Notice of Rulemaking Hearing
Tennessee Regulatory Authority

There will be a hearing before the Tennessee Regulatory Authority to consider the promulgation of a rule pursuant to Tenn. Code Ann. §§ 4-5-202 and 65-2-102. The hearing will be conducted in the manner prescribed by the Uniform Administrative Procedures Act, Tenn. Code Ann. § 4-5-204 and will take place in the Hearing Room of the Tennessee Regulatory Authority located at 460 James Robertson Parkway, Nashville, TN 37243 at 2:00 p.m. (central) on the 16 day of October 2006.

Any individuals with disabilities who wish to participate in these proceedings (or to review these filings) should contact the Tennessee Regulatory Authority to discuss any auxiliary aids of services needed to facilitate such participation. Such initial contact may be made no less than ten (10) days prior to the scheduled meeting date (or the date the party intends to review the filings), to allow time for the Tennessee Regulatory Authority to determine how it may reasonably provide such aid or service. Initial contact may be made with the Tennessee Regulatory Authority's ADA Coordinator at 460 James Robertson Parkway, Nashville, TN 37243-0505 and 615/741-2904, extension 138.

For a copy of this notice, contact: Sharla Dillon, Docket Manager, Tennessee Regulatory Authority, 460 James Robertson Parkway, Nashville, TN 37343, (615) 741-2904, extension 136.

Proposed Rule
of the
Tennessee Regulatory Authority

Chapter 1220-4-14
Telecommunications Rule Governing the Operations and
Funding Mechanism for the Tennessee Relay Service

Table of Contents

1220-4-14-.01	Definitions
1220-4-14-.02	Scope and Purpose of Rule
1220-4-14-.03	TRS Fund Administrator
1220-4-14-.04	TRS Operations Administrator
1220-4-14-.05	TRS Funding Mechanism
1220-4-14-.06	Enforcement Provisions

1220-4-14-.01 Definitions

- (1) "Assigned telephone number" means the pool of total telephone numbers assigned to a communications service provider by the North American Numbering Administrator, including working and non-working telephone numbers.
- (2) "Authority" means the Tennessee Regulatory Authority.
- (3) "Basic relay" means the traditional form of relay consisting of one TTY user and one voice user.
- (4) "CapTel" means a service that utilizes captioned telephone technology to assist persons with a communication disability in their use of the telephone network.

- (5) "Communication disability" means a condition of hearing impairment or speech impairment as defined in Title IV, Section 401, Americans with Disabilities Act of 1990.
- (6) "Intrastate communications service" means the offering for a fee of intrastate voice communications or the intrastate service that allows the end users to engage in real-time communications via a physical transmission facility directly to the public, or to such classes of users as to be effectively available directly to the public, regardless of facilities or technology used.
- (7) "Intrastate communications service provider" means any entity that uses telephone numbers or an internet protocol (IP) address – or the functional equivalent – to offer a service that includes real-time voice communications that originate and terminate within the state. This definition shall include wireless and IP based providers that process calls originating and terminating within the state.
- (8) "Local exchange company (LEC)" means a corporation that provides telephone access lines to residential and business customers with the associated transmission of two-way interactive switched voice communication within a geographic area where basic local exchange rates apply rather than message telecommunications service rates.
- (9) "North American Numbering Administrator" means the entity appointed by the Federal Communications Commission to oversee the administration, assignment and conservation of telephone numbers for North America.
- (10) "State" means the State of Tennessee.
- (11) "Tennessee Relay Service (TRS)" means the service through which a person having a communication disability, through the use of specialized telecommunications equipment, sends and receives messages by way of voice communication to and from a person without such disability whose telephone is not equipped with specialized telecommunications equipment. TRS includes services that enable two-way communication between an individual who uses a text telephone or other non-voice terminal device and an individual who does not use such a device. TRS shall include basic relay and CapTel services.
- (12) "Working telephone number" means a telephone number with an existing NPA-NXX code that is assigned to a working subscriber access line or its equivalent through which real-time voice communications are originated and terminated.

Authority: Tenn. Code Ann. § 65-21-115

1220-4-14-.02 Scope and Purpose of Chapter

- (1) This Chapter provides for the operation and funding of the Tennessee Relay Service. As stated by the Tennessee General Assembly in Tenn. Code Ann. § 65-5-107 *et seq.*, it is the public policy of the State that all citizens have access to affordable residential basic local telecommunications service, referred to as "universal service." Successfully accomplishing universal service requires the establishment of a telecommunications relay service that will provide citizens with a communications disability the ability to access and utilize the public telecommunications network. The Authority has determined in Docket No. 97-00888 Phase I that basic relay service shall be funded by a state universal service support. The funding mechanism for the Tennessee Relay Service shall

be competitively neutral-based in accordance with Authority rules and federal statutes.

