RE: Docket No. 06-00307, *Application of OneTone Telecom, Inc. for a Certificate to Provide Competing Local Telecommunications Services in Tennessee.*

Dear Mr. Pringle:

CLEC applicants are required, by statute, to demonstrate their managerial, financial and technical abilities to provide the services for which they seek authority. To assist the Authority in its review of OneTone Telecom, Inc.'s application for a Certificate of Convenience and Necessity to provide competing local exchange telecommunications services in Tennessee, you are requested to provide the following information:

1. OneTone requests, in paragraph 6 of the petition, that the TRA waive any customer billing, deposit, advance payment or other rules that are inconsistent with the offering of prepaid local service. Paragraph 12 B of the petition states Applicant may require customer deposits as stated in its tariff, subject to TRA regulations. Clarify whether deposits will be charged to OneTone prepaid local service customers.
2. Please provide an informational tariff regarding the rates, terms and conditions associated with OneTone's prepaid local service offering.
3. Will OneTone provide access to 911 and E911 emergency service, white page directory listing, directory assistance, access to the Tennessee Relay Center, free blocking service for 900/976 type calls, Lifeline and Link-up, educational discounts existing on June 6, 1995, and access to authorized inter and intraLATA long distance providers?

Please provide a response to the above questions by 2:00 pm on January 11, 2007. In accordance with TRA Rules, please submit either (1) thirteen written copies of your response or (2) four written copies and an electronic version. Also reference the docket number 06-00307 on the response. If you have questions concerning this request or need additional information, please contact Lisa Foust at 615-741-2904 extension 220.

Sincerely,

David N. Foust For Darlene Standley
