Re: Applewood Communications – Docket #07-00154 – Request for Extension

This letter is to let you know that Applewood Communications is still working on fulfilling the requirements to become certified with the Tennessee Regulatory Authority. I, Dustin Boggs, have recently been appointed to make every attempt necessary to comply with each and every filing requirement in a timely manner, and ask that Applewood be granted an extension for completing our application.

In the past, the Regulatory Authority has been in contact with Mrs. Laura Terry with Applewood Communications regarding our application, and the hold-up on this process is due to the bond requirement. We have applied for the required bond, and are awaiting approval of our application.

Enclosed with this original letter are thirteen (13) exact copies. Thank you for your patience with us throughout this process, and I look forward to working with you to help clear this matter up quickly.

Thank you,

Dustin Boggs
