC has a interconnection contract established in each of the 9 states														
NOTE (2) Any element that can be ordered electronically will be billed according to the SOME C rate listed in this category. Please refer to BellSouth's Local Ordering Handbook (LOH) to determine if a product can be ordered electronically. For those elements that cannot be ordered electronically at present per the LOH, the listed SOME C rate in this category reflects the charge that would be billed to a CLEC once electronic ordering capabilities come on-line for that element. Otherwise, the manual ordering charge, SOMAN, will be applied to a CLECa bill when it submits an LSR to BellSouth

PRE-ORDERING, ORDERING, PROVISIONING, MAINTENANCE AND REPAIR**1. QUALITY OF PRE-ORDERING, ORDERING, PROVISIONING, MAINTENANCE AND REPAIR**

1 1 BellSouth shall provide to OnePoint Communications nondiscriminatory access to its Operations Support Systems (OSS) and the necessary information contained therein in order that OnePoint Communications can perform the functions of pre-ordering, ordering, provisioning, maintenance and repair, and billing. BellSouth shall provide OnePoint Communications with all relevant documentation (manuals, user guides, specifications, etc.) regarding business rules and other formatting information as well as practices and procedures necessary to ensure requests are efficiently processed. All documentation will be readily accessible at BellSouth's interconnection website and are incorporated herein by reference. BellSouth shall ensure that its OSS are designed to accommodate access requests for both current and projected demand of OnePoint Communications and other CLECs in the aggregate.

1 2 BellSouth shall provision services during its regular working hours. To the extent OnePoint Communications requests provisioning of service to be performed outside BellSouth's regular working hours, or the work so requested requires BellSouth's technicians or project manager to work outside of regular working hours, overtime charges shall apply. Notwithstanding the foregoing, if such work is performed outside of regular working hours by a BellSouth technician or project manager during his or her scheduled shift and BellSouth does not incur any overtime charges in performing the work on behalf of OnePoint Communications, BellSouth will not assess OnePoint Communications additional charges beyond the rates and charges specified in this Agreement.

2. ACCESS TO OPERATIONS SUPPORT SYSTEMS

2 1 BellSouth shall provide OnePoint Communications nondiscriminatory access to its OSS and the necessary information contained therein in order that OnePoint Communications can perform the functions of pre-ordering, ordering, provisioning, maintenance and repair, and billing. BellSouth shall provide nondiscriminatory access to the OSS through manual and/or electronic interfaces as described in this Attachment. It is the sole responsibility of OnePoint Communications to obtain the technical capability to access and utilize BellSouth's OSS interfaces. Specifications for OnePoint Communications's access and use of BellSouth's electronic interfaces are set forth at BellSouth's interconnection website and are incorporated herein by reference.

2 1 1 Pre-Ordering BellSouth will provide electronic access to its OSS and the information contained therein in order that OnePoint Communications can perform

the following pre-ordering functions service address validation, telephone number selection, service and feature availability, due date information, customer record information and loop makeup information Mechanized access is provided by electronic interfaces whose specifications for access and use are set forth at BellSouth's interconnection website and are incorporated herein by reference The process by which BellSouth and OnePoint Communications will manage these electronic interfaces to include the development and introduction of new interfaces will be governed by the change management process as described below OnePoint Communications shall provide to BellSouth access to customer record information, including circuit numbers associated with each telephone number where applicable OnePoint Communications shall provide such information within four (4) hours after request via electronic access where available. If electronic access is not available, OnePoint Communications shall provide to BellSouth paper copies of customer record information, including circuit numbers associated with each telephone number where applicable If BellSouth requests the information before noon, the customer record information shall be provided the same day If BellSouth requests the information after noon, the customer record information shall be provided by noon the following day

