T.R.A. DOCKET ROOM

Re: Petition to Expand Its Service Area To Include A Portion of Jefferson County in  
Tennessee, known as Parrott's Bay - Data Response (06-00077)

Dear Chairman Jones:

Tennessee Wastewater Systems, Inc. Data Response for petition (06-00077) is as follows:

Q. Identify all complaints filed with any state regulatory agency involving your company. Identify the nature of each complaint, the governmental agency receiving the complaint, and how the complaint was resolved.

A. During the last twelve months we have not received any written complaints from the Tennessee Regulatory Authority. While we have ongoing correspondence with the Tennessee Department of Environment and Conservation concerning permit limits, appeals, etc. I would not classify that type of correspondence as a complaint.

Q. Please revise and refile your pre-filed testimony attached to your petition to include the following:

- a. A statement that TWS intends to comply with all TRA rules, statutes, and orders pertaining to the provision of wastewater services on Tennessee.
- b. A notarized affidavit page.

A. Please see the attached revised pre-filed testimony.

Sincerely,

Charles Pickney, Jr., President  
Tennessee Wastewater Systems, Inc.
