DOCKET NO.
06-00032

INITIAL ORDER GRANTING CERTIFICATE OF
PUBLIC CONVENIENCE AND NECESSITY

This matter came before the Hearing Officer of the Tennessee Regulatory Authority (the "Authority" or "TRA") at a Hearing held on April 13, 2006, to consider the *Application for Authority to Provide Resold Interexchange and Local Telecommunications Services and Facilities-Based Local Exchange Telecommunications Services* (the "*Application*") filed by Symtelco, LLC ("Symtelco") on February 8, 2006. In its *Application*, Symtelco seeks a certificate of public convenience and necessity ("CCN") for authority to provide facilities-based local exchange telecommunications services, including exchange access telecommunications services, within the State of Tennessee.

Legal Standard for Granting Certificate of Public Convenience and Necessity

Symtelco's *Application* was made pursuant to, and was considered in light of, the criteria for granting a CCN as set forth in Tenn. Code Ann. § 65-4-201 (2004), which provides, in pertinent part:

(a) No public utility shall establish or begin the construction of, or operate any line, plant, or system, or route in or into a municipality or other territory already receiving a like service from another public utility, or

establish service therein, without first having obtained from the authority, after written application and hearing, a certificate that the present or future public convenience and necessity require or will require such construction, establishment, and operation, and no person or corporation not at the time a public utility shall commence the construction of any plant, line, system or route to be operated as a public utility, or the operation of which would constitute the same, or the owner or operator thereof, a public utility as defined by law, without having first obtained, in like manner, a similar certificate . . .

* * *

(c) After notice to the incumbent local exchange telephone company and other interested parties and following a hearing, the authority shall grant a certificate of convenience and necessity to a competing telecommunications service provider if after examining the evidence presented, the authority finds:

(1) The applicant has demonstrated that it will adhere to all applicable commission policies, rules and orders; and

(2) The applicant possesses sufficient managerial, financial, and technical abilities to provide the applied for services.

* * *

(d) Subsection (c) is not applicable to areas served by an incumbent local exchange telephone company with fewer than 100,000 total access lines in this state unless such company voluntarily enters into an interconnection agreement with a competing telecommunications service provider or unless such incumbent local exchange telephone company applies for a certificate to provide telecommunications services in an area outside its service area existing on June 6, 1995.¹

¹ Notwithstanding the existence of subsection (d), the Federal Communications Commission ("FCC") has expressly preempted the Authority's enforcement of subsection (d) pursuant to the authority granted to the FCC under 47 U.S.C. § 253(d). *AVR, L P d/b/a Hyperion of Tennessee, L P Petition for Preemption of Tennessee Code Annotated Section 65-4-201(d) and Tennessee Regulatory Authority Decision Denying Hyperion's Application Requesting Authority to Provide Service in Tennessee Rural LEC Service Area*, FCC 99-100, *Memorandum Opinion and Order*, 14 FCC Rcd. 11064 (1999); *Memorandum Opinion and Order*, 16 FCC Rcd. 1247 (2001). The Authority has since issued an order expanding a competing local exchange carrier's CCN to provide telecommunications services on a statewide basis including areas served by incumbent local exchange carriers with fewer than 100,000 total access lines in Tennessee. *See In re Application of Level 3 Communications, LLC to Expand its CCN to Provide Facilities-Based Local Exchange and Interexchange Telecommunications Services in all Tennessee Service Areas*, Docket No 02-00230, *Order Approving Application of Level 3 Communications, L.L.C. to Amend Its Certificate of Public Convenience and Necessity* (June 28, 2002).

Furthermore, pursuant to Tenn. Code Ann. § 65-5-112 (2004), a competing telecommunications provider is required to file with the Authority (1) a plan containing the provider's plan for purchasing goods and services from small and minority-owned telecommunications businesses; and (2) information on programs that might provide technical assistance to such businesses.

The April 13, 2006 Hearing

Pursuant to Tenn. Code Ann. § 65-4-204 (2004), public notice of the Hearing in this matter was issued by the Hearing Officer on March 29, 2006. No persons sought intervention prior to or during the Hearing. At the Hearing held on April 13, 2006, Mr. Greg Hogan, President of Symtelco, participated in the Hearing, and was subject to examination by the Hearing Officer. April Ingram, Esq., Boulton, Cummings, Conners & Berry, PLC, 1600 Division Street, Suite 700, Nashville, Tennessee 37203, appeared on behalf of Symtelco. Upon Symtelco's conclusion of the presentation of its proof, the Hearing Officer granted Symtelco's *Application* based upon the following findings of fact and conclusions of law:

I. Symtelco, LLC's Qualifications

1. Symtelco is a limited liability company organized under the laws of the State of Georgia on September 6, 2002, and was qualified to transact business in the State of Tennessee on July 21, 2005.

2. The complete street address of Symtelco's registered agent is CT Corporation System, 800 S. Gay Street, Suite 2021, Knoxville, Tennessee 37929. The complete street address of Symtelco's company office is 1385 Weber Industrial Drive, Cumming, Georgia 30041. The telephone number is (678) 455-2770 and the facsimile number is (770) 844-0845.

3. The *Application* and supporting documentary information existing in the record indicate that Symtelco has the requisite technical and managerial ability to provide

competitive access services and transport telecommunications services within the State of Tennessee. Specifically, Symtelco's senior management team possesses extensive business, technical, operational and regulatory telecommunications experience.

4. Symtelco has the necessary capital and financial ability to provide the services it proposes to offer.

5. Symtelco has represented that it will adhere to all applicable statutes, policies, rules and orders of the Authority.

II. Proposed Services

Symtelco intends to offer resold and facilities-based local exchange service throughout the areas in Tennessee currently served by BellSouth Telecommunications, Inc. ("BellSouth") via a BellSouth Commercial Agreement. Symtelco is not planning to build any facilities in Tennessee, but will lease lines, switches and interconnection from BellSouth.

III. Permitting Competition to Serve the Public Convenience and Necessity

Upon a review of the *Application* and the record in this matter, the Hearing Officer finds that approval of Symtelco's *Application* would inure to the benefit of the present and future public convenience by permitting competition in the telecommunications services markets in the State and by fostering the development of an efficient, technologically advanced statewide system of telecommunications services.

IV. Small and Minority-Owned Telecommunications Business Participation Plan

Symtelco has filed a satisfactory small and minority-owned telecommunications business participation plan, pursuant to Tenn. Code Ann. § 65-5-112 (2004) and the Authority's Rules.

IT IS THEREFORE ORDERED THAT:

1. The *Application for Authority to Provide Resold Interexchange and Local Telecommunications Services and Facilities-Based Local Exchange Telecommunications Services* filed by Syntelco, LLC is approved; and
2. Any party aggrieved by the Hearing Officer's decision in this matter may file a petition for reconsideration within fifteen (15) days from and after the date of this Order.

Jean A. Stone, Hearing Officer
