RE: Docket No. 07-00056, *Application of AmeriMex Communications Corp. to Amend its Certificate of Convenience and Necessity to Include Facilities-Based Competing Local Telecommunications Services in Tennessee.*

Dear Mr. Roesel:

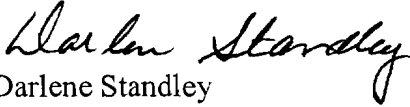

CLEC applicants are required, by statute, to demonstrate their managerial, financial and technical abilities to provide the services for which they seek authority. To assist the Authority in its review of AmeriMex Communications Corp.'s application to amend its Certificate of Convenience and Necessity to include facilities-based competing local telecommunications services in Tennessee, you are requested to provide the following information:

1. A written certificate of service for the notice of this application to all eighteen incumbent local exchange telephone companies in Tennessee with a statement regarding the company's intention of operating in the state.
2. A signed and notarized verification statement that all information contained in the application is true and correct to the best of the applicant's knowledge.
3. Will AmeriMex Communications Corp. provide access to 911 and E911 emergency services, white page directory listings and directory assistance, consumer access to and support for the Tennessee Relay Center in the same manner as incumbent local exchange telephone companies, free blocking for 900/976 type services, Lifeline and Link-Up services to qualifying citizens of this state and educational discounts in existence as of June 6, 1995 in accordance with TRA Rule 1220-4-8-.04(3)(b)?
4. Identify all complaints filed with state and federal regulatory agencies involving your company. Identify the nature of the complaint, which governmental agency received the complaint, and how the complaint was resolved.
5. Will the service provided be prepaid? Will deposits be required? If so, what amount will be required?
6. Provide additional information regarding the duties/responsibilities for the day to day operations of AmeriMex for the individuals profiled in Exhibit D. Detail past experience of the individuals in performing those duties/responsibilities.

7. Provide more recent financials than years ended 2004 and 2005, including Statement of Cash Flows. Also include any disclosures required by generally accepted accounting principals.
8. Detail the types of service to be provided. Be more specific than "a broad variety" of local exchange services. Will AmeriMex use its own facilities, resold facilities or a combination of both to provide service? Will Amerimex offer interexchange services to Tennessee customers?
9. What is the name and telephone number of the employee responsible for working with the TRA in resolving customer complaints? The application indicates both Dezi Farah and Don Aldridge.
10. Provide projected financial statements for AmeriMex and a three (3) year capital expenditures budget including equipment to be deployed, cost of equipment, sources of funding for Tennessee network, equipment and/or unbundled network elements.
11. Provide a sample bill.

Please provide the above information by April 5, 2007. In accordance with TRA Rules, please submit either (1) thirteen written copies of your response or (2) four written copies and an electronic version. Also reference the docket number 07-00056 on the response. If you have questions concerning this request or need additional information, please contact Lisa Foust at 615-741-2904 extension 220.

Sincerely,
