

Indiana Utility Regulatory Commission Regulatory Commission

Dear Indiana Utility Regulatory Commission Commission,

I am outraged that a highly profitable company like Sprint Nextel is demanding unfair concessions from the workers who make those profits for you. It is unfair to demand concessions on health care, overtime pay, sick and vacation leave, 401k plans and more –especially as you abandon local phone service in our communities.

I believe corporations serve their customers and the public and have a duty to meet the expectations we hold for them. Sprint Nextel is not meeting those expectations. I prefer to do business with companies that treat workers as they should be treated.

Therefore, I plan to drop my Sprint Nextel service and switch to Cingular for wireless service and AT&T for long distance.

Sincerely,

Ryan Travis

CEO Dan Hesse

Dear CEO Hesse,

Sprint's plans for the new company that provides local telephone service to 7.5 million customers are an outrage.

This company is being unfairly saddled with \$7.25 billion in debt after Sprint pledged to the Federal Communications Commission earlier this year that there would be an equitable distribution of the overall debt and assets of Sprint.

Clearly, this company is being set up for failure, by transferring this excessive debt to local service and requiring an onerous, one-sided repayment schedule.

These actions are sure to result in higher rates for customers, poor quality service with the new company unable to invest in repairs and upgrades, and an endless wait for customers who want broadband service and other technologies.

The 7.5 million mostly rural customers served by Sprint local telephone service deserve better. They have contributed billions in profits to Sprint -- \$6 billion last year alone. Sprint

Nextel, after taking customers' money, apparently has decided to abandon their service needs.

Sprint's attitude toward workers who provide quality service isn't any better. Sprint has demanded huge givebacks in health care, disability benefits, retirement security and other benefits that Sprint workers have earned over the years.

I urge you to sit down with Sprint workers to reach a fair contract, and to restructure the enormous debt and repayment plan that you currently expect the new local telephone company to support.

I am certain that state and federal regulators are closely following these developments.

Sincerely,

CEO of Local Telecommunications, Sprint/Nextel Dan Hesse

Dear CEO of Local Telecommunications, Sprint/Nextel Hesse,

I am outraged that a highly profitable company like Sprint Nextel is demanding unfair concessions from the workers who make those profits for you. It is unfair to demand concessions on health care, overtime pay, sick and vacation leave, 401k plans and more—especially as you abandon local phone service in our communities.

I believe corporations serve their customers and the public and have a duty to meet the expectations we hold for them. Sprint Nextel is not meeting those expectations. I prefer to do business with companies that treat workers as they should be treated.

Therefore, I plan to drop my Sprint Nextel service and switch to Cingular for wireless service and AT&T for long distance.

Sincerely,

Jennifer Okoniewski

CEO of Local Telecommunications, Sprint/Nextel Dan Hesse

Dear CEO of Local Telecommunications, Sprint/Nextel Hesse,

I am outraged that a highly profitable company like Sprint Nextel is demanding unfair concessions from the workers who make those profits for you. It is unfair to demand concessions on health care, overtime pay, sick and vacation leave, 401k plans and more—especially as you abandon local phone service in our communities.

I believe corporations serve their customers and the public and have a duty to meet the expectations we hold for them. Sprint Nextel is not meeting those expectations. I prefer to do business with companies that treat workers as they should be treated.

Therefore, I plan to drop my Sprint Nextel service and switch to Cingular for wireless service and AT&T for long distance.

Sincerely,

Adrienne Williams
