In re: *Approval of the Amendment to the Interconnection Agreement Negotiated by BellSouth Telecommunications, Inc. and Birch Telecom of the South, Inc Pursuant to Sections 251 and 252 of the Telecommunications Act of 1996*

Docket No. _____

PETITION FOR APPROVAL OF THE
AMENDMENT TO THE INTERCONNECTION AGREEMENT
NEGOTIATED BETWEEN BELL SOUTH TELECOMMUNICATIONS, INC.
AND BIRCH TELECOM OF THE SOUTH, INC.
PURSUANT TO THE TELECOMMUNICATIONS ACT OF 1996

COME NOW, Birch Telecom of the South, Inc. ("Birch") and BellSouth Telecommunications, Inc., ("BellSouth"), and file this request for approval of the Amendment to the Interconnection Agreement dated July 14, 2000 (the "Amendments") negotiated between the two companies pursuant to Sections 251 and 252 of the Telecommunications Act of 1996, (the "Act"). In support of their request, Birch and BellSouth state the following:

1. Birch and BellSouth have successfully negotiated an agreement for interconnection of their networks, the unbundling of specific network elements offered by BellSouth and the resale of BellSouth's telecommunications services to Birch. The Interconnection Agreement was approved by the Tennessee Regulatory Authority ("TRA") on March 20, 2001.

2. The parties have recently negotiated an Amendment to the Agreement. The Amendment modifies rates for LNP Cost recovery. A copy of the Amendment is attached hereto and incorporated herein by reference.

3. Pursuant to Section 252(e) of the Telecommunications Act of 1996, Birch and BellSouth are submitting their Amendment to the TRA for its consideration and approval. The

Amendment provides that either or both of the parties is authorized to submit the Amendment to the TRA for approval.

4. In accordance with Section 252(e) of the Act, the TRA is charged with approving or rejecting the negotiated Amendment between BellSouth and Birch within 90 days of its submission. The Act provides that the TRA may only reject such an agreement if it finds that the agreement or any portion of the agreement discriminates against a telecommunications carrier not a party to the agreement or the implementation of the agreement or any portion of the agreement is not consistent with the public interest, convenience and necessity.

5. Birch and BellSouth aver that the Amendment is consistent with the standards for approval.

6. Pursuant to Section 252(1) of the Act, BellSouth shall make the Agreement available upon the same terms and conditions contained therein.

Birch and BellSouth respectfully request that the TRA approve the Amendment negotiated between the parties

This 16th day of Sept, 2004.

Respectfully submitted,

BELLSOUTH TELECOMMUNICATIONS, INC.

BellSouth currently is developing the billing capability to mechanically bill the recurring and non-recurring Market Rates in this section except for nonrecurring charges for not currently combined in FL and NC. In the interim where BellSouth cannot bill Market Rates, BellSouth shall bill the rates in the Cost-Based section preceding in lieu of the Market Rates and reserves the right to true-up the billing difference													
The Market Rate for unbundled ports includes all available features in all states													
End Office and Tandem Switching Usage and Common Transport Usage rates in the Port section of this rate exhibit shall apply to all combinations of loop/port network elements except for UNE Coin Port/Loop Combinations which have a flat rate usage charge (USOC URECU)													
For Not Currently Combined scenarios the Nonrecurring charges are listed in the First and Additional NRC columns for each Port USOC. For Currently Combined scenarios, the Nonrecurring charges are listed in the NRC - Currently Combined section													
Additional NRCs may apply also and are categorized accordingly
