Sara Kyle, Director
Tennessee Regulatory Authority
460 James Robertson Parkway
Nashville, TN 37243

Dear Ms. Kyle:

07-00003

Enclosed herein for filing on behalf of Matrix Telecom, Inc. ("Matrix") please find the original application to expand its existing certificate of local authority to include the provision of facilities-based local exchange services in the State of Tennessee.

Exhibit F to the filing is being provided under seal, in accordance with Commission practice. This exhibit contains financial data for Matrix. These data constitute competitively sensitive trade secret information that are proprietary to Matrix and are not routinely disclosed in any public forum. Given the competitive nature of the telecommunications market, public disclosure of these financial results would cause Matrix competitive harm by providing competitors with information that could be used against Matrix in the market. Therefore, Matrix respectfully requests that Exhibit F be accorded confidential treatment and not be made a part of the public record in this proceeding or otherwise disclosed to the public.

Also, please find enclosed an extra copy of the filing for date-stamp and return attached to a self-addressed, stamped envelope. Also enclosed is a check in the amount of \$25 for the prescribed filing processing fee.

Should you have any questions regarding this filing, please do not hesitate to contact me.

Very truly yours,

**APPLICATION FOR CERTIFICATE TO PROVIDE
COMPETING LOCAL TELECOMMUNICATIONS SERVICES**

Pursuant to applicable Tennessee Statutes and the Rules and Regulations of the Tennessee Regulatory Authority and Section 253 of the Federal Telecommunications Act of 1996 (the "Act"), Matrix Telecom, Inc. ("Matrix") respectfully requests that the Tennessee Regulatory Authority ("TRA") grant to Matrix authority to provide competing local telecommunications services, including exchange access telecommunications services, within the State of Tennessee. Matrix is willing and able to comply with all applicable rules and regulations in Tennessee pertaining to the provision of competing local telecommunications services. T.C.A. 65-4-201.

In support of its Application, Matrix submits the following:

1. The full name and address of the Applicant is:

Matrix Telecom, Inc.

2. Organizational Chart of Corporate Structure: Include any pertinent acquisition or merger information.

See **Exhibit A.**

3. Corporate information:

Matrix Telecom, Inc. was incorporated in the state of Texas on June 13, 1990. A copy of Matrix's Articles of Incorporation and amendments are provided in **Exhibit B.** A copy of Matrix's Authority to transact business in the State of Tennessee is provided in **Exhibit C.** The names and addresses of the principal corporate officers are in **Exhibit D.** There are no officers in Tennessee. The biographies of the principal officers and other key technical staff are in **Exhibit E.**

4. Matrix possesses the managerial, technical, and financial ability to provide local telecommunications service in the State of Tennessee as demonstrated below:

A. Financial Qualifications:

In support of its financial qualifications, Matrix submits its audited 2005 financial statement in the **Exhibit F,** filed confidentially and under seal, which demonstrates that Matrix has the financial resources necessary to operate as a competitive local service provider in Tennessee. **Exhibit F** also includes Matrix's projected income statement for the next five years and its forecasted gross margin for 2007.

Matrix's own financial resources are further reinforced by those of its corporate parent. Since 1999, Matrix has been a wholly-owned, indirect subsidiary of Platinum Equity, a limited liability company formed under the laws of Delaware and headquartered in Beverly Hills, California. Platinum Equity is a global firm specializing in the merger, acquisition and operation of companies that provide services and solutions to customers in a broad range of business markets, including information technology, telecommunications, and logistics, manufacturing, and entertainment distribution. Since its founding in 1995, Platinum Equity has acquired more than 60 businesses with more than \$12 billion in aggregate revenue at the time of acquisition.

Matrix intends to initially meet customer needs through, for instance, the use of leased unbundled network elements from Incumbent Local Exchange Carriers (“ILECs”), or commercial wholesale agreements (similar to the UNE-P replacement agreements that ILECs have recently reached with other CLECs), or any combination thereof, in addition to resale. Matrix intends to deploy and maintain Company-owned facilities only after customer saturation can support such deployment. Matrix understands that there is variability in the timing of customer saturation. Therefore, Matrix has not developed detailed plans regarding the construction or lease of facilities and thus cannot provide a capital expenditures budget.

Matrix has already filed a \$20,000 corporate surety bond in Tennessee in connection with Matrix’s authority to provide telecommunications serviced in Tennessee as a reseller.

B. Managerial Ability:

As shown in **Exhibit E** to this Application, Matrix has the managerial expertise to successfully operate a telecommunications enterprise in Tennessee. As described in the attached biographical information, Matrix’s management team has extensive management and business experience in telecommunications.

C. Technical Qualifications:

Matrix services will satisfy the minimum standards established by the TRA. The Company will file and maintain tariffs in the manner prescribed by the TRA and will meet minimum basic local standards, including quality of service and billing standards required of all LECs regulated by the TRA. Applicant will not require customers to purchase CPE, which cannot be used with the Incumbent Local Exchange Carrier’s systems. As noted in the biographies **Exhibit E** of the principal officers, Matrix’s Senior Vice President of Technology has over 25 years of experience in the communications industry and extensive experience in technical and engineering matters. Thus, Matrix is certainly technically qualified to provide local exchange service in Tennessee.

5. Proposed Service Area:

Matrix is already authorized to provide resold local and/or long-distance telecommunications services in forty-four states and the District of Columbia. Matrix is currently applying to expand its existing resale authorities to include facilities-based service where necessary and for facilities-based CLEC authority in the remaining six states.

The applicant proposes to offer its services throughout the State of Tennessee—initially, to areas currently being served by BellSouth, which are designated open to competition. As mentioned above, Matrix intends to offer this broad range of telecommunications services through the use of its own facilities, leased unbundled network elements from ILECs, and commercial wholesale agreements (similar to the UNE-P replacement

agreements that ILECs have recently reached with other CLECs), or any combination thereof, in addition to resale.

6. Types of Local Exchange Service to be provided:

Matrix is currently authorized by the TRA to provide resold local exchange and interexchange services in Tennessee. Matrix seeks to expand its authority to include authority to provide local exchange services using facilities-based arrangements to businesses and residential consumers in the State of Tennessee. Grant of this application would give Matrix additional flexibility to meeting its customers' needs, for instance through the use of its own facilities, leased unbundled network elements from ILECs, and commercial wholesale agreements (similar to the UNE-P replacement agreements that ILECs have recently reached with other CLECs), or any combination thereof, in addition to resale.

7. Repair and Maintenance:

Matrix understands the importance of effective customer service for local service customers. Matrix has made arrangements for its customers to call the Company at its toll-free customer service number 1-888-411-0111.

In addition, customers may contact the Company in writing at the headquarters address, as well as via email at www.matrix.com. The toll-free number will be printed on the customer's monthly billing statements. The contact person knowledgeable about providers operations is

8. Small and Minority-Owned Telecommunications Business Participation Plan:
(65-5-212): **Exhibit G**

9. Toll Dialing Parity Plan: **Exhibit H**

10. Applicant has served notice of this application to the eighteen (18) incumbent local exchange telephone companies in Tennessee with a statement regarding the Company's intention of operating geographically. See **Exhibit I** for the list.

11. Numbering Issues: Statement provided in **Exhibit J**.

12. Tennessee Specific Operational Issues: Statements provided in **Exhibit K**.

13. Miscellaneous:

- A. Sworn Pre-filed testimony: Exhibit L
- B. Applicant does not require customer deposits.
- C. Matrix has been subject to a limited number of complaints in some of the states in which it currently does business, as described in Exhibit M.
- D. A copy of our tariff is enclosed. Exhibit N

CONCLUSION:

Matrix respectfully requests that the TRA enter an order granting it a certificate of convenience and necessity to operate as a competing telecommunications service provider and authority to provide a full range of local exchange on a facilities-based and resale basis throughout the State of Tennessee, initially in the service area of Bell South. For the reasons stated above, Matrix's provision of these services would promote the public interest by providing high quality service at competitive prices and by creating greater economic incentives for the development and improvement for all competing providers.

Respectfully submitted this 29th day of December, 2006.

**ARTICLES OF AMENDMENT TO ARTICLES OF INCORPORATION
OF
MATRIX TELECOM, INC.**

Pursuant to the provisions of Article 4.04 of the Texas Business Corporation Act, the undersigned corporation adopts the following Articles of Amendment to its Articles of Incorporation, as adopted by the unanimous consent of all of the shareholders of the corporation at the December 16, 1996 Special Meeting:

**ARTICLE 1
AUTHORIZED SHARES**

The authorized shares of common stock of the Corporation shall be increased to ten million (10,000,000) shares. The common stock shall be without par value. The Board of Directors have authority to establish series or classes of unissued shares and may increase or decrease the shares of any class of shares or series established, and to establish the rights granted to the holders of such shares. The Board of Directors shall have the right to set the par value of shares at the time of issuance. The Board of Directors shall have the authority to exchange, reclassify, or cancel all or part of any shares of the class or series, and exchange or create a right of exchange of all or any part of the shares or one class or series into the series or class of another. The Board of Directors may change or alter the designations, preferences, limitations or relative rights of the shares of the class or series.

