Public Notices

PUBLIC NOTICE

All members of the public please take notice that on January 4, 2007, Lynwood Utility Corporation filed a Petition to change and increase its rates and charges for sewer service with the Tennessee Regulatory Authority. The monthly sewer service rate changes and increases have been proposed because the utility's existing rates do not produce sufficient revenue to permit the utility to meet its operating expenses and earn a reasonable rate of return on its investment in utility plant which are necessary for the utility to operate its sewer system in accordance with all requirements of the Tennessee Regulatory Authority and the Tennessee Department of Environment and Conservation. No hearing date has been set for the Petition, but the utility anticipates a hearing on its Petition will be set in late May of 2007. The proposed rate revisions are set forth as follows:

Monthly Sewer Service Rate - Residential - The utility proposes to increase the residential monthly sewer service rate from \$5.77 per 1,000 gallons of flow per month as measured by water usage to \$7.78 per 1,000 gallons of flow per month as measured by water usage. The minimum monthly bill of \$15.00 will not change. These rate changes will result in an increase in the average residential customer's monthly bill from \$43.28 to \$58.35.

Monthly Sewer Service Rate - Commercial - The utility proposes to increase the commercial monthly sewer service rate from \$7.21 per 1,000 gallons of flow per month as measured by water usage to \$9.72 per 1,000 gallons of flow per month as measured by water usage. The minimum monthly bill of \$20.00 will not change. The District has no commercial customers at the present time.

Monthly Sewer Service Rate - School. The utility proposes to increase the monthly sewer service rate for the school it serves from \$787.00 to \$1,061.50.

Tap Fees - No change.

Sewer Connection Fee - No change.

Return Check Fee - No change.

A complete copy of the proposed tariff changes and the reasons for them are on file with the Tennessee Regulatory Authority and are open to public inspection.
