EXCHANGE PORT RATES (COIN)														
	Exchange Ports - Coin Port					1.52	2.31	2.21						
NOTE	Transmission/usage charges associated with POTS circuit switched usage will also apply to circuit switched data transmission by B-Channels associated with 2-wire ISDN ports													
NOTE	Access to B Channel or D Channel Packet capabilities will be available only through BFR/New Business Request Process Rates for the packet capabilities will be determined via the Bona Fide Request/New Business Request Process													
UNBUNDLED LOCAL EXCHANGE SWITCHING(PORTS)														
EXCHANGE PORT RATES														
The DS1 Port rates below for 4-Wire DDITS Trunk Port and 4-Wire ISDN DS1 Port in this rate exhibit apply to the embedded base in place as of 10/2/03 until 4/1/04 After 4/1/04 these rates shall revert to tariff rates or a separate agreement														
Requests for 4-Wire DDITS Trunk Ports with 4-Wire ISDN DS1 Ports after the effective date of this amendment shall be provided pursuant to a separate agreement or tariff at BellSouth's discretion														
	Exchange Ports - 2-Wire DID Port			UEPEX	UEPP2	8.29	115.65	18.20						
	Exchange Ports - DDITS Port 4-Wire DS1 Port with DID Capability (E 4/1/2004)			UEPDD	UEPDD	68.47	196.18	92.92						
	Exchange Ports - 2-Wire ISDN Port (See Notes below)			UEPTX, UEPSX	UIPMA	10.07	70.76	51.46						
	All Features Offered			UEPTX, UEPSX	UEPVF	0.00	0.00	0.00						
	Exchange Ports - 2-Wire ISDN Port -- Channel Profiles			UEPTX, UEPSX	UIUMA	0.00	0.00	0.00						
NOTE	Transmission/usage charges associated with POTS circuit switched usage will also apply to circuit switched data transmission by B-Channels associated with 2-wire ISDN ports													
NOTE	Access to B Channel or D Channel Packet capabilities will be available only through BFR/New Business Request Process Rates for the packet capabilities will be determined via the Bona Fide Request/New Business Request Process													
EXCHANGE PORT RATES (continued)														
	Exchange Ports - 4-Wire ISDN DS1 Port with Detailed E911			UEPEX	UEPEX	94.82	197.92	98.62						
	Locator Capability (E 4/1/2004)			UEPEX	UEPEX	94.82	197.92	98.62

UNBUNDLED CENTREX PORT/LOOP COMBINATIONS - COST BASED RATES																
1	Cost Based Rates are applied where BellSouth is required by FCC and/or State Commission rule to provide Unbundled Local Switching or Switch Ports															
2	Features shall apply to the Unbundled Port/Loop Combination - Cost Based Rate section in the same manner as they are applied to the Stand-Alone Unbundled Port section of this Rate Exhibit															
3	End Office and Tandem Switching Usage and Common Transport Usage rates in the Port section of this rate exhibit shall apply to all combinations of loop/port network elements except for UNE Coin Port/Loop Combinations															
4	The first and additional Port nonrecurring charges apply to Not Currently Combined Combos. For Currently Combined Combos, the nonrecurring charges shall be those identified in the Nonrecurring - Currently Combined sections															
5	Market Rates for Unbundled Centrex Port/Loop Combination will be negotiated on an individual Case Basis, until further notice

LINE SHARING AND LINE SPLITTING																
	NOTE 1 The Line Sharing monthly recurring rates for all installations completed from October 02, 2003 through midnight October 01, 2004 shall be billed as follows															
	NOTE 1 10/02/2003 - 10/01/2004 25% of the rate for an unbundled copper loop non-designed ("UCLND")															
	NOTE 1 10/02/2004 - 10/01/2005 50% of the rate for UCLND															
	NOTE 1 10/02/2005 - 10/01/2006 75% of the rate for UCLND															
	NOTE 1 Above will apply to USOCs ULSDT and ULSDT															
	NOTE 2 The Line Sharing monthly recurring rates with USOCs ULSDC and ULSDC applies only to circuits installed and in service on or before October 1, 2003

