Ms. Darlene Standley, Chief Utilities Division Tennessee Regulatory Authority 460 James Robertson Parkway Nashville, Tennessee 37219

filed electronically in docket office on 06/08/09

Dear Ms. Standley:

We are in receipt of your letter of May 21st requesting additional information on Integrated Resources Management's ("IRM's" or "the Company's") accounting of escrow transactions for calendar year 2008. Please consider this letter as our response to your request.

1. Provide copies of monthly bank statements for each month in 2008 for the Reserve Escrow Account.

Company Response:

See attached.

2. Provide the number of Residential customers and the number of Commercial customers separately at December 31, 2007 and December 31, 2008.

Company Response:

	2007	2008
Residential	29	57
Commercial	4	5
Total	33	62

3. Provide a reconciliation of the ending balance in the Escrow Account at December 31, 2008 as shown on the Escrow Schedule, the Bank Statement, and the Escrow Deposits reported on the Balance Sheet.

Company Response:

See attached for reconciliation between Escrow Schedule and Balance Sheet. Refer to Item #1 above for the reconciliation to the December 2008 Bank Statement.

4. Provide a written explanation of each withdrawal from the Escrow Account during 2008, including invoices and vendor receipts supporting each withdrawal.

Company Response:

See attached.

5. Explain in detail what the Company's Escrow Schedule filed with the Annual Report attempts to show. Staff does not understand why the "Escrow required for Books" differs from the "Escrow provided per Bank." Provide an escrow schedule indicating only the 2008 beginning balance, each monthly deposit and each monthly withdrawal from the escrow account and the resulting balance at the end of each month of 2008.

Company Response:

The Company's Escrow Schedule, filed along with its Annual Report to the TRA, is intended to meet the requirements of the TRA's Order in Docket 07-00061.

The section of the Escrow Schedule that is captioned as "Escrow Required Per Books" represents the **monthly accrual** of the Company's escrow liability. This monthly accrual represents approximately 29% of the Company's revenue from continuing operations.

The section of the Escrow Schedule that is captioned as "Escrow Provided Per Bank" represents the escrow liability that has actually been <u>funded</u> in a separate bank account. The Company uses a modified cash basis of accounting system. Because of the timing of when revenues are recorded, there is a resulting lag between the time that the escrow liability is accrued and when it is funded. This lag represents the difference between "Escrow Provided Per Bank" and "Escrow Required Per Books".

I hope that these responses clear up this matter to your satisfaction. If you have any further questions, please let me know.

Sincerely,

Jeffrey W. Cox, Sr.

President
