T.R.A. DOCKET ROOM

Via Hand Delivery

Hon. Mary Freeman, Chairman
Tennessee Regulatory Authority
460 James Robertson Parkway
Nashville, Tennessee 37243

**Re: BellSouth's Establishment of a New Performance Assurance Plan
Docket 04-00150**

Dear Director Freeman:

Pursuant to Section 4.5.2 of AT&T Tennessee's Self Effectuating Enforcement Mechanisms Administration Plan ("Plan"), AT&T Tennessee hereby invokes a Force Majeure Event due to severe storm damage caused by the unusually severe storms in Tennessee that occurred during the week beginning April 25¹. The areas include the listed NPAs/NXXs from 176 wire centers across the state, including areas in the Chattanooga, Knoxville, Memphis and Nashville metropolitan areas. The effective dates of the Force Majeure for each wire center are listed in the attachment. The measures affected due to the Force Majeure event include all measures associated with Provisioning, Maintenance and Repair, and Trunk Group Performance.

The weather conditions included tornadoes, high winds and heavy rain during the week. AT&T's network has been adversely affected, with numerous remote terminals, cable spans and other equipment taken out of service. In addition, downed power lines have prevented access to many areas until local power companies clear the hazards. Governor Bill Haslam has declared 52 counties to be disaster areas, and at least 21 counties have been declared federal disaster areas.

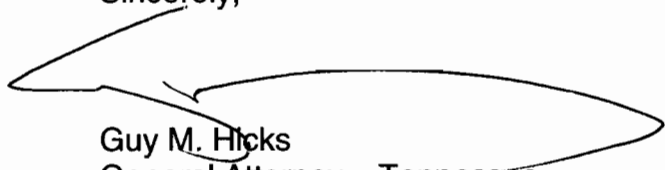

It will take some time for AT&T Tennessee to recover and regain normal installation and repair activities. Efforts are being made to do so; to date, AT&T Tennessee has restored some remote terminals and cable spans, but there are many facilities that remain on battery or generator power and that remain down. In addition, AT&T Tennessee's installation and repair volumes are at abnormally high levels. AT&T Tennessee will advise the Authority when the service emergency period has concluded.

¹ Section 4.5.2 of the Plan provides in relevant part that AT&T shall not be obligated to pay Tier-1 Enforcement Mechanisms (SEEM payments) for non-compliance with a performance measurement if such non-compliance was the result of any Force Majeure Event that either directly or indirectly prevented, restricted, or interfered with performance as measured by the SQM/SEEM Plan.

Hon. Mary Freeman, Chairman
