BEFORE THE TENNESSEE REGULATORY AUTHORITY

Joint Petition of)	
Access Integrated Networks, Inc.)	TRA Docket No. _____
and Trinsic Communications, Inc.)	
For Approval of Transfer of)	
Certain Customers)	

**JOINT PETITION OF ACCESS INTEGRATED NETWORKS, INC.,
AND TRINISICCOMMUNICATIONS, INC. FOR EXPEDITED APPROVAL OF
TRANSFER OF CERTAIN CUSTOMERS**

Trinsic Communications, Inc. ("Trinsic") and Access Integrated Networks, Inc. ("AIN") respectfully request, pursuant to Rule 1220-4-2-.56 of the Tennessee Regulatory Authority ("TRA") Rules, the Tennessee Regulatory Authority ("TRA") to approve on an expedited basis the transfer of customers among the petitioners. Upon approval of this petition, the petitioners propose to transfer approximately 3500 Trinsic customers to AIN.

Trinsic was granted its Certificate of Public Convenience and Necessity to provide competing telecommunications services in Docket No. 00-00861. Trinsic currently provides local exchange and long distance telephone services to residential and to small, medium, and large business customers nationwide, including Tennessee. As a result of federally mandated changes in competitive local exchange carriers' costs, Trinsic has modified its business plan in Tennessee and certain other states. Following the transaction, Trinsic will continue to provide service only to its existing multi-location business accounts in Tennessee.

AIN was granted its Certificate of Public Convenience and Necessity to provide competing telecommunications services in Docket No. 99-0064. AIN is a full service telecommunications company that also provides local exchange and long distance services to residential and small to medium sized business customers in nine states, including Tennessee.

After the necessary regulatory approvals, the aforementioned customers will be served by AIN. Upon completion of the customer transfer, AIN will resolve any customer questions that may result from the transfer. Prior to implementing these changes, notification will be sent by petitioners, using envelopes and letterhead bearing the Trinsic logo, to all affected customers. This notification will advise the customers of the following: the pending change of their carrier selection to AIN; that there will be no change to the rates, terms, and conditions of the service(s) to be provided by the acquiring carrier without sufficient notices as identified herein; that there will be no charge to the customer associated with the change; that the subscriber has the right to select a different preferred carrier; a toll-free customer service telephone number for inquiries about the transfer; the fact that all subscribers receiving the notice, including those who have arranged preferred carrier freezes through their local service providers, will be transferred to the new carrier if they do not select a different preferred carrier before the transfer date; and whether the acquiring carrier will be responsible for resolving outstanding complaints against the selling or transferring carrier. The acquiring carrier agrees to provide the affected customers a thirty day written notice of any rate increase that may affect their service up to ninety days from the date of the transfer of customers and will include this information in the initial notification letter to the customer.

Petitioners respectfully request that the TRA issue an order approving the transfer pursuant to Rule 1220-4-2-.56 in order to consummate the transfer of customers. In support of this request, Petitioners provide the following information:

I. THE PETITIONERS AND PARTIES

Both Trinsic and AIN are authorized to provide local and long distance services in Tennessee. These companies offer a competitive variety of local and interexchange telecommunications services. These companies are authorized to provide telecommunications and related services in other states either pursuant to certification or registration, or on an unregulated basis. These companies are also authorized by the FCC to provide interstate and international telecommunications services.

II. CONTACT INFORMATION

Correspondence or communications pertaining to this application should be directed to:

Winter Park, Florida 32789
Phone: 407-740-3004
Facsimile: 407-740-0613
E-mail: morton@tminc.com

III. REQUEST FOR APPROVAL

Pursuant to Rule 1220-4-2-.56 of the Tennessee Regulatory Authority Rules, the telecommunications provider of a customer shall not be changed without the customer's authorization. Rule 1220-4-2-.56(2)(d) provides that in the case of a transfer of a customer base between two or more telecommunications providers, the Authority, upon petition by the acquiring provider may deem that sufficient notice has been given and grant approval of the petition. The Petitioners have complied with Federal Communications Commission notice requirements for a waiver of the authorization and verification rules for implementation of the subscriber carrier selection changes provisions of the Telecommunications Act of 1996 (Attachment 1). Further, the petitioners have drafted a proposed subscriber notification letter in compliance with Federal and Tennessee law (Attachment 2).

