T.R.A. DOCKET ROOM

**NOTE FOR FILE**

**Docket No:** 06-00057

**IN RE:** Amended Petition of Memphis Public Library & Information Center  
for Allocation of an N11 Number (Abbreviated Dialing Code).

**Date:** May 1, 2006

---

On April 28, 2006, I spoke with Mr. Kerry Watson-Regulatory Manager, Yorkville Telephone Cooperative ("Yorkville"). I informed Mr. Watson that Memphis Public Library & Information Center ("Memphis Library") has requested the use of the N11 code 211 for use in providing health and human services and referral to citizens in Lake and Obion Counties in Tennessee and it was my understanding that Yorkville is presently using 211 in Obion County for testing purposes. Mr. Watson confirmed that Yorkville was using the 211 number at this time but stated that Yorkville is aware that the FCC has allocated the 211 code for use in conjunction with the provision of health and human services and referral. Mr. Watson also stated that Yorkville will gladly discontinue its use after the TRA issues an order allocating the 211 number to Memphis Library.

Carsie D. Mundy  
Manager of Telecommunications
