Hon. Sara Kyle, Chairman
Tennessee Regulatory Authority
460 James Robertson Parkway
Nashville, Tennessee 37243

Dear Director Kyle:

Pursuant to Section 4.5.2 of AT&T Tennessee's Self Effectuating Enforcement Mechanism Administration Plan ("Plan"), AT&T Tennessee hereby invokes a Force Majeure Event due to unforeseeable flooding and wind damage caused by highly unusual and excessive rain and storms for the NPAs/NXXs contained in the attachment beginning May 1, 2010.¹ The areas include the listed NPAs/NXXs from 115 wire centers in west and middle Tennessee, including the Memphis and Nashville metropolitan areas. The measures affected due to the force majeure event include all measures associated with Provisioning, Maintenance and Repair, and Trunk Group Performance.

The weather conditions include estimates ranging from approximately 13 to 15 inches of rain over a two day period. Numerous roads and communities were flooded. AT&T's network has been adversely affected, with numerous remote terminals, cross boxes, cable spans and other equipment taken out of service. In addition, numerous road closings have prevented or delayed repairs caused by the historic flooding. Governor Phil Bredesen has declared 52 counties to be disaster areas, and at least 21 counties have been declared federal disaster areas.

It will take some time for AT&T Tennessee to recover and regain normal installation and repair activities. Reasonable efforts are being made to do so; to date, AT&T Tennessee has restored some remote terminals and cable spans, but there are many facilities that remain on battery or generator power and that remain down. In addition, AT&T Tennessee's installation

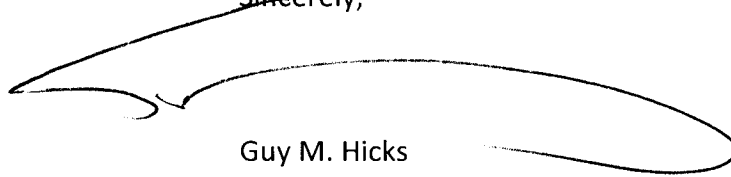

¹ Section 4.5.2 of the Plan provides in relevant part that AT&T shall not be obligated to pay Tier-1 or Tier-2 Enforcement Mechanisms (SEEM payments) for non-compliance with a performance measurement if such non-compliance was the result of any *Force Majeure* Event that either directly or indirectly prevented, restricted, or interfered with performance as measured by the SQM/SEEM Plan.

and repair volumes are at abnormally high levels. AT&T Tennessee will advise the Authority when the service emergency period has concluded.

If you have any questions concerning this matter, please call me.