UNBUNDLED PORT/LOOP COMBINATIONS - COST BASED RATES															
(Cost Based Rates are applied where BellSouth is required by FCC and/or State Commission rule to provide Unbundled Local Switching or Switch Ports															
Features shall apply to the Unbundled Port/Loop Combination - Cost Based Rate section in the same manner as they are applied to the Stand-Alone Unbundled Port section of this Rate Exhibit															
End Office and Tandem Switching Usage and Common Transport Usage rates in the Port section of this rate exhibit shall apply to all combinations of loop/port network elements except for UNE Coin Port/Loop Combinations															
The first and additional Port nonrecurring charges apply to Not Currently Combined Combos For Currently Combined Combos the nonrecurring charges shall be those identified in the Nonrecurring - Currently Combined sections

LINE SHARING AND LINE SPLITTING																	
	NOTE 1 The Line Sharing monthly recurring rates for all installations completed from October 02, 2003 through midnight October 01, 2004 shall be billed as follows																
	NOTE 1 10/02/2003 - 10/01/2004 25% of the rate for an unbundled copper loop non-designed ("UCLND")																
	NOTE 1 10/02/2004 - 10/01/2005 50% of the rate for UCLND																
	NOTE 1 10/02/2005 - 10/01/2006 75% of the rate for UCLND																
	NOTE 1 Above will apply to USOCs ULSDT and ULSC																
	NOTE 2 The Line Sharing monthly recurring rates with USOCs ULSDC and ULSCC applies only to circuits installed and in service on or before October 1, 2003

All Features Available															
UNBUNDLED CENTREX PORT/LOOP COMBINATIONS - COST BASED RATES															
1 Cost Based Rates are applied where BellSouth is required by FCC and/or State Commission rule to provide Unbundled Local Switching or Switch Ports															
2 Features shall apply to the Unbundled Port/Loop Combination - Cost Based Rate section in the same manner as they are applied to the Stand-Alone Unbundled Port section of this Rate Exhibit															
3 End Office and Tandem Switching Usage and Common Transport Usage rates in the Port section of this rate exhibit shall apply to all combinations of loop/port network elements except for UNE Coin Port/Loop Combinations															
4 The first and additional Port nonrecurring charges apply to Not Currently Combined Combos For Currently Combined Combos, the nonrecurring charges shall be those identified in the Nonrecurring - Currently Combined sections Additional NRCs may ~															
5 Market Rates for Unbundled Centrex Port/Loop Combination will be negotiated on an Individual Case Basis, until further notice															
UNE-P CENTREX - SESS (Valid in All States)

LINE SHARING AND LINE SPLITTING													
	NOTE 1 The Line Sharing monthly recurring rates for all installations completed from October 02, 2003 through midnight October 01, 2004 shall be billed as follows												
	NOTE 1 10/02/2003 - 10/01/2004 25% of the rate for an unbundled copper loop non-designed ("UCLND")												
	NOTE 1 10/02/2004 - 10/01/2005 50% of the rate for UCLND												
	NOTE 1 10/02/2005 - 10/01/2006 75% of the rate for UCLND												
	NOTE 1 Above will apply to USOCs ULSDT and ULSC1												
	NOTE 2 The Line Sharing monthly recurring rates with USOCs ULSDC and ULSCC applies only to circuits installed and in service on or before October 1, 2003

	Common Transport - Facilities Termination Per MOU					0 0004095								
UNBUNDLED PORT/LOOP COMBINATIONS - COST BASED RATES														
Cost Based Rates are applied where BellSouth is required by FCC and/or State Commission rule to provide Unbundled Local Switching or Switch Ports														
Features shall apply to the Unbundled Port/Loop Combination - Cost Based Rate section in the same manner as they are applied to the Stand-Alone Unbundled Port section of this Rate Exhibit														
End Office and Tandem Switching Usage and Common Transport Usage rates in the Port section of this rate exhibit shall apply to all combinations of loop/port network elements except for UNE Coin Port/Loop Combinations														
The first and additional Port nonrecurring charges apply to Not Currently Combined Combos For Currently Combined Combos the nonrecurring charges shall be those identified in the Nonrecurring - Currently Combined sections

