Docket No. 07-00094, Application of Consumer Telcom, Inc for Certificate to Resell Telecommunications Services in Tennessee

Information Request Response

1. [Provide] [a] list of complaints filed with any state regulatory agency in states where Consumer Telcom, Inc. is conducting business, along with a brief description of the nature of the complaint and how it was resolved. Also include information for any FCC complaints against Consumer Telcom.

Response: Consumer Telcom, Inc. receives periodic consumer complaints filed through state regulatory utility commissions, consistent with those received by virtually all carriers. Since its inception, the Company has received a total of 112 complaints, 93 from state regulatory utility commissions, and 19 from the Federal Communications Commission. Of state complaints, 36 pertained to slamming and 57 to billing-related matters; of the federal complaints, 7 pertained to slamming and 12 to billing-related matters.

In all instances, the complaints were resolved. Following investigation and the provision of documentation supporting the Company's actions, the Company in many instances refunded or credited funds to subscribers for billing-related complaints, in an effort to satisfy the subscriber, despite the subscriber's erroneous allegations. Consumer Telcom, Inc. has not been the subject of any regulatory utility commission enforcement action in the nearly nine years since the company was formed.

2. The Application indicates [that] Consumer Telcom plans to market its services using in-house telemarketing staff. Is Consumer Telcom, Inc. aware of Tenn. Code Ann § 65-4-404 prohibiting telephone solicitations to persons objecting to such calls? Will Consumer Telcom, Inc. comply with Tenn. Code Ann. § 65-4-405(d)(1) as well as § 65-4-404?

Response: Consumer Telcom, Inc. hereby avers that it is aware of, and will comply with the provisions of Tenn. Code Ann. §§ 65-4-404 and 65-4-405(d)(1). The Company further complies with applicable federal regulation including purchases of current "Do Not Call" lists. Further, the Company readily complies with called party requests to be removed from Company purchased listings when upon request, even if the called party's name did not appear on a "Do Not Call" list. Consumer Telcom, Inc. is completing the Telephone Solicitor Application Form, which will be used for its Tennessee operations.

3. Will Consumer Telcom, Inc. be utilizing the local telephone company's billing system or billing customers directly? If consumer Telcom, Inc. will be billing customers directly, please provide a sample bill.

Response: Consumer Telcom, Inc. engages BSG Clearing Solutions (http://www.bsgclearing.com/) to bill subscribers through the subscriber's incumbent local exchange carrier billing system. BSG Clearing Solutions is used by several incumbent local exchange carriers, including AT&T, Inc.

4. Please provide further information regarding the technical and managerial qualifications of Consumer Telcom, inc. Provide a listing of key technical and managerial personnel and a description of their education and previous telecommunications experience. Also describe what the day-to-day duties/responsibilities of these employees will be in regard to Consumer Telcom, Inc.'s Tennessee operations.

Response: Consumer Telcom, Inc.'s business model is based on maintaining a minimum of in-house staff and outsourcing as many functions as possible to experienced professional entities. As noted, billing is outsourced to incumbent carriers through BSG Clearing Solutions arrangements. Information Technology and customer service functions are also outsourced to companies with ample functional and telecommunications experience. Beyond in-house telemarketing and sales people who serve in operational roles, Mr. Nicotra retains responsibility for company operations and profitability. No other "key" individuals are employed by the Company. This business model has served Consumer Telcom, Inc. well, and enabled to operate profitability. The Company's entry into the Tennessee market, is simply an incremental extension of the Company's current operations.