Authority: Tenn. Code Ann. § 65-21-115

1220-4-14-.03 TRS Fund Administrator

- (1) The Authority may designate a TRS Fund Administrator, who shall administer the collection and disbursement of funds for the TRS in accordance with Generally Accepted Accounting Principles and state requirements.
- (2) Funds collected to support the TRS shall be deposited in the TRS Fund of the Authority. Any excess funds collected over the actual expense shall be deposited in TRS Reserve Fund.
- (3) Funds collected to support the TRS may be used to cover administrative expenses incurred in the collection and disbursement of TRS funds.
- (4) The TRS Fund Administrator shall issue an annual financial report of the TRS fund in February of each year reflecting the amount of monies collected and dispersed as well as the portion of the fund used to support the administration of the program.

Authority: Tenn. Code Ann. § 65-21-115

1220-4-14-.04 TRS Operation Administrator

- (1) The Authority shall appoint and contract with a qualified person or persons to operate the Tennessee Relay Service (TRS Operation Administrator) in accordance with state and federal law.
- (2) The TRS Operation Administrator shall not be an employee or officer of the state.
- (3) The appointment and contract for the TRS Operation Administrator shall be for fixed terms with the provision that the Authority may renew the terms of appointment and contract.
- (4) The TRS contract shall include a consumer education and outreach component to inform and educate the public about the availability of relay services.
- (5) The TRS Operation Administrator shall establish a TRS advisory council made up of users of relay services representing all regions of the state who will provide the administrator with feedback on service quality and feature offerings. This council shall consist of no fewer than five (5) individual who reside in East, Middle and West Tennessee with no more than two (2) residing in any one grand division of the State.
- (6) The TRS Operation Administrator shall provide reports timely to the Authority as requested or as required in the TRS contract.
- (7) The Authority may audit, at its own expense, the records of the TRS Operation Administrator.

Authority: Tenn. Code Ann. § 65-21-115

1220-4-14-.05 TRS Funding Mechanism

- (1) All intrastate communications service providers shall contribute toward the cost of supporting the TRS through an annual assessment, determined by the TRS Fund Administrator.
- (2) The amount assessed to each intrastate communications service provider for the purpose of funding the TRS shall include an allocation of projected total TRS costs for the upcoming year and a true-up of actual costs for the preceding year to the amount of funding collected for the same time period. This assessment shall be based upon the prorated share of total working telephone numbers of all intrastate communications service providers as reported on the TRS Assessment Form provided by and filed with the Authority.
 - (a) No later than August 1 of each year, all intrastate communications service providers shall submit to the Authority data showing the total number of assigned and working telephone numbers as of June 30 of the same year utilized to provide real-time voice communications originating from Tennessee, along with a sworn affidavit from a company executive verifying the accuracy of the data.
 - (b) No later than September 15 of each year, the TRS Operation Administrator shall submit to the Authority a statement of actual year-to-date costs through August 31 of that year and a projection of the cost to operate the TRS for the following calendar year.
 - (c) No later than November 1 of each year, the Authority shall calculate the authorized charge and render assessments to all intrastate communications service providers.
 - (d) Intrastate communications service providers shall submit payment to the Authority for TRS support no later than December 15 of each year.
 - (e) Intrastate communications service providers that have less than 1,000 working telephone numbers within Tennessee shall not be assessed a fee to support the TRS but are still required to file with the Authority the annual data specified in 1220-4-14-.05(2) (a).
 - (f) Intrastate communications service providers shall be assessed a late fee of five percent (5%) per month of the TRS assessed amount for failing to comply with Rule 1220-4-14-.05(2) (d).
 - (g) If, at any time, it becomes apparent that actual TRS costs will exceed the amount collected, thereby resulting in a shortage of available funds, the Authority may impose an emergency assessment to cover the expected shortfall.
- (3) Intrastate communications carriers shall be authorized to recover those amounts collected for funding the TRS. The charge may be itemized on each telephone account, in which case the authorized charge shall be calculated by the Authority and shall be listed by the carrier as the "Tennessee Relay Service Fund" on the end user's bill. Each intrastate communications service provider shall maintain a record of the monthly itemized charge imposed on and collected from each customer for a period of three (3) years.

1220-4-14-.06 Enforcement Provisions

- (1) The Authority may, at its own expense, audit the records of intrastate communications service providers or request such information as to ensure that such charges to customers are collected in accordance with this chapter.
- (2) The Authority may order the investigation of an intrastate communications service provider to determine compliance with this chapter. If such investigation reveals a possible violation of state law or this Chapter, the Authority may issue a show cause order with respect to such acts pursuant to Tenn. Code Ann. Section 65-2-106.
