T.R.A. DOCKET ROOM
May 13, 2011

Via Hand Delivery

Hon. Mary Freeman, Chairman
Tennessee Regulatory Authority
460 James Robertson Parkway
Nashville, TN 37243

Dear Chairman Freeman:

Pursuant to Section 4.5.2 of AT&T Tennessee's Self Effectuating Enforcement Mechanism Administration Plan ("Plan"), AT&T Tennessee hereby invokes a Force Majeure Event due to flooding caused by excessive rain for the NPAs/NXXs contained in the attachment beginning May 10, 2011¹. The areas include the listed NPAs/NXXs from 14 wire centers in west and middle Tennessee, including the Memphis metropolitan area. The measures affected due to the force majeure event include all measures associated with Provisioning, Maintenance and Repair, and Trunk Group Performance.

The weather conditions include unusually heavy rain in the Mississippi, Ohio and Tennessee River watersheds. Numerous roads and communities have flooded. AT&T's network has been adversely affected, and numerous road closings are preventing or delaying repairs caused by this historic flooding. Fifteen Tennessee counties, including Shelby and Stewart, have been declared Federal disaster areas.

Flood waters are expected to recede slowly, and it will take some time for AT&T Tennessee to assess and replace damaged facilities, and to regain normal installation and repair activities. In addition, AT&T Tennessee's installation and repair volumes in these areas are at abnormally high levels. AT&T Tennessee will advise the Authority when the service emergency period has concluded.

If you have any questions concerning this matter, please call me.

Sincerely,

Joelle Phillips

by [signature] at permission

¹ Section 4.5.2 of the Plan provides in relevant part that AT&T shall not be obligated to pay Tier-1 Enforcement Mechanisms (SEEM payments) for non-compliance with a performance measurement if such non-compliance was the result of any Force Majeure Event that either directly or indirectly prevented, restricted, or interfered with performance as measured by the SQM/SEEM Plan.
