Re: Lynwood Utility Corporation
Docket No. 07-00007

Dear Mr. Scholes:

This letter confirms the August 22, 2007 conversation between Ron Graham of the Utilities Division of the Tennessee Regulatory Authority ("Authority") and Tyler Ring, President of Lynwood Utility Corporation ("Lynwood"). The conversation concerned how to resolve problems with Lynwood's wastewater treatment plant in Williamson County, Tennessee that have resulted in odor complaints to the Authority. Mr. Graham requested that Lynwood provide the following documentation:

1. Any studies & recommendations by outside companies.
2. Copies of all complaints received by the company.
3. A report on the corrective action that Lynwood has taken or proposes to take.
4. Copies of correspondence that informs Lynwood's customers who complained of odor problems and the Authority of the date by which the problems will be resolved.
5. A report on proposed future monitoring and notice to the Authority regarding odor problems.

Please return such documentation by August 30, 2007.

Very truly yours,

Aaron Rochelle, Counsel
