Re: Docket #06-00108

Dear Ms. Dillon.

Express Connection and Tennessee Phone Service had previously filed the above referenced Petition for Transfer of Control on 4-20-06. Because of circumstances beyond our control, the CCN of Tennessee Phone service will no longer be needed or wanted. The Transfer of Control that was granted on May 30, 2006 in Docket #06-00108 was never consummated. There are no customers involved, as we have successfully completed a Transfer of Customer Base several months ago. Please accept this as a request to cancel the Transfer of Control, effective immediately.

Please also return the original bond to Roberta Swager, Express Connection, 3403 Nolensville Rd., Nashville, Tn., 37211. The bond was purchased so that we could move forward with this acquisition, and now will not be needed as there will be no company to bond. When the original bond is returned, it will be cancelled. If there are any questions, please call Bobbie Swager at 497-9555, or Michaele Sullivan at 646-4695.

Thank you for your attention to this matter.

Sincerely,

Roberta Swager
Express Connection