**ARTICLE 2
PRINCIPAL PLACE OF BUSINESS AND REGISTERED AGENT**

The principal place of business for the corporation shall be 8721 Airport Freeway, North Richland Hills, Texas 76180. The name and address of its registered agent shall be Mr. Gary L. Friedman, 8721 Airport Freeway, North Richland Hills, Texas 76180.

**ARTICLE 3
NUMBER OF DIRECTORS**

The number of directors constituting the Board of Directors shall be five (5).

**ARTICLE 4
DENIAL OF PREEMPTIVE RIGHTS**

No shareholder or other person shall have any preemptive rights whatsoever.

ARTICLE 5 PLURALITY VOTE

Directors shall be elected by plurality vote. Cumulative voting shall not be permitted.

ARTICLE 6 AMENDMENTS TO BYLAWS

The power to alter, amend, or repeal the Bylaws of the corporation shall be vested in the Board of Directors; however, the Bylaws made by the Board of Directors may be repealed or changed, or new bylaws made, by the shareholders of the corporation, and the shareholders may prescribe that any bylaw made by them shall not be altered, amended, or repealed by the Board of Directors.

ARTICLE 7 LIMITATION ON DIRECTOR LIABILITY

A director of the corporation shall not be liable to the corporation or its shareholders for monetary damages for any act or omission in such director's capacity as a director of the corporation, except to the extent otherwise required, at the time of such act or omission, by a statute of the State of Texas. Any repeal or amendment of this Article by the corporation shall be prospective only, and shall not adversely affect any limitation on the liability of the director of the corporation for any act or omission occurring prior to the time of such repeal or amendment. If the corporate laws of the State of Texas are amended to authorize corporate actions further eliminating or limiting the personal liability of directors, the liability of a director of the corporation shall be eliminated or limited to the full extent then permitted. Notwithstanding anything herein to the contrary, any such further elimination or limitation of liability shall apply retroactively to acts or omissions occurring prior to any such amendment of the corporate laws of the State of Texas.

ARTICLE 8 RELIANCE BY DIRECTORS AND OFFICERS

Each director, officer, or member of any committee designated by the Board of Directors shall, in the performance of his or her duties, be fully protected and absolved from liability if relying in good faith upon any records of the corporation or upon the books of account or reports made to the corporation by any of its officials, an independent public accountant, an attorney for the corporation, or by any other person, including an appraiser or investment banker, who is selected with reasonable care by the Board of Directors or by any officer or committee with regards to matters which the director, officer, or member reasonably believes is within such other person's professional training or within their competence. This Article is in addition to and shall not in any manner limit the scope of the director's liability limitation set forth in Article 11, or as otherwise provided by law.

ARTICLE 9 INDEMNIFICATION/INSURANCE

The corporation shall indemnify, to the fullest extent possible or permitted by law, any person who is named a defendant or respondent in any action, suit, or proceeding, whether civil or criminal, administrative or arbitrative or investigative, or in any appeal in such an action, suit or proceeding, by reason of the fact that he or she is or was a director, advisory director, committee member, or officer of the corporation, against all expenses, (including attorney's fees incurred), judgements, fines, penalties, amounts paid in settlement or otherwise, actually reasonably incurred by such director advisory director, committee member, or officer in connection with nay such action, suit, or proceeding. The corporation shall pay or reimburse expenses to directors, advisory directors, committee members, or officers and may pay or reimburse expenses to other persons as permitted by law. AGREEMENT OF MERGER

THIS AGREEMENT OF MERGER (this "Agreement") is made and entered into as of December 31, 2003 by and between Matrix Acquisition Holdings Corp., a Delaware corporation ("MAHC") and Matrix Telecom, Inc., a Texas corporation ("MATRIX" or, after the Effective Time (as defined in Article V hereof), the "Surviving Corporation").

WHEREAS, MAHC is a corporation organized and validly existing under the laws of the State of Delaware;

WHEREAS, MATRIX is a corporation organized and validly existing under the laws of the State of Texas;

WHEREAS, the Board of Directors and the shareholders of each of the parties have duly authorized the merger of MAHC with and into MATRIX pursuant to the terms of this Agreement (the "Merger");

WHEREAS, it is intended that the Merger be a non-taxable transaction for tax purposes; and

WHEREAS, all other conditions precedent to the Merger have been, or prior to the Effective Time will be, satisfied or validly waived;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree as follows:

ARTICLE I **MERGER**

At the Effective Time, MAHC shall be merged with and into MATRIX, the separate existence of MAHC shall cease, MATRIX shall continue in existence as the Surviving Corporation, and the Merger shall in all respects have the effects provided for by the Texas Business Corporation Act.

Prior to the Effective Time, MAHC and MATRIX shall take all such action as shall be necessary or appropriate in order to effectuate the Merger. If at any time after the Effective Time, MATRIX shall consider or be advised that any further assignments, conveyances or assurances in law are necessary or desirable to carry out the provisions hereof, the proper former officers or other agents of MAHC shall execute and deliver any and all proper deeds, assignments, and assurances in law, and do all such additional things necessary or proper to carry out the provisions hereof.

ARTICLE II **TERMS OF MERGER**

At the Effective Time, all of the shares of MAHC's common stock issued and outstanding immediately prior to the Effective Time shall, by virtue of the Merger and without any action on the part of the officers or directors of MAHC be converted into the right to receive an equal number of shares of MATRIX.

At the Effective Time, all of the shares of MATRIX's common stock issued and outstanding immediately prior to the Effective Time shall be cancelled and retired.

SMALL AND MINORITY-OWNED TELECOMMUNICATIONS BUSINESS PARTICIPATION PLAN

BEFORE THE TENNESSEE REGULATORY AUTHORITY

In the Matter of the Application of)	
)	
Matrix Telecom, Inc. for a Certificate)	Docket No. _____
To Provide Competing Local)	
Telecommunication Services)	

**SMALL AND MINORITY-OWNED TELECOMMUNICATIONS
BUSINESS PARTICIPATION PLAN**

Pursuant to T.C.A. §65-5-212, as amended, Matrix Telecom, Inc. (“Matrix”) submits this small and minority-owned Telecommunications business participation plan (the “Plan”) along with its Application for a Certificate of Public Convenience and Necessity to provide competing intrastate and local exchange services in Tennessee.

I. PURPOSE

The purpose of §65-5-212 is to provide opportunities for small and minority-owned businesses to provide goods and services to Telecommunications service providers. Matrix is committed to the goals of §65-5-212 and to taking steps to support the participation of small and minority-owned Telecommunications businesses in the Telecommunications industry. Matrix will endeavor to provide opportunities for small and minority-owned Telecommunications businesses to compete for contracts and subcontracts for goods and services. As part of its procurement process, Matrix will make efforts to identify and inform minority-owned and small businesses that are qualified and capable of providing goods and services to Matrix of such opportunities. Matrix’s representatives have already contacted the Department of Economic and Community Development, the administrator of the small and minority-owned Telecommunications assistance program, to obtain a list of qualified vendors. Moreover, Matrix will seek to increase awareness of such opportunities so that companies not otherwise identified

- (3) Preparing and submitting such forms as may be required by the Tennessee Regulatory Authority, including the filing of required annual updates.
- (4) Serving as the primary liaison to and cooperate with the Tennessee Regulatory Authority, other agencies of the State of Tennessee, and small and minority-owned businesses to locate and use qualified small and minority-owned businesses as defined in §65-5-212.
- (5) Searching for and developing opportunities to use small and minority-owned businesses and encouraging such businesses to participate in and bid on contracts and subcontracts.
- (6) Providing records and reports and cooperate in any authorized surveys as required by the Tennessee Regulatory Authority.
- (7) Establishing a record-keeping system to track qualified small and minority-owned businesses and efforts to use such businesses.
- (8) Providing information and educational activities to persons within Matrix and training such persons to seek out, encourage, and promote the use of small and minority-owned businesses.

In performance of these duties, the Administrator will utilize a number of resources, including:

Chambers of Commerce
The Tennessee Department of Economic and Community Development
The United States Department of Commerce
 Small Business Administration
 Office of Minority Business
The National Minority Supplier Development Counsel
The National Association of Women Business Owners
The National Association of Minority Contractors
Historically Black Colleges, Universities, and Minority Institutions

The efforts to promote and ensure equal opportunities for small and minority-owned businesses are primarily spelled out in the Administrator's duties above. Additional efforts to provide opportunities to small and minority-owned businesses will include offering, where appropriate and feasible, small and minority-owned businesses assistance with technical, insurance, bonding, licensing, production, and deadline requirements.

will have sufficient information to participate in the procurement process.

