Requirements for a Valid Tennessee Customer Notification Letter

When a customer base is transferred between 2 or more telecommunications providers, the providers must give sufficient notice to the customers and obtain their approval. The TRA will deem that the notice and approval requirements have been met if the letter complies with TRA Rule 1220-4-2-.56(2)(d)

The letter must:

Be pre-approved by the TRA

Be mailed by the current telecommunications provider (not the acquiring provider) with the logo or name of the current provider displayed on the exterior envelope, and the logo or name of both the current and acquiring provider on the letterhead.

Describe the customer transfer and explain that the customer's local or long distance service will be transferred to the acquiring service provider by a certain date specified in the notification letter, unless the customer selects a different provider

Be mailed no less than thirty (30) days prior to the actual customer transfer (although the TRA may waive this requirement for good cause shown)

Inform customers that the acquiring provider agrees to pay any fees charged to the customer for changing the service to the acquiring provider

Inform customers that, for up to ninety (90) days from the date of the transfer of customers, the acquiring provider agrees to provide the customers a thirty (30) day written notice of any rate increase that may affect their service.