LINE SHARING AND LINE SPLITTING																
	NOTE 1 The Line Sharing monthly recurring rates for all installations completed from October 02, 2003 through midnight October 01, 2004 shall be billed as follows															
	NOTE 1 10/02/2003 - 10/01/2004 25% of the rate for an unbundled copper loop non-designed ("UCLND")															
	NOTE 1 10/02/2004 - 10/01/2005 50% of the rate for UCLND															
	NOTE 1 10/02/2005 - 10/01/2006 75% of the rate for UCLND															
	NOTE 1 Above will apply to USOCs ULSDT and ULSC1															
	NOTE 2 The Line Sharing monthly recurring rates with USOCs ULSDC and ULSCC applies only to circuits installed and in service on or before October 1, 2003

UNBUNDLED CENTREX PORT/LOOP COMBINATIONS - COST BASED RATES															
1 Cost Based Rates are applied where BellSouth is required by FCC and/or State Commission rule to provide Unbundled Local Switching or Switch Ports															
2 Features shall apply to the Unbundled Port/Loop Combination - Cost Based Rate section in the same manner as they are applied to the Stand-Alone Unbundled Port section of this Rate Exhibit															
3 End Office and Tandem Switching Usage and Common Transport Usage rates in the Port section of this rate exhibit shall apply to all combinations of loop/port network elements except for UNE Coin Port/Loop Combinations															
4 The first and additional Port nonrecurring charges apply to Not Currently Combined Combos For Currently Combined Combos, the nonrecurring charges shall be those identified in the Nonrecurring - Currently Combined sections															
5 Market Rates for Unbundled Centrex Port/Loop Combination will be negotiated on an Individual Case Basis, until further notice															
UNE-P CENTREX - 1AESS - (Valid in AL, FL, GA, KY, LA, MS, & TN only)

PRE-ORDERING, ORDERING, PROVISIONING, MAINTENANCE AND REPAIR**1. QUALITY OF PRE-ORDERING, ORDERING, PROVISIONING, MAINTENANCE AND REPAIR**

- 1.1 BellSouth shall provide to Excel nondiscriminatory access to its Operations Support Systems (OSS) and the necessary information contained therein in order that Excel can perform the functions of pre-ordering, ordering, provisioning, maintenance and repair, and billing.. BellSouth shall provide Excel with all relevant documentation (manuals, user guides, specifications, etc.) regarding business rules and other formatting information as well as practices and procedures necessary to ensure requests are efficiently processed. All documentation will be readily accessible at BellSouth's interconnection website and are incorporated herein by reference. BellSouth shall ensure that its OSS are designed to accommodate access requests for both current and projected demand of Excel and other CLECs in the aggregate.
- 1.2 BellSouth shall provision services during its regular working hours. To the extent Excel requests provisioning of service to be performed outside BellSouth's regular working hours, or the work so requested requires BellSouth's technicians or project manager to work outside of regular working hours, overtime charges shall apply. Notwithstanding the foregoing, if such work is performed outside of regular working hours by a BellSouth technician or project manager during his or her scheduled shift and BellSouth does not incur any overtime charges in performing the work on behalf of Excel, BellSouth will not assess Excel additional charges beyond the rates and charges specified in this Agreement.

2. ACCESS TO OPERATIONS SUPPORT SYSTEMS

- 2.1 BellSouth shall provide Excel nondiscriminatory access to its OSS and the necessary information contained therein in order that Excel can perform the functions of pre-ordering, ordering, provisioning, maintenance and repair, and billing. BellSouth shall provide nondiscriminatory access to the OSS through manual and/or electronic interfaces as described in this Attachment. It is the sole responsibility of Excel to obtain the technical capability to access and utilize BellSouth's OSS interfaces. Specifications for Excel's access and use of BellSouth's electronic interfaces are set forth at BellSouth's interconnection website and are incorporated herein by reference.
- 2.1.1 Pre-Ordering. BellSouth will provide electronic access to its OSS and the information contained therein in order that Excel can perform the following pre-ordering functions: service address validation, telephone number selection, service and feature availability, due date information, customer record information and loop makeup information. Mechanized access is provided by electronic interfaces