II. DEFINITIONS

As defined in §65-5-212:

Minority-Owned Business. Minority-owned business shall mean a business which is solely owned, or at least fifty-one percent (51%) of the assets or outstanding stock of which is owned, by an individual who personally manages and controls daily operations of such business, and who is impeded from normal entry into the economic mainstream because of race, religion, sex or national origin and such business has annual gross receipts of less than four million dollars (\$4,000,000).

Small Business. Small Business shall mean a business with annual gross receipts of less than four million dollars (\$4,000,000).

III. ADMINISTRATION

Matrix's Plan will be overseen and administered by the individual named below, hereinafter referred to as the Administrator, who will be responsible for carrying out and promoting Matrix's full efforts to provide equal opportunities for small and minority-owned businesses. The Administrator of the Plan will be:

Dana Hoyle
Matrix Telecom, Inc.
7171 Forest Lane Suite 700
Dallas, Texas 75230
Telephone: (214) 432-1453
Fax: (214) 432-1576
dhoyle@matrixbt.com

The Administrator's responsibilities will include:

- (1) Maintaining an updated Plan in full compliance with §65-5-212 and the rules and orders of the Tennessee Regulatory Authority.
- (2) Establishing and developing policies and procedures necessary for the successful implementation of the Plan.

IV. RECORDS AND COMPLIANCE REPORTS

Matrix will maintain records of qualified small and minority-owned business and efforts to use the goods and services of such businesses. In addition, Matrix will maintain records of educational and training activities conducted or attended and of the internal procurement procedures adopted to support this plan.

Matrix will submit records and reports required by the Tennessee Regulatory Authority concerning the Plan. Moreover, Matrix will cooperate fully with *any* surveys and studies required by the Tennessee Regulatory Authority.

TOLL DIALING PARITY PLAN

BEFORE THE TENNESSEE REGULATORY AUTHORITY

In the Matter of the Application of)
)
Matrix Telecom, Inc. for a Certificate) Docket No. _____
To Provide Competing Local)
Telecommunication Services)

INTRALATA TOLL DIALING PARITY PLAN

I. PURPOSE

The intent of this Plan is to provide customers the ability to select the telecommunications carrier of their choice for routing of their intraLATA toll calls.

II. GEOGRAPHIC AVAILABILITY

IntraLATA presubscription (ILP) is available in all LATAs where the Company provides its local services within the state. Intralata toll dialing parity will be provided in each of the exchanges in which Matrix provides service. Initially, this will include all exchanges served by Bell South. *See* attached list of exchanges.

III. IMPLEMENTATION SCHEDULE

ILP is immediately available in all areas currently served by Matrix Telecom, Inc. d/b/a Matrix Business Technologies ("Matrix") or no later than 30 days following approval of the plan by the Commission. Matrix proposes an implementation date of June 30, 2007, or as soon as practicable after Matrix has received expanded authority sought in this Application and completed negotiations for interconnection.

IV. CARRIER SELECTION PROCEDURES

Matrix will implement the full 2-PIC carrier selection methodology (or the methodology that the underlying carrier has implemented). Matrix provides its local exchange services on resold or an unbundled network element basis, reselling services or leasing the underlying facilities of local exchange carriers. As such, Matrix must submit all interexchange carrier ("IXC") requests and customer (*i.e.*, end user) requests for ILP to the underlying local exchange carrier for implementation. With the full 2-PIC methodology, customers will be able to presubscribe to one telecommunications carrier for interLATA toll calls and presubscribe to the same or different participating telecommunications carrier, including Matrix, for all intraLATA calls.

Accordingly, existing customers may either contact Matrix's business offices directly to request a change in their ILP carrier, or they may contact the IXC of their choice directly, who will in turn contact Matrix. Upon receipt of the ILP request, Matrix will forward that request to the underlying carrier for processing.

Should a new customer switch to Matrix's local exchange services, Matrix will notify that customer when they sign up that they have the option to select their ILP carrier. Customers who make no selection will be considered a "no-PIC" and will be required to dial an access code to make intraLATA calls. Customers will be notified that they have a 90-day grace period to make a free intraLATA presubscription selection. New customers or existing customers adding new lines will have 30 days to make a free intraLATA presubscription selection. There will not be a per line charge for initial PIC selections made within the applicable day grace periods.

Matrix has procedures in place to prevent slamming and cramming of customers. Petitioner uses written letters of authority in addition to third party verification on all orders. New orders are not provisioned without these two required steps.

V. CUSTOMER EDUCATION/NOTIFICATION

Matrix will notify its existing customer base via a bill message and/or bill insert of their ability to choose an ILP carrier with instruction to contact either the IXC directly or the Matrix business offices upon approval of this plan by the Commission. Should Matrix obtain any new customers, they will be provided this information at the time they sign up for services. As noted in Section IV above, customers will be notified of the applicability of all PIC change charges.

VI. CARRIER NOTIFICATION

IXCs will be notified via letter that they must contact Matrix directly if an end user using Matrix local services wishes to change to that IXC. Matrix will obtain a list of current IXCs from the Commission for mailing to all currently certificated IXCs.

VII. ACCESS TO OPERATOR SERVICES AND DIRECTORY ASSISTANCE

Access to operator services and directory assistance will be available through the customer's local carrier (Matrix), its interLATA carrier or intraLATA carrier. Matrix will provide non-discriminatory access to telephone numbers (if applicable), directory assistance (if applicable) and directory listings (if applicable). Matrix provides local exchange by reselling services or leasing the underlying facilities of local exchange carriers and is reliant on the underlying carrier for the provision of the services. Matrix does not maintain its own telephone number database. For operator services, customers dial "0" to reach the local exchange operator and "00" to reach their interLATA operator. For Directory Assistance, customers dial "411" for access local directory assistance or "1-NPA-555-1212" to reach their interLATA carrier for directory assistance.

VIII. COST RECOVERY

Matrix will not seek any cost recovery for implementation of ILP. Accordingly, Matrix is not filing a plan for cost recovery.

IX. COMPLIANCE WITH FCC AND TRA RULES

Matrix will comply with all applicable FCC and TRA rules.

NUMBERING ISSUES

Matrix submits its answers to the Commission's questions regarding numbering issues within its proposed service area:

1. What is your company's expected demand for NXX's per NPA within a year of approval of your application?

As Matrix will be providing service by resale and by leasing the unbundled network elements of the incumbent, Matrix does not expect to demand any NXXs.

2. How many NXX's do you estimate that you will request from NANPA when you establish your service footprint?

As Matrix will be providing service by resale and by leasing the unbundled network elements of the incumbent, Matrix does not expect to demand any NXXs.

3. When and in what NPA do you expect to establish your service footprint?

Matrix intends to initially provide local services throughout the area currently served by BellSouth.

4. Will the company sequentially assign telephone numbers within NXX's?

Matrix will obtain numbers from BellSouth and therefore, does not assign telephone numbers within NXXs.

5. What measures does the company intend to take to conserve Tennessee numbering resources?

Matrix will obtain numbers from BellSouth and therefore, will not over-utilize numbering resources in the State of Tennessee.

6. When ordering new NXX's for growth, what percentage fill of an existing NXX does the company use to determine when a request for a new NXX will be initiated?

As Matrix will be obtaining numbering resources from the incumbent, this question is not applicable.

TENNESSEE-SPECIFIC OPERATIONAL ISSUES

Matrix provides the following answers with respect to Tennessee-Specific Operational Issues.

1. How does the company intend to comply with TCA § 65-21-114? In its description, please explain technically how the company will not bill for countrywide calls within Tennessee.

The vehicle used to determine if a particular call is intra-county is the Taxing Area Rate Code Masterfile ("TAR"). This file is maintained by the incumbent. Through interconnection arrangements with the incumbent, Matrix will receive access to documentation of physical file/record layout with a list of TAR Codes. Applicant will then program its billing systems to zero rate any calls placed and received within the same TAR.

2. Is the company aware of the Tennessee County Wide Calling database maintained by BellSouth and the procedures to enter your telephone numbers on the database?

Yes, Matrix is aware of the Tennessee County Wide Calling Database.

3. Is your company aware of the local calling areas provided by the Incumbent Local Exchange Carriers in your proposed service areas?

Yes, Matrix is aware of the local calling areas provided by the incumbent LECs.

4. Explain the procedures that will be implemented to assure that your customers will not be billed long distance charges for calls within the metro calling areas.

As indicated above, Matrix will have access to record layout information. Applicant will program its billing systems to zero rate any calls placed and received within the metro-calling areas.

