Reconciliation Ministries, Inc.
702 51st Avenue North
Nashville, TN 31209

Dear Reconciliation Ministries:

I am writing in regard to Docket # 04-00166, # 04-00211
My name is Karen Farmer wife of Jason
Farmer (518795) who is a resident of BMCX -
Morgan County Correctional Complex (Annex).
Please do not raise the price of the phone
calls that my husband makes to call home.
We are living on a very tight income.
Please don't take the communication and
support away from the inmates. They
need to hear their families voice in
order to keep fighting and moving forward
to make it to the finish line and go home.
My husband also has family in Rockport
Texas as well. I am speaking on their
behalf as well. We need to be able to
hear from our loved one. We also need to
be there to support him as much as we can.
Please don't take the family away from the
inmates because of raising the price of
phone calls that they make. The best interest
of the inmates should be taken into consideration.

Instead of chasing the all mighty dollar,
We need to keep the communication lines
open for the inmates to be able to speak to
their families in addition to their visits.
We love and care for our incarcerated
inmates that are our loved ones.

Please don't keep us away from our
loved ones. They need to hear our
voices for encouragement and the will
to keep fighting. I pray that GOD will
lead you to the right decision. We need
to be a vital part of our incarcerated
loved ones lives during this difficult time
for them. Thank you for taking the time
to hear my concerns about this important
issue.

Sincerely,
Karen Farmer, MA