whose specifications for access and use are set forth at BellSouth's interconnection website and are incorporated herein by reference. The process by which BellSouth and Excel will manage these electronic interfaces to include the development and introduction of new interfaces will be governed by the change management process as described below. Excel shall provide to BellSouth access to customer record information, including circuit numbers associated with each telephone number where applicable. Excel shall provide such information within four (4) hours after request via electronic access where available. If electronic access is not available, Excel shall provide to BellSouth paper copies of customer record information, including circuit numbers associated with each telephone number where applicable. If BellSouth requests the information before noon, the customer record information shall be provided the same day. If BellSouth requests the information after noon, the customer record information shall be provided by noon the following day.

2.1.2 The Parties agree not to view, copy, or otherwise obtain access to the customer record information of any customer without that customer's permission. Excel will obtain access to customer record information only in strict compliance with applicable laws, rules, or regulations of the state in which the service is provided. BellSouth reserves the right to audit Excel's access to customer record information. If a BellSouth audit of Excel's access to customer record information reveals that Excel is accessing customer record information without having obtained the proper End User authorization, BellSouth upon reasonable notice to Excel may take corrective action, including but not limited to suspending or terminating Excel's electronic access to BellSouth's OSS functionality. All such information obtained through an audit shall be deemed Information covered by the Proprietary and Confidential Information section in the General Terms and Conditions of this Agreement.

2.1.3 Ordering. BellSouth will make available to Excel electronic interfaces for the purpose of exchanging order information, including order status and completion notification, for non-complex and certain complex resale requests and certain network elements. Specifications for access and use of BellSouth's electronic interfaces are set forth at BellSouth's interconnection website and are incorporated herein by reference. The process by which BellSouth and Excel will manage these electronic interfaces to include the development and introduction of new interfaces will be governed by the change management process as described below.

2.1.4 Maintenance and Repair. BellSouth will make available to Excel electronic interfaces for the purpose of reporting and monitoring service troubles. Specifications for access and use of BellSouth's maintenance and repair electronic interfaces are set forth at BellSouth's interconnection website and are incorporated herein by reference. The process by which BellSouth and Excel will manage these electronic interfaces to include the development and introduction of new interfaces will be governed by the change management process as described below. Requests for trouble repair are billed in accordance with the provisions of this Agreement. BellSouth and Excel agree to adhere to BellSouth's Operational Understanding, as

amended from time to time during this Agreement and as incorporated herein by reference. The Operational Understanding may be accessed via BellSouth's interconnection website.

2 1.5 Billing. BellSouth will provide Excel nondiscriminatory access to billing information as specified in Attachment 7 to this Agreement.

2.2 Change Management. BellSouth and Excel agree that the collaborative change management process known as the Change Control Process (CCP) will be used to manage changes to existing interfaces, introduction of new interfaces and retirement of interfaces. BellSouth and Excel agree to comply with the provisions of the documented Change Control Process as may be amended from time to time and incorporated herein by reference. The change management process will cover changes to BellSouth's electronic interfaces, BellSouth's testing environment, associated manual process improvements, and relevant documentation. The process will define a procedure for resolution of change management disputes. Documentation of the CCP as well as related information and processes will be clearly organized and readily accessible to Excel at BellSouth's interconnection website.

2.3 Rates. Charges for use of OSS shall be as set forth in this Agreement.

3. MISCELLANEOUS

3.1 Pending Orders. Orders placed in the hold or pending status by Excel will be held for a maximum of thirty (30) calendar days from the date the order is placed on hold. After such time, Excel shall be required to submit a new service request. Incorrect or invalid requests returned to Excel for correction or clarification will be held for thirty (30) calendar days. If Excel does not return a corrected request within thirty (30) calendar days, BellSouth will cancel the request.