IV. CUSTOMER IMPACT

This transaction will be made in a seamless fashion that will avoid disruption to consumers. There will be no interruption of service, or change in affected customers' rates, features, terms or conditions of service as a result of this transfer, and customers will be well informed of their choices.

V. PUBLIC INTEREST CONSIDERATIONS

The Petitioners have determined that the proposed transaction will improve operational efficiency, and thus provide greater opportunities to improve the price and performance of services available to its customers. If prior customer authorization were to be required in this event, customers may fail to respond to a request for authorization, neglect to select another long distance carrier or lose their long distance service during the transition. Consequently, granting this Petition is consistent with the public interest by maintaining continuity of customers' services and by promoting local and interexchange competition among telecommunications carriers in Tennessee. Further, by granting this Petition, unnecessary slamming complaints will be prevented during the transition, saving Petitioners and the TRA administrative burdens.

WHEREFORE, for reason stated above, the Petitioners submit that the public interest, convenience and necessity would be furthered by a grant of this Joint Petition for Approval of Customer Base Transfer pursuant to Rule 1220-4-2-.56(2)(d).

Respectfully submitted this 23 day of February, 2006.

IN RE:

APPLICATION OF ACCESS INTEGRATED
NETWORKS, INC. FOR A CERTIFICATE OF PUBLIC
CONVENIENCE AND NECESSITY AS A COMPETING
TELECOMMUNICATIONS SERVICE PROVIDER

)

)

)
)

DOCKET NO. 99-00644

**ORDER GRANTING CERTIFICATE OF
PUBLIC CONVENIENCE AND NECESSITY**

On November 30, 1999, this matter came before the Tennessee Regulatory Authority ("Authority") upon the Application of Access Integrated Networks, Inc. for a Certificate of Public Convenience and Necessity as a Competing Telecommunications Service Provider ("Application") to offer a broad variety of telecommunications services within the State of Tennessee. The Application was made pursuant to Tenn. Code Ann. § 65-4-201 *et seq.*

LEGAL STANDARD FOR GRANTING CCN

The Application of Access Integrated Networks, Inc. ("AIN") was considered in light of the criteria for granting a certificate of public convenience and necessity ("CCN") as set forth in applicable statutes. Tenn. Code Ann. § 65-4-201 provides, in part:

(a) No public utility shall establish or begin the construction of, or operate any line, plant, or system, or route in or into a municipality or other territory already receiving a like service from another public utility, or establish service therein, without first having obtained from the authority, after written application and hearing, a certificate that the present or future public convenience and necessity require or will require such construction, establishment, and operation, and no person or corporation not at the time a public utility shall commence the construction of any plant, line, system or route to be operated as a public utility, or

FILE

the operation of which would constitute the same, or the owner or operator thereof, a public utility as defined by law, without having first obtained, in like manner, a similar certificate . . .

* * *

(c) After notice to the incumbent local exchange telephone company and other interested parties and following a hearing, the authority shall grant a certificate of convenience and necessity to a competing telecommunications service provider if after examining the evidence presented, the authority finds:

(1) The applicant has demonstrated that it will adhere to all applicable commission policies, rules and orders; and

(2) The applicant possesses sufficient managerial, financial, and technical abilities to provide the applied for services.

An authority order, including appropriate findings of fact and conclusions of law, denying or approving, with or without modification, an application for certification of a competing telecommunications service provider shall be entered no more than sixty (60) days from the filing of the application.

(d) Subsection (c) is not applicable to areas served by an incumbent local exchange telephone company with fewer than 100,000 total access lines in this state unless such company voluntarily enters into an interconnection agreement with a competing telecommunications service provider or unless such incumbent local exchange telephone company applies for a certificate to provide telecommunications services in an area outside its service area existing on June 6, 1995.

