MEMORANDUM FOR RECORD

TO: DOCKET NO. 07-00054 - TARIFF FILING BY BELL SOUTH TO ESTABLISH RATES FOR 811 ABBREVIATED DIALING SERVICE (TARIFF 07-00074)

FROM: Lewis De Board, Utility Rate Specialist

DATE: March 1, 2007

Staff contacted BellSouth to clarify that BellSouth had coordinated this matter with Tennessee's One Call system. BellSouth assured Staff that it had worked closely with the One Call system Staff, and that they were very aware of the tariff filing and the rates being proposed in the tariff. BellSouth stated that the One Call Staff was awaiting approval of the tariff to implement the "811" dialing code, and had provided BellSouth with the preferred point-to number for BellSouth to use when programing its switches and translations.

2007074

Dear Chairman Kyle:

SUBJECT: Filing to Establish 811 Service

Attached is the following tariff filing of BellSouth® Telecommunications, Inc., issued February 20, 2007. We request that this tariff be effective March 12, 2007.

General Subscriber Services Tariff

Section A13	Contents	Seventeenth Revised Page 8
		First Revised Page 77.12
		Original Page 77.13

This tariff establishes 811 service for Tennessee Call B4 You Dig as required by the FCC's Sixth Report and Order in CC Docket No. 92-105. Cost support data is also included under proprietary cover. Additional details can be found in the enclosed executive summary.

We appreciate your returning a receipted copy as evidence of this tariff filing. Please call Kathy Sager at 214-4150 if you have any questions or wish to discuss.

Yours truly,

A handwritten signature in cursive script that reads "Kathy Sager (K)".

cc: Ms. Shirley Frierson

EXECUTIVE SUMMARY

Description of Proposed Tariff

This General Subscriber Service Tariff filing is prepared in compliance with the FCC's Sixth Report and Order in CC Docket No. 92-105, which designated "811 as the national abbreviated dialing code to be used by state One Call notification systems for providing advanced notice of excavation activities to underground facility operators in compliance with the Pipeline Safety Improvement Act of 2002 (the Pipeline Safety Act)." One call notification is a communication system established by operators of underground facilities and/or state governments to provide a means for excavators and the general public to notify facility operators in advance of their intent to engage in excavation activities.

811 Call Before You Dig Service ("811") is a three (3) digit local dialing arrangement used for the One Call Center. Callers who dial 811 will be routed to the call center via the local 7 or 10 digit or a toll free "point-to" number selected by the One Call Center. There will be no charge to the end user dialing 811.

The proposed effective date of this filing is March 12, 2007.

A13. MISCELLANEOUS SERVICE ARRANGEMENTS

A13.83 811 CALL BEFORE YOU DIG SERVICE

A13.83.1 General

- A. 811 Call Before You Dig Service ("811") is a three (3) digit local dialing arrangement used for the One Call Center. One call notification is a communication system established by operators of underground facilities and/or state governments to provide a means for excavators and the general public to notify facility operators in advance of their intent to engage in excavation activities. (N)

This service is provided pursuant to the Federal Communications Commission's (FCC's) Sixth Report and Order in CC Docket No. 92-105, which designated "811 as the national abbreviated dialing code to be used by state One Call notification systems for providing advanced notice of excavation activities to underground facility operators in compliance with the Pipeline Safety Improvement Act of 2002 (the Pipeline Safety Act)." (N)

- B. Callers who dial 811 will be routed to the call center via the local 7 or 10 digit or a toll free "point-to" number selected by the One Call Center. There will be no charge to the end user dialing 811. (N)

- C. Access to 811 is not available to the following: (N)

- Hotel/Motel/Hospital Service (N)

- 1+ (N)

- 0+, 0- (Credit Card, Third-Party Billing, Collect Calls) (N)

- Inmate Service (N)

- 101XXXX (N)

- Cellular - Type 2A (N)

- Independent Telephone Companies (ICOs) (N)

In addition, operator assisted calls to the 811 subscriber will not be completed. (N)

- D. 811 will be assigned on a central office-by-central office basis, as facilities permit. 811 will be provided under the following conditions. (N)

1. The customer will subscribe to adequate telephone facilities initially and subsequently as may be required, in the judgment of the Company, to adequately handle calls to 811 without impairing the Company's general telephone service or telephone plant. (N)

2. Calls to a disconnected Public Dialing Service code (including 811) will be routed to intercept announcement facilities for a maximum of sixty (60) days. The announcement provided may refer the caller to another telephone number. (N)

3. Provision of recorded messages and/or announcements associated with 811 Call Before You Dig Service is the sole responsibility of the 811 subscriber. (N)

4. In no event shall the Company be liable for any losses or damages of any kind resulting from the unavailability of its equipment or facilities or for any act, omission or failure of performance by the Company, or its employees, or agents, in connection with this service. The Company shall not be responsible for calls that cannot be completed as a result of repair or maintenance difficulties on Company facilities and equipment nor on equipment owned or leased by the subscriber. (N)

A13.83.2 Rates and Charges

- A. Application of Rates (N)

1. 811 subscribers will pay the normal charges for their local exchange access arrangements (e.g., PBX trunks, Centrex Type Services, lines, etc.) used for transporting and terminating messages at the 811 subscriber's designated premises. (N)

2. Applicable service order charges as specified in Section A4. will apply, in addition to the following rates. (N)

3. Suspension of 811 as covered in Section A2. is not applicable for this service. (N)

4. A Central Office Activation charge will apply per central office switch translated to the lead number. (N)

5. A charge will apply to changes to the point-to number at the subscriber's request, per 811 Dialing Service, per central office switch. (N)
