NOTICE OF FILING

Docket No.: 07-00020

Re: *Atmos Energy Corporation's Tariff Filing to Modify and Add Language Regarding Transportation Service (Tariff No. 2007-0021)*

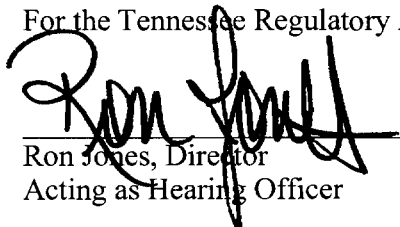

Date: December 4, 2007

The procedural schedule adopted in the *Order Establishing Procedural Schedule, Granting Interventions, and Suspending Tariff* filed on October 2, 2007, provided that the parties should file motions to compel discovery on November 30, 2007, and responses to motions to compel discovery on December 5, 2007. On December 3, 2007, the Atmos Intervention Group ("AIG") filed a *Motion to Compel*. In its cover letter, AIG requests permission to submit its late-filed *Motion to Compel*. In an e-mail sent to the Hearing Officer and the parties of record, AIG further stated, in its entirety:

Director Jones, AIG just filed a Motion to Compel regarding one question asked in Docket 07-00020. Along with the Motion I filed a cover letter asking for permission to file the motion even though it is one business day late. Without waiving their right to object to the late filing, AEC has asked that my cover letter note that, if the Motion is allowed, AEC should also be granted additional time to respond to the substance of the Motion. AIG concurs and would like to add that to the letter.....recognizing again that this does not mean that AEC has agreed to the late filing. Henry Walker

In an effort to maintain the existing procedural schedule and to afford Atmos Energy Corporation additional time to respond, Atmos Energy Corporation shall have until **Thursday, December 6, 2007**, unless otherwise requested, to respond to the request for permission to accept the late-filed *Motion to Compel* and the substance of the *Motion to Compel*.