Furthermore, pursuant to Tenn. Code Ann. § 65-5-212, competing telecommunications providers are required to file with the Authority (1) a plan containing the provider's plan for purchasing goods and services from small and minority-owned telecommunications businesses; and (2) information on programs that might provide technical assistance to such businesses.

INTERVENORS

Public notice of the hearing in this matter was made by the Authority's Executive Secretary, pursuant to Tenn. Code Ann. § 65-4-204. No interested persons sought intervention prior to or during the hearing.

AIN'S HEARING

AIN's Application was uncontested. At the hearing held on November 30, 1999, AIN was represented by Mr. Michael Bressman of Boulton, Cummings, Conners & Berry, PLC, 414 Union Street, Suite 1600, Post Office Box 198062, Nashville, Tennessee 37219. In addition, Mr. William T. Wright, AIN's President and Chief Executive Officer, presented testimony and was subject to examination by the Authority's Directors. Upon AIN's conclusion of proof in its case, the Authority granted AIN's Application based upon the following findings of fact and conclusions of law:

I. APPLICANT'S QUALIFICATIONS

1. AIN is a corporation organized under the laws of the State of Georgia on May 28, 1996 and was qualified to transact business in Tennessee on April 7, 1999.

2. The complete street address of AIN's principal place of business is 121 North Crest Boulevard, Macon, Georgia 31210. The phone number is (912) 475-9800 and fax number is (912) 475-9988. AIN's counsel is Michael Bressman. Boulton, Cummings, Conners & Berry, PLC, 414 Union Street, Suite 1600, Post Office Box 198062, Nashville, Tennessee 37219.

3. The Application and supporting documentary information existing in the record indicate that AIN has the requisite technical and managerial ability to provide telecommunications services within the State of Tennessee on a facilities-based and resale basis. Specifically, AIN's management has extensive expertise in the telecommunications industry, including numerous years of experience with an incumbent local exchange carrier, and has made arrangements for the technical support to provide its telecommunications services. In addition, AIN is currently authorized to provide telecommunications services in Alabama, Florida, Georgia, Kentucky and South Carolina.

4. AIN has the necessary capital and financial ability to provide the services it proposes to offer.

5. AIN has represented that it will adhere to all applicable policies, rules and orders of the Authority.

II. PROPOSED SERVICES

1. AIN intends to offer a full array of telecommunications services throughout the State of Tennessee on a facilities-based and resale basis. Specifically, AIN intends to provide a full range of interexchange (including interLATA and intraLATA), exchange access, special access, and local exchange telecommunications services, including prepaid services. AIN's target market for its services will be primarily small and medium-sized business users.

2. Except as may be authorized by law, AIN does not intend to serve any areas currently being served by an incumbent local telephone company with fewer than 100,000 total access lines where local exchange competition is prohibited pursuant to Tenn. Code Ann. § 65-4-201(d).

III. PERMITTING COMPETITION TO SERVE THE PUBLIC CONVENIENCE AND NECESSITY

Upon a review of the Application and the record in this matter, the Authority finds that approval of AIN's application would inure to the benefit of the present and future public convenience by permitting competition in the telecommunications services markets in the State and by fostering the development of an efficient technologically advanced statewide system of telecommunications services.

IV. SMALL AND MINORITY-OWNED TELECOMMUNICATIONS BUSINESS PARTICIPATION PLAN & BUSINESS ASSISTANCE PROGRAM

1. AIN has filed a satisfactory small and minority-owned telecommunications business participation plan, pursuant to Tenn. Code Ann. § 65-5-212 and the Authority's Rules.

2. AIN has acknowledged its obligation to contribute to the funding of the small and minority-owned telecommunications business assistance program, as set forth in Tenn. Code Ann. § 65-5-213.

IT IS THEREFORE ORDERED THAT:

1. The Application of Access Integrated Networks, Inc. for a Certificate of Public Convenience and Necessity is approved;

2. Any party aggrieved with the Authority's decision in this matter may file a Petition for Reconsideration with the Authority within ten (10) days from and after the date of this Order; and

3. Any party aggrieved with the Authority's decision in this matter has the right of judicial review by filing a Petition for Review in the Tennessee Court of Appeals, Middle Section, within sixty (60) days from and after the date of this Order.