5. Please provide the name and telephone number of an employee of your company that will be responsible to work with the TRA on resolving customer complaints.

Dana Hoyle, Manager of Regulatory Affairs, (214) 432-1453

6. Does the company intend to telemarket its services in Tennessee? If yes, is the company aware of the telemarketing statutes and regulations found in TCA § 65-4-401 *et seq.* and Chapter 1220-4-11?

No.

PRE-FILED TESTIMONY OF RUSSELL LAMBERT

I, Russell Lambert, do hereby testify as follows in support of the application of Matrix Telecom, Inc. ("Matrix") for a Certificate of convenience and necessity as a competing telecommunications services provider to provide telecommunication services throughout the State of Tennessee.

Q: Please state your full name, business address, and position.

My name is Russell Lambert. My business address is 7171 Forest Lane, Suite 700, Dallas, Texas 75230. I am President and Chief Executive Officer of Matrix Telecom, Inc.

Q: Please briefly describe your duties.

As President and Chief Executive Officer, I am ultimately responsible for the management and operations of Matrix .

Q: Please describe your business experience and educational background.

I am a business executive and turnaround specialist with Fortune 500 experience in operational and strategic management positions, a proven 20 year track record in new service and technology product development, and extensive B2B and B2C sales and marketing credentials.

My industry experience encompasses distribution, service, construction logistics and telecommunications. I have authored and implemented strategic plans in international development and technology and led the e-commerce strategic planning function of a multi-billion dollar publicly traded company. I have built my career on leading organizations through challenging market conditions, including: turnarounds in Chapter 11, rapid expansion, new product development, consolidation, and strategic redefinition.

I hold a Bachelors Degree with dual majors in finance and accounting (honors) and a Doctorate in Jurisprudence from South Texas College of Law. I have passed the Certified Public Accounting examination, and am licensed to practice law in the State of Texas. I am a published author of *The Executive's Guide to the Wireless Workforce*, a business book on productivity improvements possible through wireless computing.

Q: Are all statements in Matrix Telecom, Inc.'s Application true and correct to the best of your knowledge, information and belief?

Yes, all statements in Matrix Telecom, Inc.'s Application are true and correct to the best of my knowledge, information and belief.

Q: Please describe the current corporate structure of Matrix Telecom, Inc.

Platinum Equity, LLC a limited liability company formed under the laws of Delaware and headquartered in Beverly Hills, California, has indirectly held 100 percent of the equity of Matrix since 1999, and 95 percent of the equity of Matrix's sister corporation, Americatel Corp. since July 2006. Platinum Equity is a global firm specializing in the merger, acquisition and operation of companies that provide services and solutions to customers in a broad range of business markets, including information technology, telecommunications, and logistics, manufacturing, and entertainment distribution. Since its founding in 1995, Platinum Equity has acquired more than 60 businesses with more than \$12 billion in aggregate revenue at the time of acquisition. Platinum Equity currently holds its interests in Matrix and Americatel through its wholly-owned subsidiary, EnergyTRACS.

Matrix owns a single subsidiary, Matrix Telecom of Virginia, Inc., through which Matrix provides service in Virginia.

Q: Does Matrix Telecom, Inc. possess the requisite managerial, financial, and technical abilities to provide the services for which it has applied for authority?

Yes, Matrix possess the requisite managerial, financial, and technical abilities to provide the facilities-based services.

Q: Please describe Matrix Telecom, Inc.'s financial qualifications.

Matrix's financial qualifications are demonstrated by the audited financial statement (**Exhibit F**) it has provided, filed confidentially and under seal, in support of its application as well as by the corporate surety bond it already has on file in connection with Matrix's authority to provide telecommunications serviced in Tennessee as a reseller.

Q: Please describe Matrix Telecom, Inc.'s managerial and technical qualifications.

Matrix's managerial and technical abilities are demonstrated by the biographical information of its key personnel provided in support of its application (**Exhibit E**).

Q: What services will Matrix Telecom, Inc. offer?

As described in the application, Matrix is currently authorized by the TRA to provide resold local exchange and interexchange services. Matrix seeks to expand its authority to include authority to provide local exchange services using facilities based arrangements

to businesses and residential consumers in the State of Tennessee. Grant of this application would give Matrix additional flexibility to meeting its customers' needs, for instance through the use of its own facilities, leased unbundled network elements from Incumbent Local Exchange Carriers ("ILECs"), and commercial wholesale agreements (similar to the UNE-P replacement agreements that ILECs have recently reached with other CLECs), or any combination thereof, in addition to resale.

Q: Will Matrix Telecom, Inc. offer service to all consumers within its service area?

Yes.

Q: Does Matrix Telecom, Inc. plan to offer local exchange telecommunications services in areas served by any incumbent local exchange telephone company with fewer than 100,000 total access lines?

No, Matrix initially plans to offer service in the area currently served by Bell South, which has more than 100,000 total access lines.

Q: Will the granting of a certificate of convenience and necessity to Matrix Telecom, Inc. serve the public interest?

Commission approval of this application will serve the public interest by promoting greater competition in Tennessee telecommunications markets, to the ultimate benefit of consumers. Such competition promotes lower prices for telecommunications services and higher service quality. At the same time, competition drives increased innovation by carriers striving to best meet their customers' needs.

Matrix is already a competitor in the Tennessee local and long distance telecommunications markets, and offers high quality telecommunications services at a low cost. Grant of this application will give Matrix greater flexibility in meeting the needs of its customers, permitting it to provide service through resale, facilities-based arrangements, commercial wholesale agreements, leased unbundled network elements, or some combination of these. As a result, Matrix will be able to offer Tennessee businesses and residential consumers more service choices, and greater opportunities to customize services to meet those customers' needs. Moreover, this increased flexibility will make Matrix a stronger competitor by permitting it to realize significant economic and marketing efficiencies, which in turn will allow Matrix's operations more readily to increase in size and scope, further accelerating the beneficial effects of competition discussed above.

Q: Does Matrix Telecom, Inc. intend to comply with all TRA rules, statues, and orders pertaining to the provision of telecommunications services in Tennessee, including those for disconnection and reconnection of service?

Yes.

Q: Has any state ever denied Matrix Telecom, Inc. or one of its affiliates authorization to provide intrastate service?

No.

Q: Has any state ever revoked the certification of Matrix Telecom, Inc. or one of its affiliates?

No.

Q: Has Matrix Telecom, Inc. or one of its affiliates ever been investigated or sanctioned by any regulatory authority for service or billing irregularities?

Yes, see **Exhibit M**.

Q: Who is knowledgeable about Matrix Telecom, Inc.'s operations and will serve as Matrix Telecom, Inc.'s regulatory and customer service contact?

Dana Hoyle, Manager of Regulatory Affairs, (214) 432-1453.

Q: Please explain in detail Matrix Telecom, Inc.'s proposed procedures for responding to information requests from the TRA and its staff.

Information requests should be directed to Dana Hoyle, Director of Regulatory Affairs. Her contact information is as follows:

COMPLAINTS AGAINST MATRIX

BEFORE THE TENNESSEE REGULATORY AUTHORITY

In the Matter of the Application of)

Telecommunication Services)

COMPLAINTS AGAINST MATRIX

Since 2001, the Federal Communications Commission ("FCC") has issued 13 orders resolving informal complaints from subscribers against Matrix Telecom, Inc. ("Matrix"). Each of these complaints alleged that Matrix had switched the subscriber's primary interexchange carrier without proper authorization. The FCC denied or found to be resolved nine of these 13 complaints. Of the remaining four, three found a technical violation of the FCC's "slamming" rules which resulted from Matrix's reliance on a third party to verify the subscriber's intent to switch his or her carrier to Matrix. In these three cases, the third party failed to confirm the telephone number to be switched. Matrix no longer uses the services of this third party verification provider. The remaining case involved a customer transferred to Matrix after his chosen carrier went out of business.

In 2001, the FCC issued an Order of Forfeiture, finding that Matrix had violated Section 254(d) of the Communications Act of 1934, as amended, 47 U.S.C. § 254(d), and Section 54.706 of the Commission's rules, 47 C.F.R. § 54.706, by failing to make required contributions to universal service support programs. *See Matrix Telecom, Inc.*, File No. EB -00-IH-0057, Forfeiture Order, FCC 01-48, 16 FCC Rcd 10553. The events that led to this Order took place prior to Platinum Equity's acquisition of Matrix, and under prior management. In its Order, the FCC cited with approval the efforts of the new Platinum Equity ownership and management both to put in place remedial compliance measures and to pay overdue amounts. In view of these efforts, the FCC reduced the base forfeiture amount it otherwise would have imposed by over 40 percent.

