Re: Tennessee Wastewater Systems, Inc.'s Petition to Amend Certificate of
Public Convenience and Necessity to provide Wastewater Utility Services
(Docket No. 05-00162)

Dear Mrs. Standley:

Tennessee Wastewater Systems, Inc. has received some clarifying information
from the Fentress County Mayor. We request that this information be included
with our petition that was previously submitted.

If you have any questions, please feel free to give me a call.

Sincerely,

Charles Pickney, Jr.
President

Charles Pickney
Tennessee Wastewater
7638 River Road Pike
Nashville, TN 37209

Dear Charles:

Fentress County has several growth opportunities and requires wastewater service to be available in the areas marked on the attached map. Fentress County currently has no means to provide the needed wastewater service.

It is my understanding that your utility company is willing to serve the needs that the county has within the mapped territory. We are requesting Tennessee Wastewater provide this service in the designated area. There is currently a very good potential for both residential and commercial development in this area for our county.

We look forward to working with you on this project.

Sincerely,

John B. Mullinix
County Executive
