Mr Collier

I am the Attorney in Memphis representing Issac Luboti and Getco in the MLGW-Memphis Broadband matter. This is to confirm that I am requesting a continuance of the matter from the Tuesday, February 21, setting to April 3, 2006 or if that date is not convenient for you or the board or Mr. Malone, another date after April 3, 2006.

I have this morning called Mr. Malone and left a detailed message about my continuance request on his voice mail. Mr. Malone did call me back; however, I missed his return call and when I called him, he was not available; however, I did convey to him in the message that I was requesting a continuance to April 3, 2006.

Thank-you.