In 1995, the FCC issued a Notice of Apparent Liability alleging that Matrix had changed the primary interexchange carrier of one of its customers without obtaining proper authorization to do so. *See Matrix Telecom, Inc.*, File No. ENF-96-02, Notice of Apparent Liability for Forfeiture, DA 95-2421, 11 FCC Rcd 1258 (Com Car. Bur 1995). The parties later entered into a Consent Decree resolving these allegations with no finding of wrongdoing. *See Matrix Telecom, Inc.*, File No. ENF-96-02, Order, DA 96-2108, 11 FCC Rcd 21539 (Com. Car. Bur. 1996) (approving Consent Decree). The underlying events took place under the prior ownership and management of Matrix.

In 1993, again during the prior ownership and management of Matrix, the FCC issued a letter of admonition to Matrix regarding the form of its Letter of Agency ("LOA") used in signing up new long distance customers. *See Letter to Mr. Dennis Miga, Managing Partner, Matrix Telecom, 9003 Airport Freeway, Suite 340, Fort Worth, Texas 76180*, DA 93-886, 8 FCC Rcd

5512 (Com. Car. Bur. 1993). The LOA is no longer used.

Matrix is periodically the subject of informal customer complaints filed before state public utility commissions. There were 22 such complaints filed in 2005 and 28 such complaints filed in 2006. These generally concern minor billing issues or service questions. All but one of these complaints has been resolved. In the remaining case, Matrix has requested additional information from the customer and is awaiting a response.

PBX

A private branch exchange.

PRESUBSCRIPTION

An arrangement whereby a Customer may select and designate to the Company an Exchange Carrier it wishes to access, without an access code, for completing intraLATA and interLATA toll calls. The selected Exchange Carrier is referred to as the End User's Primary Interexchange Carrier (PIC).

PRIVATE BRANCH EXCHANGE SERVICE

Service providing facilities for connecting central office trunks and tie lines to PBX stations, and for interconnecting PBX station lines by means of a switchboard or dial apparatus.

RATE CENTER

Company-designated service locations from which service is rendered or rated.

RECURRING CHARGES

The monthly charges to the Customer for services, facilities and equipment, which continue for the agreed upon duration of the service.

SERVICE COMMENCEMENT DATE

The first day following the date on which the Company notifies the customer that the requested service or facility is available for use, unless extended by the Customer's refusal to accept service which does not conform to standards set forth in the Service Order or this tariff, in which case the Service Commencement Date is the date of the Customer's acceptance. The Company and Customer may mutually agree on a substitute Service Commencement Date.

SECTION 1 - REGULATIONS

1.1 Undertaking of the Company

- 1.1.1 The Company undertakes to provide the services in this tariff on the terms and conditions and at the rates and charges set forth herein.
- 1.1.2 The Company is responsible under this tariff only for the services and facilities provided herein, and it assumes no responsibility for any service provided by any other entity. Customers may use services and facilities provided under this tariff to obtain access to services offered by other service providers.
- 1.1.3 The Company will provide a toll-free number giving Customers access to service personnel during regular business hours.
- 1.1.4 The Company will comply with any applicable quality of service requirements according to Tennessee laws and rules.

SECTION 1 – REGULATIONS (CONT'D)

1.2 Terms and Conditions

- 1.2.1 Customers may be required to enter into written service orders which shall contain or reference a specific description of the service ordered, the rates to be charged, the duration of the services, and the terms and conditions in this tariff. The Customer will be required to execute any other documents as may be reasonably requested by the Company.
- 1.2.2 Service is provided for a minimum period of at least one month, 24 hours a day. A month is considered to have thirty days unless otherwise specified. At the expiration of the initial terms specified in each service order, or in any extension thereof, service shall continue on a month to month basis at the then current tarified, month to month rates, unless terminated by the Customer. Any termination shall not relieve the Customer of its obligation to pay any charges incurred under the service order and this tariff prior to termination. The rights and obligations which by their nature extend beyond the termination of the term of the service order shall survive such termination.
- 1.2.3 This tariff shall be interpreted and governed by the laws of the State of Tennessee without regard for the State's choice of laws provisions.
- 1.2.4 Another telephone company must not interfere with the right of any person or entity to obtain service directly from the Company.
- 1.2.5 The services the Company offers shall not be used for any unlawful purpose or for any use as to which the Customer has not obtained all required governmental approvals, authorizations, licenses, consents and permits.
- 1.2.6 In response to a subpoena or investigation or other demand issued or authorized by a court or government agency, the Company shall provide customer records and related information without further notice.
- 1.2.7 Customer shall not connect any equipment to the Company's network, except with at least ten (10) days prior written notice to the Company

SECTION 1 – REGULATIONS (CONT'D)

1.3 Notification of Service Affecting Activities

The Company will provide the Customer reasonable notification of service-affecting activities that may occur in the normal operation of its business. Such activities may include, but are not limited to, equipment or facilities additions, removals or rearrangements and routine preventive maintenance. Generally, such activities are not specific to an individual Customer but affect many Customers' services. No specific advance notification period is applicable to all service-affecting activities. The Company will work cooperatively with the Customer to determine reasonable notification requirements. With some emergency or unplanned service affecting conditions, such as an outage resulting from cable damage, notification to the Customer may not be possible.

SECTION 1 – REGULATIONS (CONT'D)

1.4 Provision of Equipment and Facilities

- 1.4.1 The Company will make reasonable efforts to make services available to a Customer on or before a particular date, subject to the provisions of and compliance by the Customer with the regulations contained in this tariff. The Company does not guarantee availability by any such date and any liability of the Company will be limited by Section 1.5 of this tariff.
- 1.4.2 The Company shall use reasonable efforts to maintain the services that it furnishes to the Customer. The Customer may not rearrange, disconnect, remove, attempt to repair or otherwise interfere with any of the services provided by the Company, except upon the written consent of the Company. The Customer may not permit others to rearrange, disconnect, remove, attempt to repair or otherwise interfere with any of the services provided by the Company, except upon the written consent of the Company.
- 1.4.3 The furnishing of service under this tariff is subject to the availability on a continuing basis of all the necessary facilities and is limited to the capacity of the Company's facilities, as well as the facilities the Company may obtain from other carriers, from time to time, to furnish service as required at the sole discretion of the Company.
- 1.4.4 Customer bears all responsibility in the event they utilize equipment not approved or authorized by the Company. Customer shall supply all electrical power and other utilities necessary to operate or use the services provided.

SECTION 1 – REGULATIONS (CONT'D)

1.4 Provision of Equipment and Facilities (cont'd)

1.4.5 The Company shall not be responsible for the installation, operation, or maintenance of any Customer provided communications equipment. Where such equipment is connected to the facilities furnished pursuant to this tariff, the responsibility of the Company shall be limited to the furnishing of services offered under this tariff and to the maintenance and operation of such facilities. Beyond this responsibility, the Company shall not be responsible for:

- (i) the transmission of signals by Customer provided equipment or for the quality of, or defects in such transmission; or
- (ii) the reception of signals by Customer provided equipment; or
- (iii) network control signaling where such signaling is performed by Customer provided network control signaling equipment.

1.4.6 At the Customer's request, installation and/or maintenance may be performed outside the Company's regular business hours or in hazardous locations. In such cases, charges based on cost of the actual labor, material or other costs incurred by or charged to the Company will apply. If installation is started during regular business hours but at the Customer's request extends beyond regular business hours into time periods including, but not limited to, weekends, holidays, and/or night hours, additional charges may apply.

1.5 Liability of the Company

- 1.5.1 The liability of the Company for damages arising out of the furnishing of its services, including but not limited to mistakes, omissions, interruptions, delays or errors, other defects, or representations by the Company, or use of these services or damages arising out of the failure to furnish the service whether caused by acts or omission, shall be limited to the extension of allowances for interruption as set forth below. The extension of such allowances for interruption shall be the sole remedy of the Customer and the sole liability of the Company. The Company will not be liable for any direct, indirect, incidental, special, consequential, exemplary or punitive damages to Customer as a result of any Company service, equipment or facilities, or the acts or omissions or negligence of the Company's employees or agents.
- 1.5.2 The Company's liability for willful misconduct, if established as a result of judicial or administrative proceedings, is not limited by this tariff. The Company's liability, if any, with regard to delayed installation of the Company facilities or commencement of service, shall not exceed \$1,000. With respect to any other claim or suit, by a Customer or by any others, for damages associated with the ordering (including the reservation of any specific number for use with a service), installation (including delays thereof), provision, termination, maintenance, repair, interruption or restoration of any service or facilities offered under this tariff, and subject to the provisions of Section 1.7.2, the Company's liability, if any, shall be limited as provided herein.
- 1.5.3 The Company shall be indemnified, defended and held harmless against any claim, loss or damage arising from the use of service offered under this tariff, involving:
- (i) claims for libel, slander, invasions of privacy or infringement of copyright arising from any communication;
 - (ii) claims for patent infringement arising from combining or using the service furnished by the Company in connection with facilities or equipment furnished by others; or
 - (iii) claims for loss of profit; or
 - (iv) all other claims arising out of any act or omission of others in the course of using services provided pursuant to this tariff.

