1. Please explain details associated with the handling of calls for the proposed coverage area. Will all calls be routed to and serviced from one location 24 hours per day?

4. Please provide a proposed time frame for each county in the proposed coverage area to implement 211 information and referral services. Provide, by county, the timeframe in which each county's data base will be completely merged in order that calls may be handled by the Memphis Public Library & Information Center.
5. Have all local telephone companies in all of the counties of the proposed coverage area been notified that 211 will be requested? Has there been any commitment from

any local telephone companies in the proposed coverage area as to when 211 can be provided? Explain details.

6. Has the Memphis Public Library received written support from each United Way in the proposed coverage area for the allocation of 211 and for information and referral calls to be routed to Memphis? If so, please provide copies of such support. If not, why not?

Please provide the supporting documentation by March 3, 2006. If you have any questions concerning this request or need additional information, please call Patsy Fulton at 615-741-2904 ext. 193.