3 2 Single Point of Contact. Excel will be the single point of contact with BellSouth for ordering activity for network elements and other services used by Excel to provide services to its End Users, except that BellSouth may accept a request directly from another CLEC, or BellSouth, acting with authorization of the affected End User. Excel and BellSouth shall each execute a blanket letter of authorization with respect to customer requests so that prior proof of End User authorization will not be necessary with every request (except in the case of a local service freeze). The Parties shall each be entitled to adopt their own internal processes for verification of customer authorization for requests, provided, however, that such processes shall comply with applicable state and federal law and industry and regulatory guidelines. Pursuant to a request from another carrier, BellSouth may disconnect any network element being used by Excel to provide service to that End User and may reuse such network elements or facilities to enable such other carrier to provide service to the End User. BellSouth will notify Excel that such a request has been processed but will not be required to notify Excel in advance of such processing.

- 3.2.1 Neither BellSouth nor Excel shall prevent or delay an End User from migrating to another carrier because of unpaid bills, denied service, or contract terms.
- 3.2.2 BellSouth shall return a Firm Order Confirmation (FOC) and Local Service Request (LSR) rejection/clarification within the intervals in accordance with the Service Quality Measurement (SQM) set forth in Attachment 9 of this Agreement.
- 3.2.3 Excel shall return a FOC to BellSouth within thirty-six (36) hours after Excel's receipt from BellSouth of a valid LSR.
- 3.2.4 Excel shall provide a Reject Response to BellSouth within twenty-four (24) hours after BellSouth's submission of an LSR which is incomplete or incorrectly formatted.
- 3.3 Use of Facilities. When a customer of Excel elects to discontinue service and to transfer service to another local exchange carrier, including BellSouth, BellSouth shall have the right to reuse the facilities provided to Excel by BellSouth. In addition, where BellSouth provides local switching, BellSouth may disconnect and reuse facilities when the facility is in a denied state and BellSouth has received a request to establish new service or transfer of service from a customer or a customer's CLEC at the same address served by the denied facility. BellSouth will notify Excel that such a request has been processed after the disconnect order has been completed.
- 3.4 Contact Numbers. The Parties agree to provide one another with toll-free nationwide (50 states) contact numbers for the purpose of ordering, provisioning and maintenance of services.
- 3.5 Subscription Functions. In cases where BellSouth performs subscription functions for an interexchange carrier (IXC) (i.e. PIC and LPIC changes via Customer Account Record Exchange (CARE)), BellSouth will in all possible instances provide the affected IXCs with the Operating Company Number (OCN) of the local provider for the purpose of obtaining End User billing account and other End User information required under subscription requirements.
- 3.5.1 When Excel's End User, served by resale or loop and port combinations, changes its PIC or LPIC, and per BellSouth's FCC or state tariff the interexchange carrier elects to charge the End User the PIC or LPIC change charge, BellSouth will bill the PIC or LPIC change charge to Excel, which has the billing relationship with that End User, and Excel may pass such charge to the End User.
- 3.6 Cancellation Charges. If Excel cancels a request for network elements or resold services, any costs incurred by BellSouth in conjunction with the provisioning of that request will be recovered in accordance with BellSouth's Private Line Tariff or BellSouth's FCC No. 1 Tariff, Section 5.4, as applicable. Notwithstanding the foregoing, if Excel places an LSR based upon BellSouth's loop makeup information, and such information is inaccurate resulting in the inability of

BellSouth to provision the network elements requested and another spare compatible facility cannot be found with the transmission characteristics of the network elements originally requested, cancellation charges described in this Section shall not apply. Where Excel places a single LSR for multiple network elements or services based upon loop makeup information, and information as to some, but not all, of the network elements or services is inaccurate, if BellSouth cannot provision the network elements or services that were the subject of the inaccurate loop makeup information, Excel may cancel its request for those network elements or services without incurring cancellation charges as described in this Section. In such instance, should Excel elect to cancel the entire LSR, cancellation charges as described in this Section shall apply to those elements and services that were not the subject of inaccurate loop makeup.

3.7

Service Date Advancement Charges (a.k.a. Expedites) For Service Date Advancement requests by Excel, Service Date Advancement charges will apply for intervals less than the standard interval as outlined in the BellSouth Product and Services Interval Guide. The charges as outlined in BellSouth's FCC No. 1 Tariff, Section 5, will apply as applicable.