SECTION 1 – REGULATIONS (CONT'D)

1.5 Liability of the Company (cont'd)

1.5.4 The Company's failure to provide or maintain services under this tariff shall be excused by labor difficulties, governmental orders, civil commissions, preemption of existing services to restore services in compliance with Part 64, Subpart D, Appendix A, of the F.C.C.'s Rules and Regulations, acts of God and other circumstances beyond the Company's control.

1.5.5 The Company shall not be liable for the Customer's failure to fulfill its obligations to take all necessary steps including, without limitation, obtaining, installing and maintaining all necessary equipment, materials and supplies for interconnecting the terminal equipment or communications system of the Customer, or any third party acting as its agent, to the Company's exchange access lines. If the Customer or its agent fails to maintain and operate its equipment and/or system or that of its agent properly, with resulting imminent harm to Company personnel, or the quality of service to other Customers, the Company may, upon written notice, require the use of protective equipment at the Customer's expense. If this fails to produce satisfactory quality and safety, the Company may, upon written notice, terminate the Customer's service without liability.

1.5.6 With Respect to Emergency Number 911 Service

This service is offered solely as an aid in handling assistance calls in connection with fire, police and other emergencies. The Company is not responsible for any losses, claims, demands, suits or any liability whatsoever, whether suffered, made, instituted or asserted by the Customer or by any other party or person for any personal injury to or death of any person or persons and for any loss, damage or destruction of any property, whether owned by the Customer or others, caused or claimed to have been caused by: (1) mistakes, omissions, interruptions, delays, errors or defects in the provision of this service, or (2) installation, operation, failure to operate, maintenance, removal, presence, condition, location, or use of any equipment and facilities furnishing this service.

1.5.7 With Respect to Directory Listings

- A In the absence of gross negligence or willful misconduct, and except for any allowances stated below, no liability for damages arising from errors or mistakes in or omissions of any directory listings, or errors or mistakes in or omissions of listings obtainable from the directory assistance operator, including errors in the reporting thereof, shall attach to the Company.
- B An allowance for errors or mistakes in or omissions of any published directory listings or for errors or mistakes in or omissions of listings obtainable from the directory assistance operator shall be given as follows:
- (i) **Free Listings:** For free or non-charged published directory listings credit shall be given at the rate of one times the monthly tariff rate for an additional or charge listing affected for the life of the directory or the charge period during which the error, mistake or omission occurs.
 - (ii) **Charge Listings:** For each additional or charge published directory listings, credit shall be given at the monthly tariff rate for each such listing for the life of the directory or the charge period during which the error, mistake or omission occurs
 - (iii) **Operator Records:** For free or charge listings obtainable from records used by the directory assistance operator, upon notification to the Company of the error, mistake or omission in such records by the subscriber, the Company shall be allowed a period of three business days to make a correction. If the correction is not made in that time, credit shall be given at the rate of 2/20ths of the basic monthly rate for the line or lines in question for each day thereafter that the records remain uncorrected.

1.5.7 With Respect to Directory Listings (cont'd)

- (iv) **Credit limitation:** The total amount of the credit provided for the preceding paragraphs (i) and (ii) shall not exceed, on a monthly basis the total of the charges for each charge listing as specified in paragraph (ii), for the line or lines in question.
- (v) **Definitions:** As used in paragraphs (i), (ii) and (iii) above, the terms "error," "mistake," or "omission" shall refer to a discrepancy in the directory listing or directory assistance records which the Company has failed to correct and where the error affects the ability to locate a particular subscriber's correct telephone number. The terms shall refer to addresses only to the extent that an error, mistake or omission of an address places the subscriber on a street or a community different from the one provided to the Company.
- (vi) **Notice:** Such allowances or credits as specified in paragraphs (i) and (ii) above, shall be given upon notice to the Company by the subscriber that such error, mistake or omission has occurred; provided, however, that when it is administratively feasible for the Company to have knowledge of such error, mistake or omission, the Company shall give credit without the requirement of notification by the subscribers.

1.5.8 With Respect to Caller ID Blocking

- A The Company shall have no liability for monetary damages (including without limitation claims for direct, indirect, special, incidental or consequential damages, whether or not the Company has been advised of the possibility of such damages), arising from any failures, errors, malfunctions or omissions of Caller ID Blocking, whether or not arising from or relating to any ordinary negligence by the Company.

1.6 Directory Listings

- 1.6.1 The Company will, as a service to the Customer, arrange for listing of Customer's phone number in the local white pages telephone directories, such listing to consist of one line of standard type. The Company's liability with respect to directory listings is set forth in Section 1.5.7 preceding. Customer must contact its yellow pages representative concerning its advertising in yellow pages directories.
- 1.6.2 When a Customer with a non-published telephone number, as defined herein, places a call to Emergency 911 Service, the Company will release the name and address of the calling party, where such information can be determined, to the appropriate local governmental authority responsible for the Emergency 911 Service upon request of such governmental authority. By subscribing to service under this tariff, Customer acknowledges and agrees with the release of information as described above.
- 1.6.3 In conjunction with a non-published telephone number, the Company will not be liable for failure or refusal to complete any call to such telephone when the call is not placed by number. The Company will try to prevent the disclosure of such telephone number, but will not be liable should such number be divulged.
- 1.6.4 The Company shall not be liable for any act or omission concerning the implementation of presubscription as defined herein.

SECTION 1 – REGULATIONS (CONT'D)

1.7 Interruptions in Service

An interruption is deemed to have occurred when the phone lines of the underlying carrier are inoperative. If a Customer reports a facility, service or circuit to be inoperative but declines to release it for testing and repair, it is considered to be impaired, but not interrupted.

1.7.1 Temporary Suspension for Repairs

The Company's underlying provider shall have the right to make necessary repairs or changes in its facilities at any time and will have the right to suspend or interrupt service temporarily for the purpose of making the necessary repairs or changes in its system. When such suspension or interruption of service for any appreciable period is necessary, the Company will give the Customers who may be affected as reasonable notice thereof as circumstances will permit, and will perform the work with reasonable diligence, and if practicable at times that will cause the Customer the least inconvenience. When the Company's services are being repaired or changed, it shall take appropriate precautions to avoid unnecessary interruptions of Customer's service.

1.7.2 Credit Allowance for Interruptions

- A Interruptions of more than 24 hour periods which are reported to or detected by the Company, and which are not due to the negligence or willful act of the Customer are credited to the Customer at the pro rata monthly charge involved for each twenty-four hours or fraction thereof of interruption. Credit is not allowed for interruptions to service of less than 24 hours.
- B For calculating credit allowances, every month is considered to have 30 days. A credit allowance is applied on a pro rata basis against the monthly recurring charges specified thereunder for local line or local trunk service and is dependent upon the length of interruption. Only those facilities on the interrupted portion of circuit will receive a credit.

1.8.1 Customer Responsibility

The Customer shall be responsible for:

- (i) the payment of all applicable charges pursuant to this Tariff;
- (ii) providing a safe place to work and complying with all laws and regulations regarding the working conditions on the premises at which Company employees and agents shall be installing or maintaining the Company's services.

1.8.2 Claims

- A With respect to any service provided by the Company, Customer shall indemnify, defend and hold the Company harmless from and against all claims, actions, damages, liabilities, costs and expenses, including reasonable attorney's fees for:
- (i) Any loss, destruction or damage to property of the Company or any third party, or the death or injury to persons, including, but not limited to employees or invitees of either party, to the extent caused by or resulting from the negligent or intentional act or omission of the Customer, its employees, agents, representatives or invitees; or
 - (ii) Any claim, loss, damage, expense or liability for infringement of any copyright, patent, trade secret, or any proprietary or intellectual property right of any third party, arising from any act or omission by Customer, including, without limitation, use of the Company's services and facilities in a manner not contemplated by the agreement between the Customer and the Company.

1.8.3 Station Equipment

The Customer is responsible for providing and maintaining any terminal equipment on the Customer premises. The electric power consumed by such equipment shall be provided by, and maintained at the expense of, the Customer. All such terminal equipment must be registered with the FCC under 47 C.F.R., Part 68 and all wiring must be installed and maintained in compliance with those regulations. The Company will, where practicable, notify the Customer that temporary discontinuance of the use of a service be required; however, where prior notice is not practicable, nothing contained herein shall be deemed to impair the Company's right to discontinue forthwith the use of a service temporarily if such action is reasonable under the circumstances. In case of such temporary discontinuance, the Customer will be promptly notified and afforded the opportunity to correct the condition which gave rise to the discontinuance, credit allowance for service interruptions as set forth in Section 1.7.2 is not applicable.

