Dear Ms. Standley:

We have recently reached an agreement with the City of White House, Tennessee for the annexation of our development into the city limits of White House. As part of this agreement, the White House Sewer Department will provide our development with public sewer services. Therefore, we will no longer be constructing a Sheaffer, International treatment facility.

This annexation will take place in October, 2006 and is subject to the final approval of the City of White House Mayor and Board of Alderman.

Please call me if you have any questions regarding this matter.

Sincerely,

C.B. Hellmann, Jr.
Chief Manager