2 1 2 The Parties agree not to view, copy, or otherwise obtain access to the customer record information of any customer without that customer's permission OnePoint Communications will obtain access to customer record information only in strict compliance with applicable laws, rules, or regulations of the state in which the service is provided BellSouth reserves the right to audit OnePoint Communications's access to customer record information If a BellSouth audit of OnePoint Communications's access to customer record information reveals that OnePoint Communications is accessing customer record information without having obtained the proper End User authorization, BellSouth upon reasonable notice to OnePoint Communications may take corrective action, including but not limited to suspending or terminating OnePoint Communications's electronic access to BellSouth's OSS functionality All such information obtained through an audit shall be deemed Information covered by the Proprietary and Confidential Information section in the General Terms and Conditions of this Agreement

2.1 3 Ordering BellSouth will make available to OnePoint Communications electronic interfaces for the purpose of exchanging order information, including order status and completion notification, for non-complex and certain complex resale requests and certain network elements Specifications for access and use of BellSouth's electronic interfaces are set forth at BellSouth's interconnection website and are incorporated herein by reference The process by which BellSouth and OnePoint Communications will manage these electronic interfaces to include the development and introduction of new interfaces will be governed by the change management process as described below

2 1 4 Maintenance and Repair BellSouth will make available to OnePoint Communications electronic interfaces for the purpose of reporting and monitoring service troubles Specifications for access and use of BellSouth's maintenance and

repair electronic interfaces are set forth at BellSouth's interconnection website and are incorporated herein by reference. The process by which BellSouth and OnePoint Communications will manage these electronic interfaces to include the development and introduction of new interfaces will be governed by the change management process as described below. Requests for trouble repair are billed in accordance with the provisions of this Agreement. BellSouth and OnePoint Communications agree to adhere to BellSouth's Operational Understanding, as amended from time to time during this Agreement and as incorporated herein by reference. The Operational Understanding may be accessed via BellSouth's interconnection website.

2.1.5 Billing BellSouth will provide OnePoint Communications nondiscriminatory access to billing information as specified in Attachment 7 to this Agreement.

2.2 Change Management BellSouth and OnePoint Communications agree that the collaborative change management process known as the Change Control Process (CCP) will be used to manage changes to existing interfaces, introduction of new interfaces and retirement of interfaces. BellSouth and OnePoint Communications agree to comply with the provisions of the documented Change Control Process as may be amended from time to time and incorporated herein by reference. The change management process will cover changes to BellSouth's electronic interfaces, BellSouth's testing environment, associated manual process improvements, and relevant documentation. The process will define a procedure for resolution of change management disputes. Documentation of the CCP as well as related information and processes will be clearly organized and readily accessible to OnePoint Communications at BellSouth's interconnection website.

2.3 Rates Charges for use of OSS shall be as set forth in this Agreement.

3. MISCELLANEOUS

3.1 Pending Orders Orders placed in the hold or pending status by OnePoint Communications will be held for a maximum of thirty (30) calendar days from the date the order is placed on hold. After such time, OnePoint Communications shall be required to submit a new service request. Incorrect or invalid requests returned to OnePoint Communications for correction or clarification will be held for thirty (30) calendar days. If OnePoint Communications does not return a corrected request within thirty (30) calendar days, BellSouth will cancel the request.

3.2 Single Point of Contact OnePoint Communications will be the single point of contact with BellSouth for ordering activity for network elements and other services used by OnePoint Communications to provide services to its End Users, except that BellSouth may accept a request directly from another CLEC, or BellSouth, acting with authorization of the affected End User. OnePoint Communications and BellSouth shall each execute a blanket letter of authorization with respect to customer requests so that prior proof of End User authorization will not be necessary with every request (except in the case of a local service

freeze) The Parties shall each be entitled to adopt their own internal processes for verification of customer authorization for requests, provided, however, that such processes shall comply with applicable state and federal law and industry and regulatory guidelines. Pursuant to a request from another carrier, BellSouth may disconnect any network element being used by OnePoint Communications to provide service to that End User and may reuse such network elements or facilities to enable such other carrier to provide service to the End User. BellSouth will notify OnePoint Communications that such a request has been processed but will not be required to notify OnePoint Communications in advance of such processing.