1.8.4 Interconnection of Facilities

- A Any special interface equipment necessary to achieve compatibility between the facilities used by the Company for furnishing local exchange service and the channels, facilities, or the equipment of others may be provided at the Customer's expense. Customer shall be liable for damages resulting from Customer's use of non-compatible equipment.
- B Local services may be connected to the services or facilities of other communication carriers only when authorized by, and in accordance with, the terms and conditions of the tariffs of the other communication carriers which are applicable to such connections.
- C Services furnished under this tariff may be connected to Customer provided terminal equipment in accordance with the provisions of this tariff.

1.8.5 Inspections

- A Upon reasonable notification to the Customer, and at a reasonable time, the Company may make such tests and inspections as may be necessary to determine that the Customer is complying with the requirements set forth in this tariff for the installation, operation, and maintenance of Customer-provided facilities and equipment to Company-provided facilities. No credit will allowed for any interruptions occurring during such inspections.

- B If the protective requirements for the Customer-provided equipment are not being complied with, the Company may take such action as it deems necessary to protect its facilities, equipment, and personnel. The Company will notify the Customer promptly if there is any need for further corrective action. Within ten days of receiving this notice the customer must take this corrective action and notify the Company of the action taken. If the Customer fails to do this, the company may take whatever additional action is deemed necessary, including the suspension of service, to protect its facilities, equipment and personnel from harm. The Company will, upon request 24 hours in advance, provide the Customer with a statement of technical parameters that the Customer's equipment must meet.

SECTION 1 – REGULATIONS (CONT'D)

1.9 Payment Arrangements

The Customer is responsible for payment of all charges for services furnished by the Company to the Customer or its Authorized Users. Objections must be received by the Company within a reasonable period of time after receipt of bill, or all the charges shall be deemed correct and binding upon the Customer. If an entity other than the Company imposes charges of the Company, in addition to its own internal costs, in connection with a service for which a Company non-recurring charge is specified, those charges may be passed on to the customer.

1.9.1 Taxes and Surcharges

The Customer is responsible for the payment of any sales, use, excise, access or other local, state and federal taxes, charges or surcharges (however designated) excluding taxes on the Company's net income imposed on or based upon the provision of local exchange service, all of which shall be separately designated on the Company's invoices. Any taxes or surcharges imposed by a local jurisdiction (e.g. county and municipal taxes) will only be recovered from those Customers located in the affected jurisdictions. It shall be the responsibility of the Customer to pay any such taxes that subsequently become applicable retroactively.

1.9 Payment Arrangements (cont'd)

1.9.2 Bills and Collection of Charges

- A Bills will be rendered monthly to Customer. Fixed monthly recurring charges are billed in advance. Usage charges and minimum charges for service are billed in arrears. Customer shall be liable for all accrued local charges, directory charges, long distance charges and other charges arising prior to the service commencement date, as defined herein, and shall pay the Company for any such charges which may be assessed against the Company in any manner.
- B All service, installation, monthly recurring charges and non-recurring charges are due and payable upon receipt.
- C For new customers or existing customers whose service is disconnected, the charge for the fraction of the month in which service was furnished will be calculated on a pro rata basis. For this purpose, every month is considered to have 30 days.
- D Amounts not paid within 30 days after the date of invoice are considered past due. A late payment charge of 1.5%, or lower if required by law, per month shall apply to amounts shown on a monthly bill which remain after the due date. The late payment charge does not apply to any taxes the Company is required by law to levy on a customer. In the event the Company incurs fees or expenses, including attorney's fees, in collecting or attempting to collect any charges owed the Company, the Customer will be liable to the Company for payment of all such fees and expenses reasonably incurred.
- E A \$15.00 charge will be assessed for checks with insufficient funds or non-existing accounts.
- F If Customer chooses to place calls or receives calls via a non-Matrix Telecom affiliated carrier, the Company will not be liable for any charges related to such calls.

1.9 Bills and Collection of Charges (cont'd)

1.9.3 Disputed Bills

- A The Customer shall notify the Company of any disputed items on a bill within a reasonable period of time after receipt of the bill. The existence of a disputed amount does not relieve the customer of their obligation to pay current charges. If the Customer and the Company are unable to resolve the dispute to their mutual satisfaction, the Customer may file a complaint with the Commission in accordance with the Commission's rules of procedure.
- B The date of the dispute shall be the date the Company receives sufficient documentation to enable it to investigate the dispute.
- C The date of the resolution is the date the Company completes its investigation and notifies the Customer of the disposition of the dispute.
- D If after investigation and review by the Company, a disagreement remains as to the disputed amount, the customer may file an appropriate complaint with:

SECTION 1 – REGULATIONS (CONT'D)

1.10 Discontinuance of Service

The discontinuance of service by the Company pursuant to this section does not relieve the Customer of any obligation to pay the Company for charges due and owing for service(s) furnished during the time of or up to discontinuance of service.

Upon the Company's discontinuance of service to Customer pursuant to this section, all applicable charges, including termination charges, shall become due. This is in addition to all other remedies that may be available to the Company at law or in equity or under any other provision of this tariff.

1.10.1 Discontinuance of Service by the Company

- A The Company may discontinue or suspend service to Customer without prior written notice without incurring liability for the following reasons:
- (i) The existence of an obvious hazard to the safety or health of the consumer or the general population or the Company's personnel; or
 - (ii) The Company has evidence of tampering or evidence of fraud.

1.10.1 Discontinuance of Service by the Company (cont'd)

- B The Company may discontinue or suspend service to Customer upon no less than 5 days written notice without incurring liability for the following reasons:
- (i) Customer violation of any of the provisions of this tariff, and/or violation of the Commission's rules and regulations;
 - (ii) Failure to pay a bill for service;
 - (iii) Failure to meet or maintain the Company's credit and deposit requirements;
 - (iv) Failure of the Customer to provide the Company reasonable access to its equipment and property;
 - (v) Customer breach of contract for service between the Company and the customer;

1.10 Discontinuance of Service (cont'd)

1.10.2 Discontinua nce of Service by Customer

- A If Customer cancels a service order or terminates service before the completion of the term for any reason whatsoever other than a service interruption (as defined in 1.7), Customer agrees to pay to Company the following sums which shall become due and owing as of the effective date of the cancellation or termination and be payable within the period set forth in this tariff, all costs, fees, and expenses incurred in connection with:
- (i) all non-recurring charges reasonably expended by Company to establish service to Customer, plus
 - (ii) any disconnection, early cancellation or termination charges reasonably incurred and paid to third parties by Company on behalf of Customer, plus
 - (iii) all recurring charges specified in the applicable service order tariff for the balance of the then current term.

1.10.3 Ca ncellation of Application for Service

- A Where, prior to cancellation by Customer, the Company incurs any expenses in installing the service or in preparing to install the service that it otherwise would not have incurred, a charge equal to the costs the Company incurred, less net salvage, shall apply, but in no case shall this charge exceed the sum of the charge for the minimum period of services ordered, including installation charges, and all charges others levy against the Company that would have been chargeable to the Customer had service begun.
- B Applications for service may be cancelled prior to the start of service or prior to any special construction. No charges will be imposed except for those specified above.
- C The special charges described above will be calculated and applied on a case-by-case basis.

SECTION 1 – REGULATIONS (CONT'D)

1.11 Restoration of Service

When Customer's service has been disconnected in accordance with this tariff and the service has been terminated through the completion of a Company service order, service will be re-established only upon the basis of an application for new service.

1.12 Transfers and Assignments

Neither the Company nor the Customer may assign or transfer its rights or duties in connection with the services and facilities provided by the Company without the written consent of the other party, except that the Company may assign its rights and duties (i) to any subsidiary, parent Company affiliate of the Company; (ii) pursuant to any sale or transfer of substantially all the assets of the Company; or (iii) pursuant to any financing, merger or reorganization of the Company.

1.13 Notices and Communications

- A The Customer shall designate on the Service Order an address to which the Company shall mail or deliver all notices and other communications, except that Customer may also designate a separate address to which the Company's bills for service shall be mailed.
- B The Company shall designate on the Service Order an address to which the Customer shall mail or deliver all notices and other communications, except that Company may designate an address on the bill for service to which the Customer shall mail payment for that bill.
- C All notices or other communications required to be given pursuant to this tariff will be in writing. Notices and other communications of either party, and all bills mailed by the Company, shall have been presumed to have been delivered to the party on the third business day following the deposit of the notice, communication or bill with the U.S. Mail or a private delivery service, prepaid and properly addressed, or when actually received or refused by the addressee, whichever occurs first.
- D The Company or Customer shall advise the other party of any changes to the addresses designated for notices, other communications or billing, by following the procedures for giving notice set forth herein.

