RE: Notice of Withdrawal of Authority of Service Area Known as the LashBrooke Subdivision in  
Docket No. 04-000268

Dear Mr. Collier:

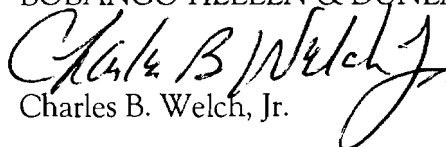

On January 31, 2005, the Tennessee Regulatory Authority ("TRA") approved the Petition of Integrated Resource Management, Inc. d/b/a IRM Utility, Inc. ("IRM") to Amend its Certificate of Convenience and Necessity to expand its service area to include a portion of Blount County known as the LashBrooke Subdivision in the above referenced docket.

IRM submits this letter requesting the TRA to cancel authority of IRM to own and operate the LashBrooke wastewater treatment system. The system is currently under construction and is not serving any consumers. LashBrooke Corporation, the developer of the LashBrooke subdivision, does not oppose this request and will be responsible for contracting with another provider to own and operate the wastewater treatment system currently under construction.

Thank you for your assistance regarding this matter. If you have any questions, or if I may be of further assistance, please do not hesitate to contact me.

Very truly yours,

FARRIS MATHEWS BRANAN
