RE: *In Re: Petition to Open An Investigation to Determine Whether Atmos Energy Corp. Should Be Required by The Tennessee Regulatory Authority to Appear And Show Cause That Atmos Energy Corp. Is Not Overearning in Violation of Tennessee Law And That It Is Charging Rates That Are Just And Reasonable, TRA Docket No. 05-00258*

Dear Chairman Kyle:

Pursuant to the Hearing Officer's July 13, 2006, *Order Addressing Intervention of AEM and the Procedural Schedules for Phases One and Two*, the parties are required to submit Proposed Issues List on September 12, 2006. On behalf of Atmos Energy Marketing, LLC ("AEM"), I am writing to advise the Hearing Officer in the above-captioned matter that AEM does not intend on submitting a Proposed Issues List at this time. Consistent with the Authority's actions in TRA Docket No. 05-00258 on June 26, 2006, and AEM's full intervention, AEM will actively monitor the Phase Two proceedings and reserves the right to protect its legal rights, duties, privileges, immunities and other legal interests in Phase Two.

An additional copy of this filing is enclosed to be "file stamped" for our records.

Respectfully submitted,

Melvin J. Malone