(CONT'D)

2.2 Features

2.2.1 General

The following features will be available on all lines. Not all features are compatible with certain key sets and PBX systems.

A Call Forward

This optional feature allows all calls directed to a telephone number to be routed to a user defined telephone number. The user is charged any applicable usage charges for the re-routed call. The user can activate/deactivate Call Forward and define a telephone number where all calls will be forwarded. Calls cannot be forwarded to an International Direct Distance Dialing (IDDD) number.

B Call Forward Busy Line

This optional feature forwards calls to a busy station to a predetermined number. Calls cannot be forwarded to an International Direct Distance Dialing (IDDD) number. The user is charged any applicable usage charges for the forwarded call.

C Call Forward Don't Answer

This optional feature allows users to re-route a call to a predetermined station in the event that the call is not answered within a customer-specified number of rings. Users are charged for any applicable usage charges on the forwarded call.

D Call Return

Allows a customer to automatically redial the telephone number of the last incoming call to that line, regardless of whether the call was answered, unanswered, or busy. After the recall is activated, and unless the number is blocked as described below, an announcement of the number is provided to the customer, who then has the choice of either continuing the recall by entering a code, or terminating the recall by hanging up. If the redialed number is busy, a distinctive ring alerts the customer when the number becomes available. If the telephone number of the last incoming call has been blocked through the use of a service such as Caller ID Blocking, the number cannot be redialed.

2.2 Features

2.2.1 General

E Call Trace

Call Tracing allows for the identification and recording of the telephone numbers of some or all of the incoming calls to the telephone line of a customer.

F Call Transfer

Allows Customer to transfer an incoming call to a third party or to add a third party to an existing call, forming a three-party connection. The original party can then leave the call without disconnecting the other parties. Calls can be transferred to any number in the North American Dialing Plan (1-NPA-NXX-XXXX type numbers).

G Call Waiting

Provides a tone to notify customer on an existing call that a second call is waiting.

H Caller ID

Allows for the automatic delivery of a calling party's number to the called customer. The telephone number is displayed on customer-provided equipment.

I Continuous Redial

Allows a customer to automatically redial the last telephone number dialed. If the called number is busy, the number is redialed for a limited period of time.

J Direct Connect Line

Allows a customer to automatically dial a pre-designated number whenever the originating telephone goes off-hook. This feature is assigned to a phone which is used only for this purpose.

2.2 Features

2.2.1 General

K Hunting

This optional feature routes a call to an idle line in a prearranged group when the called telephone number is busy. Typically this feature is used with the customer's main telephone number and several subtending lines so that the customer can receive calls on several lines, although all calls are placed to the same number. Hunting will not work with Call Forward Busy and Don't Answer

L Remote Call Forward

Allows the Customer to automatically forward calls from one telephone number to another. The Customer is charged any applicable usage charges on the forwarded call.

M Third Number/Collect Blocking

Allows a Customer to block calls from being billed to individual stations, either on a third-number basis, or on a collect basis.

N Three Way Calling

Allows a user to add a third party to an existing conversation without expensive conferencing equipment. This feature also allows a user to place a call on hold in order to make a consultation call on the same line. When the consultation call is completed the user hangs-up or depresses the flash key on the telephone and is reconnected to the original conversation.

O Toll Blocking

Allows the user to restrict long distance outgoing calls on each line equipped.

2.3 Directory Listings

2.3.1 Description

Directory listings will be provided in accordance with Section 1.6 of this tariff. The following types of listings are available:

- A **Primary Listing.** A primary listing contains the name of the Customer, or the name under which business is regularly conducted, as well as the address and telephone number of the Customer. Primary listings are provided at no charge;
- B **Additional Listings.** Additional listings are available only in the names of Authorized Users of the Customer's service, as defined herein;
- C **Non-Published Listings.** Non-published listings are not printed in directories nor are they available from directory assistance. Non-published listings are subject to the provisions set forth in Sections 1.2 and 1.6;
- D **Non-Listed Numbers.** Non-listed numbers are those which provide for the omission or deletion of the Customer's listing from the telephone directory. Such listings are available from directory assistance;
- E **Foreign Listings.** A foreign listing is one which is published in a directory not in the Customer's immediate calling area.
- F **Extra Line Listings.** Provides additional information after a main or additional listings.
- G **Cross Reference Listing.** This provides a reference to another listing in the same directory.

2.5 Operator Services

2.5.1 General

The Customer has the option of contacting the incumbent local exchange company operator for general information, such as dialing instructions, country or city codes, area code information and Customer Service 800 numbers. The Customer may obtain the assistance of an incumbent local exchange operator to complete local exchange telephone calls in the following manner:

- A **Third Party Billing.** Provides the Customer with the ability to charge a local call to a third number which is different from the called or calling party. The party answering at the third number has the option to refuse acceptance of the charges in advance or when queried by the operator.
- B **Collect Calls.** Provides the Customer with the capability to charge a call to the called party. On the operator announcement of a collect call, the called party has the option to refuse acceptance of charges in advance or when queried by the operator.
- C **Person to Person.** Calls completed with the assistance of an operator to a particular Station and person specified by the caller. The call may be billed to the called party.
- D **Station to Station.** Calls completed with the assistance of an operator to a particular Station. The call may be billed to the called party.
- E **Busy Line Verification.** Provides the customer with the verification that a line is busy and not otherwise disrupted.
- F **Busy Line Interrupt.** Provides the customer with the option of interrupting a line that has been verified to be busy.

2.7 Service Restoration Charge

When service has been discontinued in accordance with the provisions of this tariff, and Customer wishes to restore service, a Service Restoration Charge will apply.

2.8 Vanity Number

When a customer requests a specific number (e.g. 555-TOYS), and the number is available, a charge will apply when the Company provides the service of retrieving and providing said number.

2.9 Private Branch Exchange (PBX) Service

2.9.1 Description

The Company's PBX Service uses PBX Trunks to connect to a customer PBX system or other similar equipment. This service provides customers with unrestricted local calling and carrier access. The Company treats these trunks similar to individual exchange lines and supports multi-line hunting over a group of trunks.

2.9.2 Rearrangement of PBX Service

A non-recurring per account charge will apply to effect changes to a PBX trunking arrangement. Such changes may include, but are not limited to, trunk hunting sequence, a change in signaling arrangement, etc. These Rates can be found in Sections 4 herein.

2.10 Direct Inward Dial (DID) Service¹

2.10.1 DID Service is an optional feature which can be purchased in conjunction with Company-provided PBX trunks. DID Service transmits the dialed digits for all incoming calls allowing the Customer's PBX to route incoming calls directly to individual stations corresponding to each individual DID number. Charges for DID central Office termination and DID number blocks apply in addition to charges specified for PBX Trunks. One additional termination charge applies for each DID-equipped PBX Trunk. Telephone numbers are furnished in blocks of 20. Blocks of number groups will be determined at the sole discretion of the Company's resources. Whenever possible, the Company will attempt to provide telephone numbers arranged consecutively in a group, but will not guarantee nor accept responsibility for provision of such an arrangement within or between a block of numbers. In addition, the Company reserves the right to review vacant DID stations or stations not in use to determine efficient telephone number utilization. Should the Company determine, based on its own discretion, that there is inefficient number utilization, the Company may reassign the DID numbers.

¹ Where all numbers in a group have not been connected for service, the Customer is responsible for providing interception of calls to vacant or non-working assigned station lines or telephone numbers by means of attendant intercept or recorded announcement service. The Company will not terminate these numbers to an intercept message on the Customer's behalf.

2.12 Measurement of Service

2.12.1 When charges for calls are mileage sensitive, airline mileage is computed as described below. Calls are measured and rounded to the higher full minute from the serving wire center of the Customer's originating location to the serving wire center of the destination of the call, regardless of Company routing. The distance between the serving wire center origination point and that of the destination point is calculated by using the "V" and "H" coordinates as defined by Bell Communications Research (BellCore) and NECA Tariff FCC No. 4 in the following manner:

Step 1 Obtain the "V" and "H" coordinates for the originating and terminating wire centers.

Step 2 Obtain the difference between the "V" coordinates of each of the serving wire centers. Obtain the difference between the "H" coordinates.

Step 3 Square the differences obtained in Step 2.

Step 4 Add the squares of the "V" difference and "H" difference obtained in Step 3.

Step 5 Divide the sum of the squares obtained in Step 4 by ten (10). Round to the next higher whole number, if any fraction results.

Step 6 Obtain the square root of the whole number obtained in Step 5. Round to the next higher whole number, if any fraction is obtained. This is the airline mileage of the call.
