)	
TO DETERMINE THE)	DOCKET NO. 07-00179
RESERVE/ESCROW REQUIREMENT)	
FOR LYNWOOD UTILITY)	
CORPORATION PURSUANT TO TRA)	
RULE 1220-4-12-.07(8))	

**SUPPLEMENTAL RESPONSE TO TENNESSEE REGULATORY AUTHORITY
DATA REQUEST**

To: Darlene Standley, Chief
Utilities Division
Tennessee Regulatory Authority
460 James Robertson Parkway
Nashville, TN 37243-0505

The following is the Supplemental Response to the Data Request from Tennessee
Regulatory Authority (TRA) Advisory Staff:

INFORMATION REQUEST

1. Please complete the following table for the composite collection and treatment
systems owned by your Company.¹

¹ Information regarding service life and original total booked cost should be provided only for those systems that are completed and currently serving customers. Information requested is for total company, not by separate wastewater system territories.

Average Service Life – Expected service life in years that the Company uses to calculate depreciation for each category of plant in service as reflected in the annual report filed with the Authority.

Remaining Service Life – The weighted average remaining service life of the collection system plant and the treatment system plant whose individual components may have a different remaining service life based on the year the component was placed into service.

Original Cost – The total booked cost of all components associated with the system.

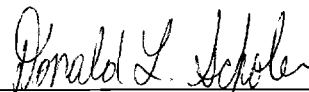

Other Systems – Other plant accounts maintained by the Company that are not part of either the Collection System or Treatment System.

RESPONSE:

	Average Service Life (Yrs.)	Remaining Service Life (Yrs.)	Original Cost (\$)
Collection System	20	14.51	\$ 370,953
Treatment System	20	7.95	\$ 2,596,753
Other Systems	N/A	N/A	N/A

Dated August 28, 2007.

Respectfully submitted,

DONALD L. SCHOLES BPR #10102