- 3 2 1 Neither BellSouth nor OnePoint Communications shall prevent or delay an End User from migrating to another carrier because of unpaid bills, denied service, or contract terms.
- 3 2 2 BellSouth shall return a Firm Order Confirmation (FOC) and Local Service Request (LSR) rejection/clarification within the intervals in accordance with the Service Quality Measurement (SQM) set forth in Attachment 9 of this Agreement.
- 3 2 3 OnePoint Communications shall return a FOC to BellSouth within thirty-six (36) hours after OnePoint Communications's receipt from BellSouth of a valid LSR.
- 3 2 4 OnePoint Communications shall provide a Reject Response to BellSouth within twenty-four (24) hours after BellSouth's submission of an LSR which is incomplete or incorrectly formatted.
- 3 3 Use of Facilities When a customer of OnePoint Communications elects to discontinue service and to transfer service to another local exchange carrier, including BellSouth, BellSouth shall have the right to reuse the facilities provided to OnePoint Communications by BellSouth. In addition, where BellSouth provides local switching, BellSouth may disconnect and reuse facilities when the facility is in a denied state and BellSouth has received a request to establish new service or transfer of service from a customer or a customer's CLEC at the same address served by the denied facility. BellSouth will notify OnePoint Communications that such a request has been processed after the disconnect order has been completed.
- 3 4 Contact Numbers The Parties agree to provide one another with toll-free nationwide (50 states) contact numbers for the purpose of ordering, provisioning and maintenance of services.
- 3 5 Subscription Functions. In cases where BellSouth performs subscription functions for an interexchange carrier (IXC) (i.e. PIC and LPIC changes via Customer Account Record Exchange (CARE)), BellSouth will in all possible instances provide the affected IXCs with the Operating Company Number (OCN) of the local provider for the purpose of obtaining End User billing account and other End User information required under subscription requirements.

- 3 5 1 When OnePoint Communications's End User, served by resale or loop and port combinations, changes its PIC or LPIC, and per BellSouth's FCC or state tariff the interexchange carrier elects to charge the End User the PIC or LPIC change charge, BellSouth will bill the PIC or LPIC change charge to OnePoint Communications, which has the billing relationship with that End User, and OnePoint Communications may pass such charge to the End User
- 3 6 Cancellation Charges If OnePoint Communications cancels a request for network elements or resold services, any costs incurred by BellSouth in conjunction with the provisioning of that request will be recovered in accordance with BellSouth's Private Line Tariff or BellSouth's FCC No 1 Tariff, Section 5 4, as applicable. Notwithstanding the foregoing, if OnePoint Communications places an LSR based upon BellSouth's loop makeup information, and such information is inaccurate resulting in the inability of BellSouth to provision the network elements requested and another spare compatible facility cannot be found with the transmission characteristics of the network elements originally requested, cancellation charges described in this Section shall not apply Where OnePoint Communications places a single LSR for multiple network elements or services based upon loop makeup information, and information as to some, but not all, of the network elements or services is inaccurate, if BellSouth cannot provision the network elements or services that were the subject of the inaccurate loop makeup information, OnePoint Communications may cancel its request for those network elements or services without incurring cancellation charges as described in this Section In such instance, should OnePoint Communications elect to cancel the entire LSR, cancellation charges as described in this Section shall apply to those elements and services that were not the subject of inaccurate loop makeup
- 3 7 Service Date Advancement Charges (a k a Expedites) For Service Date Advancement requests by OnePoint Communications, Service Date Advancement charges will apply for intervals less than the standard interval as outlined in the BellSouth Product and Services Interval Guide The charges as outlined in BellSouth's FCC No 1 Tariff, Section 5, will apply as applicable
