Dear Chairman Kyle:

Atmos respectfully requests that the effective date for the proposed changes to the Company's Transportation tariff be moved to from February 9, 2007 to April 1, 2007. Atmos intends to notify, by letter, all customers which may be affected by the proposed change in order to comply with TRA – General Public Utility rule 1220-4-1-.05. These customer notification letters will be mailed no later than Monday February 15, to provide sufficient notice prior to the effective date of the revised tariff. Thank you for your consideration of this request.
